Admonition

- If you are using government services, then you should pay for *everything* you use.
- Don’t pay your “fair share”, pay what *the law* says you owe and nothing more. “Fair share” is too subjective and when used as a criteria in court, politicizes and corrupts the courts.
- The following persons are irresponsible and thieves:
  - Those who don’t pay for *all* the services they use
  - Those who collect more from an unwilling “taxpayer” than is necessary to pay for the services they use.
  - Those who collect anything from a person who does *not* want or does not need government services and who refuses to declare a domicile within the jurisdiction of the state. See: [Why Domicile and Becoming a “Taxpayer” Require Your Consent](http://sedm.org/Forms/05-MemLaw/Domicile.pdf).
- Your public DIS-servants selfishly only concern themselves with the FIRST of the three items above. We ensure they worry about ALL of the items above, because if they don’t, THEY and not you are the thief.
- If you are going to use the information in this presentation to lawfully avoid taxes, you should *also* agree to stop using the government services that they pay for. This is the *only* way to be a responsible American and avoid burdening or hurting your neighbor.
- We believe that those who do not wish to contribute anything to the tax system should always have a lawful option to “divorce the state” and refuse to accept government services or the obligations that go with them. This is what it means to live in a free country.
- Government is a corporation, and like any other corporation, we should have a right NOT to do business with them. See [28 U.S.C. §3002](http://sedm.org/Forms/05-MemLaw/Domicile.pdf) (15)(A). To admit otherwise, is to admit that the government can compel you to contract with them in violation of [Article 1, Section 10](http://sedm.org/Forms/05-MemLaw/Domicile.pdf) of the U.S. Constitution.
Admonition Summary

“People of all races, genders, political beliefs, sexual orientations, and nearly all religions are welcome here. All are treated equally under REAL “law”. The only way to remain truly free and equal under the civil law is to avoid seeking government civil services, benefits, property, special or civil status, exemptions, privileges, or special treatment. All such pursuits of government services or property require individual and lawful consent to a franchise and the surrender of inalienable constitutional rights AND EQUALITY in the process, and should therefore be AVOIDED. The rights and equality given up are the “cost” of procuring the “benefit” or property from the government, in fact. Nothing in life is truly “free”. Anyone who claims that such “benefits” or property should be free and cost them nothing is a thief who wants to use the government as a means to STEAL on his or her behalf. All just rights spring from responsibilities/obligations under the laws of a higher power. If that higher power is God, you can be truly and objectively free. If it is government, you are guaranteed to be a slave because they can lawfully set the cost of their property as high as they want as a Merchant under the U.C.C. If you want it really bad from people with a monopoly, then you will get it REALLY bad. Bend over. There are NO constitutional limits on the price government can charge for their monopoly services or property. Those who want no responsibilities can have no real/PRIVATE rights, but only privileges dispensed to wards of the state which are disguised to LOOK like unalienable rights. Obligations and rights are two sides of the same coin, just like self-ownership and personal responsibility. For the biblical version of this paragraph, read 1 Sam. 8:10-22. For the reason God answered Samuel by telling him to allow the people to have a king, read Deut. 28:43-51, which is God’s curse upon those who allow a king above them. Click Here (https://samguardian.org/Subjects/Taxes/Evidence/HowScCorruptOurRepubGovt.htm) for a detailed description of the legal, moral, and spiritual consequences of violating this paragraph.”

[SEDM Opening Page (bottom); http://sedm.org]

“We have repeatedly held that the Federal Government may impose appropriate conditions on the use of federal property or privileges [franchises, Form #05.030] and may require that state instrumentalities comply with conditions [obligations, Form #12.040] that are reasonably related to the federal interest in particular national projects or programs. See, e.g., Ivanhoe Irrigation Dist. v. McCracken, 357 U.S. 275, 294-296 (1958); Oklahoma v. Civil Service Comm’n, 330 U.S. 127, 142-144 (1947); United States v. San Francisco, 310 U.S. 16 (1940); cf. National League of Cities v. Usery, 426 U.S. 833, 853 (1976); Fry v. United States, 421 U.S. 542 (1975). A requirement that States, like all other users, pay a portion of the costs of the benefits [Form #05.040] they enjoy from federal programs is surely permissible [meaning CONSTITUTIONAL] since it is closely related to the [435 U.S. 444, 462] federal interest in recovering costs from those who benefit and since it effects no greater interference with state sovereignty than do the restrictions which this Court has approved.”

"The constitutional right [Form #10.015] against unjust taxation is given for the protection of private property [Form #12.046], but it may be waived by those affected who consent [Form #05.003] to such action to their property as would otherwise be invalid [or even ILLEGAL or CRIMINAL]."

[Wight v. Davidson, 181 U.S. 371 (1901)]

[A mistake on a tax form through legal ignorance is not CONSENT which creates an actual liability. The amounts paid are recoverable when paid under protest per 28 U.S.C. §1346 when claimed within the statute of limitations. See United States v. Williams, 514 U.S. 527 (1995)]

IMPORTANT PRELIMINARY NOTE

• We do NOT challenge the Constitutionality of any part of the Internal Revenue Code. It is completely Constitutional and lawful.

• What is unconstitutional is the way the I.R.C. is represented to the American public, administered, and enforced by the IRS.

• Most of the illegal administration and enforcement of the I.R.C. results from omission, not commission. Our enemy is not the government, the IRS, or even taxes, but instead is:

  1. Legal ignorance on the part of Americans that allows public servants to abuse their authority and violate the law.

  2. The abuse of presumption to injure the rights of sovereign Americans, in violation of due process of law and God’s law found in Numbers 15:30 (NKJV). Much of this presumption is compelled by the government by willfully dumbing-down the average Americans about legal subjects in the public (government) schools. This makes the legal profession into essentially a "priesthood" and a pagan "religion" that the average American blindly worships and obeys, without ever questioning authority. It is a supreme injustice to proceed against a person without every conclusion being based ONLY on fact and not presumption, opinion, or belief. See the following for a detailed article on this scam and sin: [link to article]

  3. Public servants deceiving the public by portraying "Private Law" as "Public Law". See the following for an article on this subject: [link to article]

  4. Public servants refusing to acknowledge the requirement for consent in all human interactions. See the following for an extensive article on this subject: [link to article]

  5. Willful omissions from the IRS website and publications that keep the public from learning the whole truth. The problem is not mainly what these sources say, but what they DON’T say. The Great IRS Hoax contains over 2,000 pages of facts that neither the IRS nor any one in government is willing to reveal to you because it would destroy the gravy train of plunder that pays their bloated salaries and fat retirement in violation of 18 U.S.C. §208.
6. The use of "words of art" to deceive the people in both government publications and the law itself. See the following for examples: http://famguardian.org/TaxFreedom/FormsInstr-Cites.htm

7. The lack of "equal protection of the law" in courts of justice relating to the statements and actions of public servants, whereby the IRS doesn't have to assume responsibility for its statements and actions, and yet persons who fill out tax forms can be thrown in jail and prosecuted for fraud if they emulate the IRS by being just as careless. This also includes "selective enforcement", where the DOJ positively refuses to prosecute submitters of false information returns but spends a disproportionate share of its resources prosecuting false income tax returns. They do this because they are more interested in STEALING your money than in justice. See:

7.1 Federal Courts and IRS' Own IRM Say NOT RESPONSIBLE for its actions or its words or following its own internal procedures

7.3 Government Establishment of Religion, Form #05.038 -how government establishes itself as a pagan deity and a religion by using franchises to systematically destroy the separation of powers and the requirement for equal protection

8. Abuses of franchises that undermine the protection of private rights by the government and the courts:

8.1 Enforcing federal franchises in States of the Union, which are outside the civil jurisdiction or police powers of the federal government and result in a destruction of the separation of powers.

8.2 Enforcing franchises, such as a "trade or business" without requiring explicit written consent in some form, such as the issuance and voluntary signing of an application for a license. See the following for details: http://sedm.org/Forms/05-MemLaw/Franchises.pdf

8.3 Attorney licensing, which destroys the integrity of the legal profession in its role as a check and balance when the government or especially the judiciary becomes corrupt, as it is now.

8.4 Abuse of the federal income tax system, which is a franchise and an excise, to bribe states of the Union to give up their sovereignty, act like federal "States" and territories, and accept what amounts to federal bribes to disrespect the rights or those under their care and protection.
IMPORTANT PRELIMINARY NOTE

9. Efforts to destroy the separation of powers that is the main protection for our liberties. This results in abuses of the Court system for political, rather than legal, purposes ( politicization of the courts). All of the federal courts we have now are Article IV, territorial courts that are part of the Executive, rather than Judicial Branch of the government. As such, there is no separation of powers and nothing but tyranny can result. See the following for proof of this destruction:

9.1 Government Conspiracy to Destroy the Separation of Powers, Form #05.023 (OFFSITE LINK) - shows how lying, thieving public servants have systematically destroyed the separation of powers since the founding of this country

9.2 What Happened to Justice? (OFFSITE LINK) - book which proves that we have no Judicial Branch within the federal government, and that all the existing federal courts are acting in an Article IV territorial capacity as part of the Executive, rather than Judicial, branch of the government.

