1 *“We of this mighty western Republic have to grapple with the dangers that spring from*
2 *popular self-government tried on a scale incomparably vaster than ever before in the*
3 *history of mankind, and from an abounding material prosperity greater also than*
4 *anything which the world has hitherto seen.*

5 *As regards the first set of dangers, it behooves us to remember that men can never escape*
6 *being governed. Either they must govern themselves or they must submit to being*
7 *governed by others. If from lawlessness or fickleness, from folly or self-indulgence, they*
8 *refuse to govern themselves then most assuredly in the end they will have to be governed*
9 *from the outside. They can prevent the need of government from without only by showing*
10 *they possess the power of government from within. A sovereign cannot make excuses for*
11 *his failures; a sovereign must accept the responsibility for the exercise of power that*
12 *inheres in him; and where, as is true in our Republic, the people are sovereign, then the*
13 *people must show a sober understanding and a sane and steadfast purpose if they are to*
14 *preserve that orderly liberty upon which as a foundation every republic must rest.”*

15 *[President Theodore Roosevelt; Opening of the Jamestown Exposition; Norfolk, VA, April*
16 *26, 1907]*

18 *Mr. Logan: "...Natural laws can not be created, repealed, or modified by legislation.*
19 *Congress should know there are many things which it can not do..."*

21 *"It is now proposed to make the Federal Government the guardian of its citizens. If that*
22 *should be done, the Nation soon must perish. There can only be a free nation when the*
23 *people themselves are free and administer the government which they have set up to*
24 *protect their rights. Where the general government must provide work, and incidentally*
25 *food and clothing for its citizens, freedom and individuality will be destroyed and*
26 *eventually the citizens will become serfs to the general government..."*

1.1 Purpose

The purpose of this document is the following:

1. To define sovereignty.
2. To define the extent of your legal rights and the legal mechanisms by which you surrender them, so that you can learn to avoid surrendering them or rescind any past efforts to surrender them.
3. To provide legal authorities useful in defending your sovereignty.
4. To show you how to administratively defend your rights WITHOUT being subject to federal legislative jurisdiction.
5. To provide procedures and forms that you can modify and reuse in your own quest for sovereignty.

This document is a work in progress that has taken eight years to develop and continues to develop and improve. It will improve faster if you submit any research to us which you develop that might correct any errors you find or fill in holes in our analysis and execution. We therefore encourage you to send us your feedback by joining the Family Guardian Forums below and posting your errata and suggestions to the forums.

<http://famguardian.org/forums/>

We will not exhaustively define your rights here. We cover this only briefly in section 3.9. If you want complete treatment, refer to chapter 4 of the following, entitled “Know Your Citizenship Status and Rights”, which is available for free below:

Great IRS Hoax, Form #11.302
<http://sedm.org/Forms/FormIndex.htm>

The remainder of this chapter will give you the basics of sovereignty. If you want more details, please read the above document.

If you would like a simplified, abbreviated version of this document that is one twentieth the size, please see:

1.2 HELP! What can I do given my situation?

“Liberty lies in the hearts of men and women; when it dies there, no constitution, no law, no court can save it, no constitution, no law, no court can even do much to help it”
[Learned Hand (1872-1961)]

Let’s face it: Most people just do not have the time or inclination to research tax law as thoroughly as we have here *before* they try something. This means they may get themselves backed into a corner with the IRS and want some “quick fix” triage options for dealing with their specific tax situation. This section shall attempt to provide a menu of recommended actions based on the most common tax situations people might encounter. It is not intended to be an all-inclusive list, but rather to provide a place to start for people who need immediate action and don’t have time to read this ENTIRE rather large book before they take action to correct their specific problem. Once again, we remind you that the content of this book should never be regarded as a substitute for your own detailed research, study, and conclusions and *what we provide here is not intended in any way, shape, or form to be legal advice*. We are simply giving you some information useful in drawing your own conclusions about how to apply the law to the facts of your situation.

Before we present these options, we’d like to remind people like you who got themselves in such a mess of the following:

1. Devote as much time as you can to reading as much of this book as you can before you get much further into dealing with the IRS.
2. Avoid the tendency to procrastinate in the future. *If you think you are in trouble now, you’ll be in a whole lot more trouble in the future if you continue to procrastinate and/or ignore your problems with the IRS until the last minute.*
3. Fighting for tax freedom and tax honesty is not for the weak-minded or those who don’t have strong opinions. If you are concerned about “political correctness” or offending people because of your convictions, then this book is *not* for you. Instead, your future will be dictated by your government and by majority vote of your fellow misinformed socialist

1 citizens. Learn to be a faithful and passive slave and sit idly by as your government tramples your rights and makes your
 2 children into financial slaves and peons to pay off debts run up during your lifetime. Sell your children into slavery by
 3 giving them social security numbers and claiming them as tax deductions as you pay income taxes you aren't liable for.

- 4 4. Please try to keep an open mind and learn to question *absolutely everything*. Some people may classify you as "high
 5 maintenance" or difficult to get along with, but that's the only way you can ever expect to maintain and preserve your
 6 rights and liberties under the law and keep especially your government in check.
- 7 5. Knowledge, wisdom, faith in God, and personal discipline are your *only* sources of power against the IRS, and they are
 8 the *only* way you will get yourself out of this mess over the long term. Hiring or trusting a so-called "expert", in most
 9 cases, will get you into *more* trouble, not less, because such persons, in most cases, have been educated in the government
 10 schools and deluded by their government just as badly as you were before you picked up this book and started reading
 11 it. You have to get used to the idea that freedom is not a spectator sport or a passive activity. Along these lines, it has
 12 been said that:

13 *He is truly a Fool who trusts his:*

- 14 1. Soul to a Preacher !
 15 2. Health to a Doctor !
 16 3. Right's to a Lawyer !
 17 4. Freedom to a Politician !
 18 5. Money to a Banker !
-

19 **Free government is founded in jealousy, and not in confidence. It is jealousy and not confidence which**
 20 **prescribes limited constitutions, to bind down those whom we are obliged to trust with power...** *Our Constitution*
 21 *has accordingly fixed the limits to which, and no further, our confidence may go...* **In questions of power, then,**
 22 **let no more be heard of confidence in man, but bind him down from mischief by the chains of the Constitution."**
 23 *[Thomas Jefferson: Draft Kentucky Resolutions, 1798. ME 17:388]*

- 24 6. Try to help your children to avoid getting them into the mess you are in by educating and empowering them with the
 25 content of this book long BEFORE they need it. It's the best way we know of to show how you love your children and
 26 they will thank you for it when they get older.

27 We will now provide a *simple* index of options for emergency use by patriots who are in trouble with the IRS and need
 28 *immediate solutions*. This index is based on questions that people ask us all the time about the book:

1.4 Sovereignty=Self ownership

If one accepts the fundamental truth that each of us owns himself, and ponders all the things which logically follow from that simple concept, the way the world looks suddenly changes drastically. Concepts like "government," "law," "authority," "countries," and so on, fall apart like a house of cards. Because that scares the heck out of people, however, many go to great
