Request-to-File Notice

Tax Year: 1998

We do not have an Oregon tax return from you for the above tax year. If you think you filed a return, you need to provide a copy. If you were not required to file a return, you must provide information to show why. If you should have filed, you have 30 days from the date of this letter to file an Oregon tax return.

If you do not file a return or provide the required information, we will determine the tax from the information available. Because we do not have all your tax information, we may not be able to give you all the deductions or credits you may be entitled to.

Please send the return or the required documentation, along with this letter to the address above. If you have any questions, please contact me. If you are licensed to do business in the state of Oregon, continued failure to file returns may cause your license to be suspended (ORS 305.385).

Melody