9.3 How Scoundrels Corrupted our Republican Form of Government - brief overview of how the separation of powers has been systematically destroyed

10. The abuse of the government's power to tax in order to transfer wealth between private individuals, which makes the government into a thief and a Robinhood. This includes:

10.1 Enforcing the tax codes (franchises) against other than "public officers" of the government. See:

Why Your Government is Either a Thief or You are a “Public Officer” for Income Tax Purposes, Form #05.008
http://sedm.org/Forms/FormIndex.htm

10.2 Offering government "benefits" of any kind to anyone who does not ALREADY work for the government. See:

The Government “Benefits” Scam, Form #05.040
http://sedm.org/Forms/FormIndex.htm
11. Corruption of our monetary system that allows the government to:

11.1 Counterfeit while denying to all others the right, thus creating an unconstitutional "Title of Nobility" for itself and making itself into a pagan deity, and denying the equal protection to all that is the foundation of the Constitution.

11.2 STEAL from the American people by diluting the value of money already into circulation.

11.3 Exercise undue control over banks and financial institutions that causes them to effectively become federal employment recruiters for the federal government by compelling use of government identifying numbers for those pursuing accounts or loans.

See the following for details on the above SCAMS:

*The Money Scam*, Form #05.041; [http://sedm.org/Forms/FormIndex.htm](http://sedm.org/Forms/FormIndex.htm)
12. Creating, perpetuating, condoning, or in any way protecting conflicts of financial interest within the government that cause the self-interest to undermine the requirements of the law, **EQUALITY**, or the protection of exclusively PRIVATE rights by:

12.1 Making judges "taxpayers".
12.2 Making jurists or voters into "benefit" recipients, franchisees, and/or public officers.
12.3 Allowing judges to act in a POLITICAL mode within any franchise court in the Executive rather than Judicial Branch. This also violates the separation of powers.
12.4 Turning police officers into revenue collectors who enforce malum-prohibitum offenses that result in revenue to the state.
12.5 Allowing any judicial officer or witness to receive any kind of financial reward for essentially compelling someone to assume any civil status under any civil franchise, including the income tax.
12.6 Allowing judges to act BOTH as an Article III judge AND an Article IV judge at the same time.
12.7 Allowing PRIVATE citizens to appear before a franchise judge with a financial conflict of interest.
12.8 Making ordinary citizens ALSO into public officers in any context OTHER than as a jurist or voter. This causes income taxes to become poll taxes and disenfranchises all those who insist on remaining private. [Click here](#) for details.
12.9 Constitutional states surrendering their sovereignty and agreeing to act essentially as federal territories or federal corporations in exchange for participation in national franchises such as Social Security, Medicare, etc.
12.10 **Governments going into debt and thereby becoming financial slaves to banks or bank cartels.** This includes a debt based fiat currency system such as the federal reserve.
13. Active interference with common law remedies for the protection of PRIVATE rights from abuse by government actors. Governments are established exclusively to protect PRIVATE rights and PRIVATE property. Any attempt to undermine such rights without the express written consent of the owner in each case is not only NOT a classical "government" function, but is an ANTI-government function that amounts to a MAFIA "protection racket“. This includes but is not limited to:

13.1 Refusing to recognize or protect PRIVATE property or PRIVATE rights, the essence of which is the RIGHT TO EXCLUDE anyone and everyone from using or benefitting from the use of the property. See Separation Between Public and Private, Form #12.025.

13.2 PRESUMING that "a government OF THE PEOPLE, BY THE PEOPLE, and FOR THE PEOPLE" is a government in which everyone is a public officer.

13.3 Refusing to recognize or allow constitutional remedies and instead substituting STATUTORY remedies available only to public officers.

13.4 Interfering with introduction of evidence that the court or forum is ONLY allowed to hear disputes involving public officers in the government.

13.5 PRESUMING or ASSUMING that the ownership of the property subject to dispute is QUALIFIED rather than ABSOLUTE and that the party the ownership is shared with is the government.

13.6 Allowing government "benefit" recipients to be decision makers in cases involving PRIVATE rights. This is a denial of a republican form of government, which is founded on impartial decision makers. See Sinking Fund Cases, 99 U.S. 700 (1878).

13.7 Interfering with or sanctioning litigants who insist on discussing the laws that have been violated in the courtroom or prohibiting jurists from reading the laws in question or accessing the law library in the courthouse while serving as jurists. This transforms a society of law into a society of men and allows the judge to substitute HIS will in place of what the law expressly requires.

13.8 Illegally and unconstitutionally invoking the Declaratory Judgments Act or the Anti-Injunction Act as an excuse to NOT protect PRIVATE rights from government interference in the case of EXCLUSIVELY PRIVATE people who are NOT statutory "taxpayers". See Flawed Tax Arguments to Avoid, Form #08.004, Sections 8.11 and 8.12.

13.9 Interfering with ways to change or correct your citizenship or statutory status in government records. That "status" is the "res" to which all franchise rights attach, usually ILLEGALLY.

14. Efforts to define the word “justice” in the context of secular law to mean anything OTHER than the right to be left alone and the obligation to provide remedy for demonstrated injury AFTER the injury occurs. See: What is “Justice”? Form #05.050. All such efforts result in INJUSTICE and promote violations of the constitution.
Introduction

• We’re sure you heard at some point from multiple sources in the government that “income tax is voluntary”.
• When we heard this the first time, we couldn’t believe it and began years searching for how this could be true.
• This presentation represents the results of years of searching for the answer to this question. It contains all the evidence we have found so far to answer this question.
• There is probably a lot more evidence on this subject than what we have found so far. We want to accelerate your search for even more evidence.
• If you find MORE evidence after reading this presentation, PLEASE send it to us! https://sedm.org/about/contact/

Can an office accurately be described as a position or legal status created by legislation to which both privileges and obligations attach?

- Searching for: office position legal status legislation privileges obligations
- Generating answers for you...

Yes, an office can be accurately described as a position or legal status created by legislation to which both privileges and obligations attach. Legal status is the status or position held by an entity as determined by the law. It includes or entails a set of privileges, obligations, powers or restrictions that a person or thing has as encompassed in or declared by legislation.

Does a “citizen” within the Internal Revenue Code satisfy your definition of an office above? It has both privileges and obligations attached to it, doesn’t it?

- Searching for: citizen Internal Revenue Code privileges obligations
- Generating answers for you...

Yes, a “citizen” within the Internal Revenue Code satisfies the definition of an office above. A citizen has both privileges and obligations attached to it. For example, a citizen must pay income and other taxes honestly, and on time, to federal, state, and local authorities.

OK. If its an office, its not synonymous with the human FILLING the office, is it?

That's correct. An office is not synonymous with the human filling the office. An office is a position or legal status created by legislation to which both privileges and obligations attach.

I hope this helps. Let me know if you have any other questions.

Can an office lawfully be exercised by a human being who does not consent to FILL the office?

- Searching for: office lawfully exercised human being consent fill office

I'm not sure about the context of your question. However, in general, an office can only be lawfully exercised by a human being who consents to fill the office. Informed consent is required for any research involving human subjects.

You have to VOLUNTARILY SURRENDER constitutional (PRIVATE) rights before they can tax you

• The **Fifth Amendment** protects PRIVATE property from conversion to PUBLIC property.

• Taxation is the institutionalized process of converting PRIVATE property to PUBLIC property.

• Under the common law, what is yours (PRIVATE) cannot be taken from you WITHOUT your **consent** in some form:
  

• In order to tax you, they need your **consent** to FORFEIT the protections of the Bill of Rights, and in particular the **Fifth Amendment**.
  
  – The Fifth Amendment requires COMPENSATION when they want to take your PRIVATE property.
  
  – This would make taxation impossible!

• In practice, that consent is DECEITFULLY procured as “ASSENT” (implied consent) instead of EXPRESS “Consent”.
You have to VOLUNTARILY SURRENDER constitutional (PRIVATE) rights before they can tax you

• That INVISIBLE “ASSENT” happens by:

  1. Changing the CIVIL STATUS of the OWNER of the property from PRIVATE to PUBLIC through an “ELECTION”.
     - An example is getting you to “elect” to “be treated” as a STATUTORY “citizen” or “resident”, which is a legislative fictional creation of Congress and PUBLIC PROPERTY of Congress legislatively granted to you with legal strings attached.
     - Accepting or using government property, rights, or “benefits” and thereby conveying the right to DIRECTLY and LEGISLATIVELY regulate your conduct. To be eligible for the “benefit” you must ELECT to the civil status connected with the “benefit”. This makes you a DIRECT subject of legislation of Congress WITHOUT the need for implementing regulations. See 5 U.S.C. §553(a)(2) and 44 U.S.C. §1505(a)(1)

  2. Changing the CIVIL STATUS of the PROPERTY itself from PRIVATE to PUBLIC through an “ELECTION” by the owner. This is done by:
     - “Effectively connecting” earnings by putting them on the 1040NR form rather than the schedule NEC. This converts them to “trade or business” (public office) earnings and thereby donates them to a public use, a public purpose, and a public office.
     - Form W-4 election under 26 U.S.C. §3402(p). This changes the status of the PROPERTY itself into a “federal payment” and CIVIL STATUTORY “wages” (meaning PUBLIC property).

• If you didn’t do either of the above, then:
  – YOU and your PROPERTY are EXCLUDED rather than EXEMPTED.
  – You don’t need DEDUCTIONS to reduce your tax because you don’t owe anything.
  – You and your property are ABSOLUTELY owned, constitutionally protected PRIVATE property.
  – You are legislatively FOREIGN in respect to the government instituting the tax.

• The above are documented in:
  
  Excluded Earnings and People, Form #14.019

What is the Legal Definition of “Voluntary”?

- Black’s Law Dictionary
  voluntary. “Unconstrained by interference; unimpelled by another’s influence; spontaneous; acting of oneself. Coker v. State, 199 Ga. 20, 33 S.E.2d. 171, 174. Done by design or intention. Proceeding from the free and unrestrained will of the person. Produced in or by an act of choice. Resulting from free choice, without compulsion or solicitation. The word, especially in statutes, often implies knowledge of essential facts. Without valuable consideration; gratuitous, as a voluntary conveyance. Also, having a merely nominal consideration; as, a voluntary deed.”

- Compulsion or coercion definition:
  “An agreement [consensual contract] obtained by duress, coercion, or intimidation is invalid, since the party coerced is not exercising his free will, and the test is not so much the means by which the party is compelled to execute the agreement as the state of mind induced. Duress, like fraud, rarely becomes material, except where a contract or conveyance has been made which the maker wishes to avoid. As a general rule, duress renders the contract or conveyance voidable, not void, at the option of the person coerced, and it is susceptible of ratification. Like other voidable contracts, it is valid until it is avoided by the person entitled to avoid it. However, duress in the form of physical compulsion, in which a party is caused to appear to assent when he has no intention of doing so, is generally deemed to render the resulting purported contract void.”

  [American Jurisprudence 2d, Duress, §21 (1999)]
**How is liability created?**

- A “**liability**” is also called an **“obligation”** in law.
- There are **FOUR main classes of “obligations”** in law:
  1. **Common law obligations**: Originating from an injury. These do NOT require statutes to enforce under the English common law. They are enforceable **WITHOUT your consent**.
  2. **Constitutional obligations**: Owed by the government to “persons” under the Bill of Rights. These do NOT require statutes to enforce and are “self-executing”.
  3. **CIVIL statutory obligations**: This includes all tax liabilities. DOMICILE (nationals) are a prerequisite to these types of liabilities. They are therefore based on **CONSENT**.
  4. **CRIMINAL statutory obligations**: This includes 26 U.S.C. Subchapter A: Crimes. Your consent is not required to enforce. The mere act of committing the crime constitutes CONSTRUCTIVE or IMPLIED consent.

- Those who cannot lawfully be the target of civil penalties or criminal/penal prosecution are, BY DEFINITION “**NOT LIABLE”** or “**NOT OBLIGATED”**.
- **Obligations can only be imposed upon the following two groups according to the California Civil Code Section 1428**:  
  1. That you expressly consented to a contract with them. This is one of the two mechanisms recognized in Osborn v. Bank of U.S., **22 U.S. 738** (1824) …OR  
  2. “Operation of law”. In other words, that you injured a specific, identified flesh and blood person and that such a person has standing to sue in a civil or common law action.
- We all know about the first one above, but what about the **SECOND** one?
How is liability created?

• “Operation of law” is anything that can be done to a person that does not depend on EITHER their consent OR their choice or their direct participation.

  "Operation of law. This term expresses the manner in which rights, and sometimes liabilities, devolve upon a person by the mere application to the particular transaction of the established rules of law, without the act or cooperation of the party himself."

• “Operation of law” obligations therefore include:
  – Common law obligations.
  – Constitutional obligations.
  – CRIMINAL statutory obligations.

• “Operation of law” obligations EXCLUDE CIVIL statutory obligations. This is because CIVIL statutory obligations depend on VOLUNTARY choice of domicile. See:

  Why Domicile and Becoming a “Taxpayer” Require Your Consent, Form #05.002

  https://sedm.org/Forms/05-MemLaw/Domicile.pdf
“Operation of Law” Obligations

• “Operation of law”:
  – Involves situations where neither party gave INFORMED CONSENT (Form #05.003) to the other in any form.
  – Always involves an injury of some kind to the equal rights (Form #05.033) of one party by the other party.

• The injury inflicted forms the basis for the following in a civil court:
  – A “claim”.
  – “Standing” to sue in a constitutional court.
  – Damages which can be calculated based on the injury.

• If an injury cannot be proven in court with court admissible evidence, then the case MUST be dismissed per Federal Rule of Civil Procedure 8(b). A mere motion of the court can dismiss the case. Sometimes the judge will dismiss the case without such a motion to reduce his workload.

• Enforcement of the CRIMINAL law is another example of “operation of law”. The victim of the crime received an injury that he or she did NOT expressly and formally consent to. If in fact they either consented to the injury or ASKED for it, then they have no standing to prosecute the perpetrator.

What is a Volunteer?

- Based on our previous discussion of how obligations are created, we can conclude that those who are “volunteers”:
  - Create the obligation to pay by their direct or implied consent or cooperation, per California Civil Code 1428.
  - Cannot become the lawful target of civil or criminal/penal enforcement BEFORE they volunteer.
  - ARE the proper target of civil or criminal/penal enforcement AFTER they volunteer.
  - Change their civil status (Form #13.008) BY VIRTUE of volunteering to be a “person” or “person liable for”, or a “party made liable for” the income tax.
  - Become the party to a franchise agreement (Form #05.030). If that agreement involves raising revenue, they become the target of an “excise” tax upon a SPECIFIC ACTIVITY connected with the public office and civil status that is VOLUNTARILY connected with the activity. That connection is called “effectively connected” in the Internal Revenue Code. They use that term to AVOID reminding you that you are a VOLUNTEEER!

- In other words:
  - They become the subject of (or “subject to”) a franchise contract (Form #05.030) or agreement. This is sometimes called a “quasi contract” by the U.S. Supreme Court.
  - The franchise contract/agreement acquires “the force of law” in their specific case. Hence “enFORCEment” authority.
  - The franchise contract/agreement behaves as “special law” or “private law” in their case.
  - They become party to what is called a “privity” attached to the CIVIL STATUS of “person”, “taxpayer”, etc. See the definition next page.
What is a Volunteer?

**PRIVITY.** Mutual or successive relationship to the same rights of property. 1 GreenL. Ev. § 189; Duffy v. Blake, 91 Wash. 140, 157 P. 480, 482; Haverhill v. International Ry. Co., 217 App.Div. 521, 217 N.Y.S. 522, 523. Thus, the executor is in privity with the testator, the heir with the ancestor, the assignee with the assignor, the donee with the donor, and the lessee with the lessor. Litchfield v. Crane, 8 S.Ct. 210, 123 U.S. 549, 31 L.Ed. 199.

Derivative interest founded on, or growing out of, contract, connection, or bond of union between parties; mutuality of interest. Hodgson v. Midwest Oil Co., C.C.A.Wyo., 17 F.2d 71, 75.

Private knowledge; joint knowledge with another of a private concern; cognizance implying a consent or concurrence. Taylor v. Ferroman Properties, 103 Fla. 960, 139 So. 149, 150.

In a strict and technical sense a judgment creditor does not occupy such a relation to his debtor as to fall within the meaning of the word "privity," for there is no succession to the property of the debtor until a sale under execution is had and the judgment creditor has become vested with the title thereof. But a majority of the courts have enlarged the meaning of the word, and consequently have held that there is privity between the two before there is an actual devolution of the title of the property owned by the debtor. Buss v. Kemp Lumber Co., 23 N.M. 567, 170 P. 54, 56, L.R.A.1918C, 1015.

**Privity of blood** exists between an heir and his ancestor, (privity in blood inheritable,) and between coparceners. This privity was formerly of importance in the law of descent cast. Co. Litt. 271a, 242a; 2 Inst. 516; 8 Coke, 42b.

**Privity of contract** is that connection or relationship which exists between two or more contracting parties. It is essential to the maintenance of an action on any contract that there should subsist a privity between the plaintiff and defendant in respect of the matter sued on. Brown.

**Privity of estate** is that which exists between lessor and lessee, tenant for life and remainderman or reversioner, etc., and their respective assignees, and between joint tenants and coparceners. Privity of estate is required for a release by enlargement. Sweet.

“special law. One relating to particular persons or things; one made for individual cases or for particular places or districts; one operating upon a selected class, rather than upon the public generally. A private law. A law is "special" when it is different from others of the same general kind or designed for a particular purpose, or limited in range or confined to a prescribed field of action or operation. A "special law" relates to either particular persons, places, or things or to persons, places, or things which, though not particularized, are separated by any method of selection from the whole class to which the law might, but not such legislation, be applied. Utah Farm Bureau Ins. Co. v. Utah Ins. Guaranty Ass'n, Utah, 564 P.2d. 751, 754. A special law applies only to an individual or a number of individuals out of a single class similarly situated and affected, or to a special locality. Board of County Com'rs of Lemhi County v. Swensen, Idaho, 80 Idaho 198, 327 P.2d. 361, 362. See also Private bill; Private law. Compare General law; Public law.”

“Private law. That portion of the law which defines, regulates, enforces, and administers relationships among individuals, associations, and corporations. As used in contradistinction to public law, the term means all that part of the law which is administered between citizen and citizen, or which is concerned with the definition, regulation, and enforcement of rights in cases where both the person in whom the right inheres and the person upon whom the obligation is incident are private individuals. See also Private bill; Special law. Compare Public Law.”

“It is generally conceded that a franchise is the subject of a contract between the grantor and the grantee, and that it does in fact constitute a contract when the requisite element of a consideration is present. Conversely, a franchise granted without consideration is not a contract binding upon the state, franchisee, or pseudo-franchisee. “

• On this subject, Bouvier’s Law Dictionary says:

> "Consensus facit legem. Consent makes the law. A contract is a law between the parties, which can acquire force only by consent."

SOURCE: http://famguardian.org/Publications/BouvierMaximsOfLaw/BouviersMaxims.htm]

• On the nature of the civil statutory “liability” of those who are “made liable”, the U.S. Supreme Court has held that the alleged liability to pay income tax is “quasi-contractual”:

> "Quasi contact. An obligation which law creates in absence of agreement; it is invoked by courts where there is unjust enrichment. Andrews v. O'Grady, 44 Misc.2d. 28, 252 N.Y.S.2d. 814, 817. Sometimes referred to as implied-in-law contracts (as a legal fiction) to distinguish them from implied-in-fact contracts (voluntary agreements inferred from the parties' conduct). Function of "quasi-contract" is to raise obligation in law where in fact the parties made no promise, and it is not based on apparent intention of the parties. Fink v. Goodson-Todman Enterprises, Limited, 9 C.A.3d. 996, 88 Cal.Rptr. 679, 690. See also Contract."

“Even if the judgment is deemed to be colored by the nature of the obligation whose validity it establishes and we are free to reexamine it and, if we find it to be based on an obligation penal in character, to refuse to enforce it outside the state where rendered, see *Wisconsin v. Pelican Insurance Co.*, 127 U.S. 265, 292, *et seq.*; compare *Fauntleroy v. Lum*, 210 U.S. 230, still the obligation to pay taxes is not penal. The “Language” of Liability

• In order to make someone liable, you must use the term “liable FOR” or “made liable”.

• The term “liable TO” does NOT create liability! Are you “liable to” go to the bathroom today to take a pee?

• The term “made liable” is used in 26 U.S.C. §6011.

26 U.S. Code § 6011 - General requirement of return, statement, or list

(a) GENERAL RULE

When required by regulations prescribed by the Secretary any person made liable for any tax imposed by this title, or with respect to the collection thereof, shall make a return or statement according to the forms and regulations prescribed by the Secretary. Every person required to make a return or statement shall include therein the information required by such forms or regulations.

• The above does not CREATE the liability. It acknowledges that it had to be created ELSEWHERE in the title, which it NEVER EXPRESSLY IS!
Specifically Who is “Liable”?

- **Internal Revenue Code Section 1 IMPOSES** the income tax but does not EXPRESSLY make anyone “Liable FOR” the income tax.
- **ALLEGED but not ACTUAL “liability”** is first created in the Regulations at **26 C.F.R. §1.1-1**:

  **26 C.F.R. §1.1-1 - Income tax on individuals.**

  (a) General rule.

  (1) Section 1 of the Code imposes an **income** tax on the **income** of every individual who is a citizen or resident of the **United States** and, to the extent provided by section 871(b) or 877(b), on the **income** of a **nonresident alien** individual.

  (b) **Citizens or residents of the United States liable to tax.** In general, all citizens of the **United States**, wherever resident, and all **resident alien individuals** are **liable to the income taxes imposed by the Code** whether the **income** is received from sources within or without the **United States**. Pursuant to section 876, a **nonresident alien** individual who is a bona fide resident of a section 931 possession (as defined in § 1.931-1(c)(1) of this chapter) or Puerto Rico during the entire **taxable year** is, except as provided in section 931 or 933 with respect to **income** from sources within such possessions, subject to taxation in the same manner as a **resident alien** individual. As to tax on **nonresident alien individuals**, see sections 871 and 877.

  (c) **Who is a citizen.** Every **person** born or naturalized in the **United States** and subject to its jurisdiction is a citizen. For **other rules** governing the acquisition of citizenship, see chapters 1 and 2 of title III of the **Immigration and Nationality Act** (8 U.S.C. 1401-1459). For **rules** governing **loss** of citizenship, see sections 349 to 357, inclusive, of such Act (8 U.S.C. 1481-1489). Schneider v. Rush, (1964) **377 U.S. 163**, and Rev. Rul. 70-506, C.B. 1970-2, 1. For **rules** pertaining to **persons** who are nationals but not citizens at birth, **e.g.**, a **person** born in American Samoa, see section 308 of such Act (8 U.S.C. 1408). For **special rules** applicable to certain expatriates who have lost citizenship with a principal **purpose** of avoiding certain taxes, see section 877. A foreigner who has filed his declaration of intention of becoming a citizen but who has not yet been admitted to citizenship by a final order of a naturalization court is an alien.
Specifically Who is “Liable”?

- The parties who are “liable TO” the income tax are identified as:
  - STATUTORY Individuals who are citizens or residents of the United States AND “subject to ITS jurisdiction” rather than THEIR jurisdiction.
  - “Nonresident aliens” under 26 U.S.C. §7701(b)(1)(B) with “income” under 26 U.S.C. §871(b) and 877(b)

- Which “citizen” are they talking about in the Internal Revenue Code?
  - “nationals and citizens of the United States AT BIRTH” under 8 U.S.C. §1401 are the only “citizens of the United States***” mentioned in in 26 C.F.R. §1.1-1(b) or “citizens” who are mentioned 26 C.F.R. §1.1-1(c).
  - There are ONLY THREE groups of STATUTORY federal “citizens” who fall in this category:
    - Citizens of the District of Columbia. The District of Columbia is TERRITORY at this time and not a possession under Article 1, Section 8, Clause 17 of the Constitution.
    - People born in federal enclaves within the states subject to EXCLUSIVE but not CONCURRENT jurisdiction.
    - Puerto Ricans. Puerto Rico is a POSSESSION and not a TERRITORY at this time.
Specifically Who is “Liable”?

- Those in Puerto Ricans are not TREATED AS “citizens” under the ENTIRE TITLE per 26 U.S.C. §2209:

  26 U.S. Code § 2209. Certain residents of possessions considered nonresidents not citizens of the United States

  A decedent who was a citizen of the United States and a resident of a possession thereof at the time of his death shall, for purposes of the tax imposed by this chapter, be considered a “nonresident not a citizen of the United States” within the meaning of that term wherever used in this title, but only if such person acquired his United States citizenship solely by reason of (1) his being a citizen of such possession of the United States, or (2) his birth or residence within such possession of the United States.

- But why above did they use “nonresident not a [CIVIL STATUTORY] citizen of the United States***” to describe those who are among the ONLY true “CIVIL/DOMICILED citizens***+D” group?: Because they don’t want to admit people of Puerto Rico born there are “nonresident aliens” under 26 U.S.C. §7701(b)(1)(B).
  
  » That would make the truth so obvious that everyone would file as a nonresident alien!
  
  » They are trying to HIDE your true filing status as a state national, which is the SAME as those in Puerto Rico (which is a possession, and not a territory)!
Specifically Who is “Liable”?

Therefore, the ONLY STATUTORY “citizens” or “citizens of the United States**” under the entire Internal Revenue Code are:

1. People born in the District of Columbia OR
2. People born in “federal enclaves” within the states subject to EXCLUSIVE rather than CONCURRENT jurisdiction. That is what “subject to ITS jurisdiction” means in 26 C.F.R. §1.1-1(b): the EXCLUSIVE/GENERAL jurisdiction of the national government under Article 1, Section 8, Clause 17 of the United States Constitution.

The first of the above was described by the federal courts as follows:

“The 1st section of the 14th article [Fourteenth Amendment], to which our attention is more specifically invited, opens with a definition of citizenship—not only citizenship of the United States[***], but citizenship of the states. No such definition was previously found in the Constitution, nor had any attempt been made to define it by act of Congress. It had been the occasion of much discussion in the courts, by the executive departments and in the public journals. It had been said by eminent judges that no man was a citizen of the United States[***] except as he was a citizen of one of the states composing the Union. Those therefore, who had been born and resided always in the District of Columbia or in the territories [CIVIL/DOMICILED citizens**+D], though within the United States[*], were not [CONSTITUTIONAL] citizens.”

[Slaughter-House Cases, 83 U.S. (16 Wall.) 36, 21 L.Ed. 394(1873)]
Specifically Who is “Liable”?

“The Naturalization Clause [of the Fourteenth Amendment] has a geographic limitation: it applies “throughout the United States.” The federal courts have repeatedly construed similar and even identical language in other clauses to include states and incorporated territories, but not unincorporated territories. In Downes v. Bidwell, 182 U.S. 244, 21 S.Ct. 770, 45 L.Ed. 1088 (1901), one of the Insular Cases, the Supreme Court held that the Revenue Clause’s identical explicit geographic limitation, “throughout the United States,” did not include the unincorporated territory of Puerto Rico, which for purposes of that Clause was “not part of the United States.” Id. at 287, 21 S.Ct. 770. The Court reached this sensible result because unincorporated territories are not on a path to statehood. See Boumediene v. Bush, 553 U.S. 723, 757–58, 128 S.Ct. 2229, 171 L.Ed.2d. 41 (2008) (citing Downes, 182 U.S. at 293, 21 S.Ct. 770).

In Rabang v. I.N.S., 35 F.3d. 1449 (9th Cir.1994), this court held that the Fourteenth Amendment’s limitation of birthright citizenship to those “born ... in the United States” did not extend citizenship to those born in the Philippines during the period when it was an unincorporated territory. U.S. Const., 14th Amend., cl. 1; see Rabang, 35 F.3d. at 1451. Every court to have construed that clause’s geographic limitation has agreed. See Valmonte v. I.N.S., 136 F.3d. 914, 920–21 (2d Cir.1998); Lacap v. I.N.S., 138 F.3d. 518, 519 (3d Cir.1998) ; Licudine v. Winter, 603 F.Supp.2d. 129, 134 (D.D.C.2009).

Like the constitutional clauses at issue in Rabang and Downes, the Naturalization Clause is expressly limited to the “United States.” This limitation “prevents its extension to every place over which the government exercises its sovereignty.” Rabang, 35 F.3d. at 1453. Because the Naturalization Clause did not follow the flag to the CNMI when Congress approved the Covenant, the Clause does not require us to apply federal immigration law to the CNMI prior to the CNRA’s transition date.

Specifically Who is “Liable”?  

- What about federal enclaves?

In United States law, a federal enclave is a parcel of federal property within a state that is under the “Special Maritime and Territorial Jurisdiction of the United States”.[1] In 1960, the year of the latest comprehensive inquiry, 7% of federal property had enclave status. Of the land with federal enclave status, 57% (4% of federal property, almost all in Alaska and Hawaii) was under "concurrent" state jurisdiction. The remaining 43% (3% of federal property), on which some state laws do not apply, was scattered almost at random throughout the United States. In 1960, there were about 5,000 enclaves, with about one million people living on them.[2] While a comprehensive inquiry has not been performed since 1960, these statistics are likely much lower today, since many federal enclaves were military bases that have been closed and transferred out of federal ownership.

Since late 1950s, it has been an official federal policy that the states should have full concurrent jurisdiction on all federal enclaves,[3] an approach endorsed by some legal experts.[4][5][6]

- The District of Columbia, in turn, is:
  - The ONLY remaining Internal Revenue District.
  - The only thing expressly included in the statutory GEOGRAPHICAL definition of “United States” in 26 U.S.C. §7701(a)(9) and (a)(10) and 4 U.S.C. §110(d).
  - The ONLY place that public officers engaged in a “trade or business” (Form #05.001) can lawfully serve per 4 U.S.C. §72 unless expressly authorized by statute:

  4 U.S. Code § 72. Public offices; at seat of Government

All offices attached to the seat of government shall be exercised in the District of Columbia, and not elsewhere, except as otherwise expressly provided by law.  
(July 30, 1947, ch. 389, 61 Stat. 643.)
Specifically Who is “Liable”?

• Note that:
  – There are no “States” remaining as defined in 4 U.S.C. §110(d) because there are no remaining federal territories. Puerto Rico is a possession and not a territory at this time.
  – Federal enclaves within the states are NOT STATUTORY “States” or “territories” as defined in federal law.
  – “Territory” within federal law EXCLUDES areas within the exclusive jurisdiction of Constitutional states of the Union.
  – The separation of powers doctrine forbids overlap of CIVIL or CRIMINAL jurisdiction between states of the Union and the national government. In other words, NO CONCURRENT jurisdiction over the same subject. See: Government Conspiracy To Destroy the Separation of Powers, Form #05.023 https://sedm.org/Forms/05-MemLaw/SeparationOfPowers.pdf
  – Only YOUR consent can alter the above legal relationship.
  – Separation of geographical jurisdictions and geographical terms resulting from that separation are described in: Citizenship Status v. Tax Status, Form #10.011, Section 15 https://sedm.org/Forms/10-Emancipation/CitizenshipStatusVTaxStatus/CitizenshipVTaxStatus.htm
The FAKE Liability Statute: IRC 6012

• Federal courts also ROUTINELY but DECEPTIVELY attribute the origin of income tax liability to 26 U.S.C. §6012. Below is an example:

  “The Internal Revenue Code ties the duty to pay federal income taxes to the duty to make an income tax return. See 26 U.S.C. §6151(a) ("[W]hen a return of a tax is required. . . the person required to make such return shall . . . pay such tax"). We conclude in this case that the trustee must pay the tax due on the income attributable to the corporate debtors' property because §6012(b)(3) requires him to make a return as the "assignee" of the "property . . . of a corporation." We further hold that the trustee must pay the tax due on the income attributable to the individual debtor's property because §6012(b)(4) requires him to make a return as the "fiduciary" of a "trust." Finally, we decide that the United States did not excuse the trustee from these duties by failing to object to the plan.”

• 26 U.S.C. §6012 mentioned above in turn requires those in receipt of “income”, which is a code word for GOVERNMENT/PUBLIC PROPERTY, to in effect “return” a portion of it, which we call a “kickback”.

The FAKE Liability Statute: IRC 6012

- Below is a portion of that statute:

  
  **26 U.S. Code § 6012 - Persons required to make returns of income**

  (a) **GENERAL RULE**

  **Returns** with respect to income taxes under subtitle A shall be made by the following:

  (1)(A)Every individual having for the taxable year gross income which equals or exceeds the exemption amount, except that a return shall not be required of an individual—

- A “return” in the context of the above:
  - IS NOT merely a piece of paper.
  - Deals with “income”, which is constitutionally defined as “profit” by the Sixteenth Amendment and not “all receipts” or “gross receipts”. See:
    - **Sovereignty Forms and Instructions Online**, Form #10.004, Cites by Topic: “income”
    - [https://famguardian.org/TaxFreedom/CitesByTopic/income.htm](https://famguardian.org/TaxFreedom/CitesByTopic/income.htm)
The FAKE Liability Statute: IRC 6012

- Consists of a PORTION of the “income” received, which must BEGIN as PUBLIC/federal property BEFORE it is actually paid to the recipient. If this were not true, the government in order to collect tax:
  » Would be STEALING private property that was never consensually converted to PUBLIC property as required by the Fifth Amendment.
  » Unconstitutionally interfering with the PRIVATE right to contract of the parties exchanging compensation.

- Must be made by someone IN CHARGE OF GOVERNMENT/PUBLIC property and therefore a “trustee” or “transferee” of said property.

  • Note that the “person” required to “make the return of income” is therefore a “trustee and transferee” of government property. There is a name for that, its called a “public officer”:

  “Public office. The right, authority, and duty created and conferred by law, by which for a given period, either fixed by law or enduring at the pleasure of the creating power, an individual is invested with some portion of the sovereign functions of government for the benefit of the public. The FAKE Liability Statute: IRC 6012

• Below is a recognition of these concepts by the California Legislature:

  California Civil Code Section 2224
  “One who gains a thing by fraud, accident, mistake, undue influence, the violation of a trust, or other wrongful act, is, unless he or she has some other and better right thereto, an involuntary trustee of the thing gained, for the benefit of the person who would otherwise have had it.”

  [SOURCE: https://leginfo.legislature.ca.gov/faces/codes_displayText.xhtml?lawCode=CI V&division=3.&title=8.&part=4.&chapter=&article=]

• The above statute recognizes a COMMON LAW concept of equity, in which if you wrongfully receive the property of another, you become an involuntarily “trustee” over the property with a legal duty to “return” the property even WITHOUT a statute requiring so. This is a MORAL duty.

• This same MORAL/EQUITABLE duty applies to all public officers handling public property, even WITHOUT a statute requiring so:
### The FAKE Liability Statute: IRC 6012

#### I: DUTY TO ACCOUNT FOR PUBLIC FUNDS

§ 909. In general.-

*It is the duty of the public officer, like any other agent or trustee, although not declared by express statute, to faithfully account for and pay over to the proper authorities all moneys which may come into his hands upon the public account, and the performance of this duty may be enforced by proper actions against the officer himself, or against those who have become sureties for the faithful discharge of his duties.*”

[Treatise on the Law of Public Offices and officers, p. 609, §909; Floyd Mechem, 1890; SOURCE: http://books.google.com/books?id=gI9AAAAIAAJ&printsec=titlepage]

- The PUBLIC OFFICER above, by the way, is described as a “person” in the Internal Revenue Code in 26 U.S.C. §6671(b) and 7343 and is engaged in a “trade or business” (Form #05.001) and therefore eligible to take “deductions” under 26 U.S.C. §162.
  - If the tax return you file allows deductions and you actually EMPLOY said deductions, then you have effectively consented to ACT as such “person” and public officer.
  - That is why, on the 1040NR return, earnings subject to deduction are called “effectively connected”, meaning CONSENSUALLY DONATED/CONVERTED to a PUBLIC use by its original PRIVATE owner.
The FAKE Liability Statute: IRC 6012

• We therefore conclude that:
  – The LIABILITY to “make a return” of PUBLIC property back to the government is NOT a statutory duty, but a common law duty even WITHOUT statute.
  – The obligation applies to ANYONE and EVERYONE in wrongful receipt or custody of someone ELSE’S property.
  – 26 U.S.C. §6012 just RECOGNIZES this common law duty but doesn’t need to even exist in order for the duty to be ENFORCED by a court.

• Because this is a COMMON LAW duty and applies to ANYONE and EVERYONE in custody of someone ELSE’S property, it applies to the GOVERNMENT when THEY are in wrongful custody of property paid or withheld by others that you did NOT expressly consent to convert from PRIVATE to PUBLIC. For proof, see the following authorities for proof:
The FAKE Liability Statute: IRC 6012

- California Civil Code, Section 2224 (involuntary trusts)

  https://scholar.google.com/scholar_case?case=16468645332325230169

- A government in wrongful custody of PRIVATE property (YOUR PROPERTY) illegally of non-consensually converted from PRIVATE to PUBLIC cannot invoke “sovereign immunity” to EVADE this duty. This is because it originates in the Fifth Amendment.

- We use this property concept to AGAINST the government in:
  - Property View of Income Taxation Course, Form #12.046

  - 1040NR Attachment, Form #09.077
    https://sedm.org/Forms/09-Procs/1040NR-Attachment.pdf
The FAKE Liability Statute: IRC 6012

- These concepts regarding FAKE liability in I.R.C. 6012 are FULLY corroborated by our research on who the ONLY lawful target of IRS enforcement is, as documented in:
  Challenging Jurisdiction Workbook, Form #09.082
  https://sedm.org/Forms/09-Procs/ChalJurWorkbook.pdf
- The above document PROVES that the only lawful subject of IRS enforcement authority are people INSIDE the government who had to VOLUNTEER to JOIN the government and thereby transition from FOREIGN (Private) to DOMESTIC (Public).
The FAKE Liability Statute: IRC 6012

- In conclusion, the alleged CIVIL STATUTORY OBLIGATION or “liability” to pay a tax can lawfully be avoided by placing the burden of proof upon the government as moving party to PROVE with evidence that:
  - You are in CUSTODY of government/PUBLIC property. See:
    - *Why the Federal Income Tax is a Privilege Tax Upon Government Property*, Form #04.404**
      (Member subscriptions)
    - If the property started out as YOUR property, that you lawfully consented (Form #05.003) to CONVERT it from PRIVATE to PUBLIC. See:
      - *Separation Between Public and Private Course*, Form #12.025
        https://sedm.org/LibertyU/SeparatingPublicPrivate.pdf
    - The SSN/TIN franchise mark was CONSENSUALLY connected to the property to accomplish the conversion. See:
      - *About SSNs/TINs on Government Forms and Correspondence*, Form #05.012
        https://sedm.org/Forms/05-MemLaw/AboutSSNsAndTINs.pdf
  - The adversarial parties mutually agree on the GOVERNMENT’S definitions of all terms on the forms you submitted to them, and thus there was a “meeting of minds” as required by the U.C.C.. If you rejected their definitions and implemented your own, then you have made a “counteroffer” and become the only lawgiver at that point instead of them. See:
    - *Path to Freedom*, Form #09.015, Sections 5.5-5.7
      https://sedm.org/Forms/09-Procs/PathToFreedom.pdf
Why being a CIVIL/DOMICILED “citizen**+D” is voluntary

- The CIVIL/DOMICILED “citizen[**+D] of the United States**” found in 26 C.F.R. §1.1-1(a) is a CIVIL STATUS to which CIVIL OBLIGATIONS attach. VOLUNTARILY pursuing this VOLUNTARY CIVIL STATUS by filing a 1040 tax return instead of the more proper 1040NR is the part where the person CONSENTS (Form #05.003) to the status and the obligations attached to the status. They cannot acquire the status ANY OTHER WAY.

- The Thirteenth Amendment to the United States Constitution forbids “involuntary servitude”.

- The Thirteenth Amendment applies EVERYWHERE in the COUNTRY, not just within Constitutional States of the Union.

- Any status to which civil obligations (Form #12.040) attach, such as CIVIL/DOMICILED “citizen**+D” (Form #10.011) within the Internal Revenue Code:
  - MUST therefore be VOLUNTARY. AND...
  - The Internal Revenue Code MUST provide an alternate status to which NO direct obligations (Form #12.040) attach. That is “nonresident alien” under 26 U.S.C. §7701(b)(1)(B).

- FURTHER, we also know that NO ONE protected by the Constitution can lawfully consent (Form #05.003) to GIVE UP an unalienable right (Form #12.038).

  “We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. -- That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. -”

  [Declaration of Independence, 1776]

  “Unalienable. Inalienable; incapable of being aliened, that is, sold and transferred.”

Why being a CIVIL/DOMICILED “citizen**+D” is voluntary

- ALIENATION is often equated with the idea of TRANSFER. The purpose of having unalienable rights is that the EXERCISE of that right cannot be transferred to another. Another person cannot bind YOU into a contract for example.

- There is a distinction between waiving a right (as in a contract) and ALIENATING a right.
  - Waiving a right in one context does not mean you don't still have that right in other contexts.
  - When you take a job with a company, you are not allowed to make political speeches at work--you are required to do your job. This is NOT an ALIENATION of your free speech rights--you still have that right, just not while you are at work.
  - Your attorney cannot plead the 5th for you--that is YOUR right to exercise. He can only ADVISE you to exercise it.

- With adhesion contracts and other implied contracts, unalienable rights establish that no one can be presumed to have sold himself into slavery, or to sell others into slavery, since the right to human liberty is not transferrable.

- A failure to acknowledge or enforce these limitations is CRIMINAL PEONAGE under 18 U.S.C. §1589 and slavery, even in a state of the Union.
Why being a CIVIL/DOMICILED “citizen**+D” is voluntary

“The citizen cannot complain, because he has voluntarily submitted himself to such a form of government. He owes allegiance to the two departments, so to speak, and within their respective spheres must pay the penalties which each exacts for disobedience to its laws. In return, he can demand protection from each within its own jurisdiction.”

[United States v. Cruikshank, 92 U.S. 542 (1875)]

“There is but one law which, from its nature, needs unanimous consent. This is the social compact; for civil association is the most voluntary of all acts. Every man being born free and his own master, no one, under any pretext whatsoever, can make any man subject without his consent. To decide that the son of a slave is born a slave is to decide that he is not born a man.

If then there are opponents when the social compact is made, their opposition does not invalidate the contract, but merely prevents them from being included in it. They are foreigners among citizens. “

Why being a CIVIL/DOMICILED “citizen**+D” is voluntary

“We can envision little that is more anomalous, under modern standards, than the forcible imposition of citizenship against the majoritarian will. See, e.g., U.N. Charter arts. 1, 73 (recognizing self-determination of people as a guiding principle and obliging members to "take due account of the political aspirations of the peoples" inhabiting non-self-governing territories under a member's responsibility). Atlantic Charter, U.S.-U.K., Aug. 14, 1941 (endorsing "respect [for] the right of all peoples to choose the form of government under which they will live"); Woodrow Wilson, President, United States, Fourteen Points, Address to Joint Session of Congress (Jan. 8, 1918) ("[I]n determining all questions of sovereignty the interests of the populations concerned must have equal weight with the equitable claims of the government whose title is to be determined.") (Point V). See also Tuaua, 951 F.Supp.2d at 91 ("American Samoans take pride in their unique political and cultural practices, and they celebrate its history free from conquest or involuntary annexation by foreign powers."). To hold the contrary would be to mandate an irregular intrusion into the autonomy of Samoan democratic decision-making; an exercise of paternalism—if not overt cultural imperialism—offensive to the shared democratic traditions of the United States and modern American Samoa. See King v. Andrus, 452 F.Supp. 11, 15 (D.D.C.1977) ("The institutions of the present government of American Samoa reflect ... the democratic tradition ....").

FOOTNOTES:

[13] Complex questions arise where territorial inhabitants democratically determine either to pursue citizenship or withdraw from union with a state. Such scenarios may implicate the reciprocal associational rights of the state's current citizens or the right to integrity of the sovereign itself.

Why being a CIVIL/DOMICILED “citizen**+D” is voluntary

• Federal Courts are WITHOUT power to declare anyone a CIVIL/DOMICILED citizen**+D, and especially if they DO NOT want to be one!

  "More fundamentally, however, the power to make someone a citizen of the United States has not been conferred upon the federal courts, like mandamus or injunction, as one of their generally applicable equitable powers. See, e. g., 28 U.S.C. § 1361; 28 U.S.C. §1651. Rather, it has been given them as a specific function to be performed in strict compliance with the terms of an authorizing statute which says that "[a] person may be naturalized . . . in the manner and under the conditions prescribed in this subchapter, and not otherwise." 8 U.S.C. § 1421(d) (emphasis added)."

  [INS v. Pangilinan, 486 U.S. 875 (1988)]

• The reason for this is clear. You have a First Amendment right to associate and not associate, and the status of “citizen” is the PRODUCT of that VOLUNTARY association.

Why being a STATUTORY “resident” (alien) is also voluntary

- **“Resident (alien)”** is defined in [26 U.S.C. §7701](http://sedm.org) (b)(1)(A).
- A “resident (alien)” is a privilege EVERYWHERE in the COUNTRY, not just on federal territory:

  The reasons for not allowing to other aliens exemption 'from the jurisdiction of the country in which they are found' were stated as follows: 'When private individuals of one nation [states of the Unions are “nations”] under the law of nations] spread themselves through another as business or caprice may direct, mingling indiscriminately with the inhabitants of that other, or when merchant vessels enter for the purposes of trade, it would be obviously inconvenient and dangerous to society, and would subject the laws to continual infraction, and the government to degradation, if such individuals or merchants did not owe temporary and local allegiance, and were not amenable to the jurisdiction of the country. Nor can the foreign sovereign have any motive for wishing such exemption. His subjects thus passing into foreign countries are not employed by him, nor are they engaged in national pursuits. Consequently, there are powerful motives for not exempting persons of this description from the jurisdiction of the country in which they are found, and no one motive for requiring it. The implied license, therefore, under which they enter, can never be construed to grant such exemption.' 7 Cranch, 144.

  In short, the judgment in the case of The Exchange declared, as incontrovertible principles, that the jurisdiction of every nation within its own territory is exclusive and absolute, and is susceptible of no limitation not imposed by the nation itself; that all exceptions to its full and absolute territorial jurisdiction must be traced up to its own consent, express or implied; that upon its consent to cede, or to waive the exercise of, a part of its territorial jurisdiction, rest the exemptions from that jurisdiction of foreign sovereigns or their armies entering its territory with its permission, and of their foreign ministers and public ships of war; and that the implied license, under which private individuals of another nation enter the territory and mingle indiscriminately with its inhabitants, for purposes of business or pleasure, can never be construed to grant to them an exemption from the jurisdiction of the country in which they are found. See, also, Carlisle v. U.S. (1872) 16 Wall. 147, 155; Radich v. Hutchins (1877) 95 U.S. 210; Wildenhus' Case (1887) 120 U.S. 1, 7 Sup.Ct. 385; Chae Chan Ping v. U.S. (1889) 130 U.S. 581, 603, 604, 9 Sup.Ct. 623.

  [United States v. Wong Kim Ark, 169 U.S. 649, 18 S.Ct. 456, 42 L.Ed. 890 (1898)]

- Being a **resident alien** is temporary and a CHOICE, because:
  - You can leave to avoid the obligation. . .OR
  - You can naturalize to become a state national to avoid the obligation
Why being a STATUTORY “resident” (alien) is also voluntary

- So long as they NEITHER leave NOR naturalize, aliens REMAIN privileged (enfranchised, Form #05.030) and have an enforceable tax obligation.

- “Resident (aliens)” are statutory “U.S. persons” under 26 U.S.C. §7701(a)(30).

- Per 26 C.F.R. §1.1-1, STATUTORY “U.S. persons” owe an income tax on their WORLDWIDE earnings. In that sense, they are different than “nonresident aliens”, who only owe a tax on U.S. source or “trade or business” (Form #05.001) earnings from the national government or the federal zone under 26 U.S.C. §871.

- Note that individuals are only “TREATED AS” resident aliens involuntarily if they meet the physical presence test in 26 U.S.C. §7701(b)(1)(A). They never get a CHOICE other than to either leave or naturalize.

- We think this is done to expand who can be “treated as” a “resident alien” beyond those who are lawfully admitted for permanent residence. For instance, those who MISTAKENLY file a 1040 return as a state national (Form #05.006) and thereby make an UNKNOWING “election” to be “TREATED AS” a PRIVILEGES/ENFRANCHISED (Form #05.030) “resident alien” for all intents and purposes.
**ANY Kind of Membership Always Implies LOSS of Rights!**

- The terms “citizen” and “resident” have in common that they are merely civil statutory statuses (Form #13.008) that imply different types of membership in specific groups with different public rights and privileges.

- You can’t be a member of ANY civil statutory group or acquire ANY civil statutory status (Form #13.008) WITHOUT surrendering some or ALL of your constitutional or natural rights.

  “When one becomes a member of society, he necessarily parts with some rights or privileges which, as an individual not affected by his relations to others, he might retain.”

  [Munn v. Illinois, 94 U.S. 113 (1877); SOURCE: https://scholar.google.com/scholar_case?case=6419197193322400931]

- If you want to RETAIN ALL your constitutional and natural rights, the only choice you have is to SURRENDER any and all membership and civil statuses and become “stateless”, a “non-resident” and NOT a statutory civil “person”. See Form #05.020 for proof.

- For proof that membership in ANY group and the evidence of membership such as STATUTORY “citizen” and “resident” and “taxpayer” ALWAYS involves a surrender of natural rights see: Membership in a Specific Class, Status, or Group As a Cause for Loss of Rights, SEDM Blog

  - We call those NOT domiciled POLITICAL “Citizens*”.

  The above are described in SEDM Disclaimer, Section 4.33
  https://sedm.org/disclaimer.htm#4.33. Citizen and CitizenD and Citizenship

- Aliens don’t need a domicile to be subject to national income tax:
  - Presence in the United States* (the COUNTRY) as an alien (foreign national born in another COUNTRY) is a privilege.
  - Regulating aliens is a foreign affairs function reserved to the national government under the Constitution, including throughout states of the Union.
  - Aliens who are merely physically present are called “resident aliens”. 26 U.S.C. §7701(b)(1)(A) and taxpayers.

- You can’t be an American National and be “resident” or “a resident” at the same time.
Why CIVIL/DOMICILED “citizens” and “residents” are public offices in the government

- State and National governments try to EQUIVOCATE to make American Nationals LOOK like aliens by using “permanent address” for the mailing address instead of DOMICILE on their forms. This is IDENTITY THEFT.

- **Domicile** is a civil statutory protection franchise (Form #05.030).
  - Choosing a domicile is a First Amendment exercise of your right to associate or NOT associate. It CANNOT be compelled.
  - When domicile IS compelled the result is CRIMINAL IDENTITY THEFT. See:

  - Civil statutory law are rules for “club members”.
  - Those who VOLUNTEER to join are called CIVIL/DOMICILED “citizens**+D” and “residents”.

Why CIVIL/DOMICILED “citizens” and “residents” are public offices in the government

• CLUB members who VOLUNTEER for a civil domicile:
  – Consist of CIVIL/DOMICILED “citizens**D” and “residents”.
  – Are treated as “participating in the functions of government”.
  – Are “Identified” with the government.
  – Are, for all intents and purposes “public officers”.

• Don’t believe us? Here are a few authorities:

“Citizenship and domicile are substantially synonymous. Residency and inhabitance are too often confused with the terms and have not the same significance. Citizenship implies more than residence. It carries with it the idea of identification with the state [as a PUBLIC officer] and a participation in its functions. As a citizen, one sustains social, political, and moral obligation to the state and possesses social and political rights under the Constitution and laws thereof. Harding v. Standard Oil Co. et al. (C.C.) 182 F. 421; Baldwin v. Franks, 120 U.S. 678, 7 S.Ct. 763, 32 L.Ed. 766; Scott v. Sandford, 19 How. 393, 476, 15 L.Ed. 691.”

“Citizenship implies membership in a political society, the relation of allegiance and protection, identification with the state[as a PUBLIC officer], and a participation in its functions.”

[Panill v. Roanoke Times Co, 252 F. 910 (1918)]

“Citizen defined

Citizenship implies membership in a political society, the relation of allegiance and protection, identification with the state, and a participation in its functions[as a PUBLIC officer], and while a temporary absence may suspend the relation between a state and its citizen, his identification with the state remains where he intends to return. Pannill v. Roanoke Times Co., W.D.Va.1918, 252 F. 910. Aliens, Immigration, And Citizenship 678”

The document discusses the concept of consent to join a CIVIL domiciled club, and the consequences for those who do not consent. It states that those who do not consent are called "nonresidents" and "foreigners", and are not subject to the civil statutory code but rather only the criminal law. They are left alone and not targeted for CIVIL STATUTORY enforcement.

Proof of "Justice" being defined as the "right to be LET ALONE" is cited from various sources:

They are also referred to as "idiots".

The sources cited are from the Sovereignty Education and Defense Ministry (SEDM).
Why CIVIL/DOMICILED “citizens” and “residents” are public offices in the government

- Aliens are always privileged and have NO AUTHORITY to avoid JOINING at least the COMMON law and CRIMINAL law jurisdiction.
  - “Residents, as distinguished from citizens, are aliens who are permitted to take up a permanent abode in the country. Being bound to the society by reason of their dwelling in it, they are subject to its laws so long as they remain there, and, being protected by it, although they do not enjoy all the rights of citizens. They have only certain privileges which the law, or custom, gives them. Permanent residents are those who have been given the right of perpetual residence. They are a sort of citizen of a less privileged character, and are subject to the society without enjoying all its advantages. Their children succeed to their status; for the right of perpetual residence given them by the State passes to their children.”
  - [The Law of Nations, Vattel, Book 1, Chapter 19, Section 213, p. 87]

- EVEN ALIENS, as privileged, STILL must VOLUNTEER, just like NATIONALS, to a CIVIL domicile. Those who have NOT yet volunteered:
  - Are called “nonresidents” also.
  - Have a “residence”, which is the “abode” of an ALIEN, but is NOT synonymous with a “domicile”.

Why those who file have to VOLUNTEER to make their labor taxable to them

• Even among those who file personal tax returns, income tax on your own labor is NOT taxable and you have to volunteer to make it taxable.

• For exhaustive proof that your own labor is not taxable to you when you file as a human being, see:

Why those who file have to VOLUNTEER to make their labor taxable to them

- On this subject:

1. The 1040 and 1040NR returns use block 1a to record “Total amount from Form(s) W-2, box 1”. See: https://www.irs.gov/forms-pubs/about-form-1040-nr

2. See the following on the IRS Website for Instructions:
   About Form 1040-NR, U.S. Nonresident Alien Income Tax Return, IRS

3. We know that nonresident alien earnings from labor are EXCLUDED from STATUTORY “wages” as defined in 26 U.S.C. §3401(a) in the case of services performed outside the STATUTORY "United States*** as defined in 26 U.S.C. §7701(a)(9) and (a)(10) (federal zone). Therefore, not subject to "wage" withholding or reporting of any kind for such services per:
   » 26 C.F.R. §31.3401(a)(6)-1(b) in the case of income tax.
   » 26 C.F.R. §31.3121(b)-3(c)(1) in the case of Social Security.

   Per the above, even if you received a W-2, the total amount on the W-2 DOES NOT belong in Block 1a of the 1040-NR!

4. 26 U.S.C. §3401(a) is under Subtitle C, which is “Employment Taxes”.
   1. Withholdings under this subtitle are not “taxes” until they are ASSESSED.
   2. Until actual “taxes” are assessed on the 1040-NR, W-2 withholdings are an OFFSET that pays the assessed tax at the time of the assessment.

5. The IRS Form 1040NR instructions LIE about this subject:
Why those who file have to VOLUNTEER to make their labor taxable to them

On the next page are the instructions for Line 1a of the 1040-NR “Wages” block. Those instructions say:

» “See Line 1a—Total Amount From Form(s) W-2, Box 1, in the Instructions for Form 1040 for the types of income includible on line 1a of Form 1040-NR.”
  NOTE: Instructions for 1040 Line 1a are found at:
  https://www.irs.gov/instructions/i1040gi#en_US_2023_publink24811vd0e4602

» “Exception. Enter on line 1a of Form 1040-NR only the wages, salaries, tips, and other compensation reported in box 1 of Form(s) W-2 effectively connected with a U.S. trade or business.”
  NOTE: “Effectively connected” MEANS DONATED TO A PUBLIC USE BY YOU PURSUANT TO 26 C.F.R. §1.872-2! The fact that the W-2 is an information return that connects the payment to a “trade or business” under 26 U.S.C. §6041(a) DOES NOT mean that it is YOUR “trade or business”. It means the PAYOR’s “trade or business”. See:
  https://famguardian.org/TaxFreedom/CitesByTopic/EffectivelyConnected.htm

» “Only U.S. source income is included on line 1a as effectively connected wages.”
  NOTE: “U.S. source” means the statutory geographical “United States” in 26 U.S.C. §7701(a)(9) and (a)(10) and does NOT include states of the Union.
  “Effectively connected” means DONATED to a public use BY YOU. It doesn’t mean ALL earnings on the W-2. If you are a nonresident alien working OUTSIDE the statutory geographical United States, you shouldn’t even be getting a W-2 and if you do, it should say ZERO.

» “Don’t include any income on line 1a of Form 1040-NR that isn’t treated as effectively connected to a U.S. trade or business even if it is listed in Line 1a of the Instructions for Form 1040.”
  NOTE: In other words, if it isn’t donated to a public use by you, then don’t put it on Line 1a.
Why those who file have to VOLUNTEER to make their labor taxable to them

Line 1a—Total Amount From Form(s) W-2, Box 1

See Line 1a—Total Amount From Form(s) W-2, Box 1, in the Instructions for Form 1040 for the types of income includible on line 1a of Form 1040-NR.

**Exception.** Enter on line 1a of Form 1040-NR only the wages, salaries, tips, and other compensation reported in box 1 of Form(s) W-2 **effectively connected with a U.S. trade or business.** Only U.S. source income is included on line 1a as effectively connected wages. Don’t include any income on line 1a of Form 1040-NR that isn’t treated as effectively connected to a U.S. trade or business even if it is listed in Line 1a of the Instructions for Form 1040.

**TIP**

If you received scholarship or fellowship grants that weren’t reported to you on Form W-2, you will now report these amounts on Schedule 1, line 8r. See the instructions for Schedule 1, line 8r, later.

**Amounts Exempt Under a Treaty**

Wages, salaries, tips, and other compensation that you claim are exempt from U.S. tax under an income tax treaty should not be reported on line 1a. Instead, include these amounts on line 1k and complete item L of Schedule OI (Form 1040-NR). Generally, if you submitted a properly completed Form 8233, Exemption From Withholding on Compensation for Independent (and Certain Dependent) Personal Services of a Nonresident Alien Individual, to claim an exemption from withholding based on a treaty, your employer wouldn’t have withheld tax on the exempt amount and would’ve reported the exempt amount on a Form 1042-S and not in box 1 of Form W-2. However, if you didn’t submit a Form 8233 to your employer or if you submitted a Form 8233 to your employer but your employer withheld tax on the exempt amount because it couldn’t readily determine your eligibility for the exemption, you can claim the exemption on Form 1040-NR by reducing your line 1a wages by the exempt amount. You will need to complete item L on Schedule OI (Form 1040-NR) and attach a statement to your return containing all information that would have otherwise been required on a Form 8233 to explain your eligibility for the exemption. See the examples next.
Key points with the W-2 reporting and entering it on the 1040-NR Line 1a:

- W-2 forms usually document the TOTAL or GROSS amount paid for labor.
- Under the Sixteenth Amendment, the income tax is on PROFIT, not GROSS RECEIPTS for labor. The U.S. Supreme Court confirmed this:
  "... `income’ as used in the statute should be given a meaning so as not to include everything that comes in, the true function of the words `gains’ and `profits’ is to limit the meaning of the word `income’"
- From the get-go, W-2 amounts reported are therefore WRONG and should NOT go directly in Block 1a of the 1040-NR as “gross income” because they do not document PROFIT from labor, but ONLY GROSS AMOUNT paid for your labor.
- It is up to YOU to:
  » Realize that YOUR OWN human labor is NOT TAXABLE to you personally if you are filing as a human being and not a business, trust, estate, or passthrough entity.
  » Realize that only businesses can profit from the labor or OTHERS that they hire. Remember:
    • The 1040 and 1040-NR also DOUBLES as a BUSINESS filing for Partnerships and passthrough entities, trusts, and estates.
    • Trusts, estates, and passthrough entities are not human beings and CAN profit from OTHER PEOPLE’s human labor.
Why those who file have to VOLUNTEER to make their labor taxable to them

» Determine PROFIT from labor for a BUSINESS but never YOURSELF. The 1040 and 1040-NR tax return instructions mention NOTHING about this critical fact and instead imply you should transfer the ENTIRE amount from labor on the W-2 directly in Block 1a to INCORRECTLY and FALSELY maximize the gross income and the tax paid.

» Correct W-2 false reports by your business associates using the following:
  • Correcting Erroneous Information Returns, Form #04.001
  • Correcting Erroneous W-2s, Form #04.006
    https://sedm.org/Forms/04-Tax/0-CorrErrInfoRtns/FormW2/CorrectingIRSFormW2.htm
  • W-2CC, Form #04.304
    https://sedm.org/Forms/04-Tax/3-Reporting/FormW-2CC-Cust/FormW-2CC.pdf

– The amount paid to you for your labor is presumed to be its “fair market value”. Thus, there is NO GAIN. This can easily be demonstrated using 26 U.S.C. §83 as documented in:

  *How the Government Defrauds You of Legitimate Exclusions for the Market Value of Your Labor*, Form #05.026

– W-2 forms are classified as “lay legal conclusions” that are inadmissible as evidence.
  » "lay legal conclusions [such as information returns] are inadmissible in evidence“
    [Christiansen v. National Savings and Trust Co., 683 F.2d. 520, 529 (D.C. Cir. 1982)]
Why those who file have to VOLUNTEER to make their labor taxable to them

» Generally, neither an expert witness nor a lay person may give testimony that amounts to a legal conclusion. Berkeley Inv. Group, Ltd. v. Colkitt, 455 F.3d. 195, 217 (3d Cir. 2006); Hogan v. American Telephone Telegraph, 812 F.2d. 409, 411-12 (8th Cir. 1987) (lay opinion is not helpful if couched as legal conclusion); Christiansen v. National Savings and Trust Co., 683 F.2d. 520, 529 (D.C. Cir. 1982) (“lay legal conclusions are inadmissible in evidence”). [Langbord v. U.S. Department of Treasury, CIVIL ACTION No. 06-5315, at *22 (E.D. Pa. July 5, 2011)]

– Because the W-2 is a “lay legal conclusion” that is inadmissible as evidence, even if signed under penalty of perjury, it is YOUR job to correct the amounts reported before transferring them to the 1040-NR return.

– If you are a nonresident alien working OUTSIDE the statutory geographical United States (federal zone per 26 U.S.C. §7701(a)(9) and (a)(10)):  
  » You shouldn’t even be getting a W-2 and
  » If you do, it should say ZERO for “wages”.

– Don’t believe us?

Title 26: Internal Revenue
PART 31—EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE
Subpart B—Federal Insurance Contributions Act (Chapter 21, Internal Revenue Code of 1954)
General Provisions
§ 31.3121(b)-3 Employment; services performed after 1954.

"(c) Services performed outside the United States—

(1) In general. Except as provided in paragraphs (c)(2) and (3) of this section, services performed outside the [statutory geographical] United States[District of Columbia] (see §31.3121(e)-1) do not constitute employment."
Why those who file have to VOLUNTEER to make their labor taxable to them

• IMPORTANT:
  – People you hire for your business and pay an hourly wage for their work in order to derive profit are taxable to a BUSINESS if the BUSINESS is filing the tax return.
  – When you hire out others for profit, this is called “compensation for services” in 26 U.S.C. §61(a).
  – “compensation for services” is NOT the same thing as “personal services”.
  – “personal services” is services rendered by a business that are connected to a “trade or business” (Form #05.001), and not ALL services your business renders for profit. See:
    Sovereignty Forms and Instructions Online, Form #10.004, Cites by Topic: “Personal services”
    https://famguardian.org/TaxFreedom/CitesByTopic/PersonalServices.htm
  – If the IRS explained these things on the 1040-NR instructions, 30% of their revenues would literally DISAPPEAR overnight because people selling their labor in an EQUAL exchange for money would LAWFULLY exit the tax system.
  – If you don’t know these things, you inevitably will become a LITERAL slave to your own legal ignorance living on a government franchise plantation as described below. Get smart or learn to be a good obedient government whore who “services” them for free as a volunteer:

    https://sedm.org/how-to-leave-the-government-farm-form-12-020/
Are You an “Obligor”/”Obligee”?

- Many freedom fighters get stuck in the idea of "waiving rights" because with income tax, for example, the party you contract with is the United States GOVERNMENT. In that case it is NOT a "people/government" relationship. It is an obligee/obligor relationship.

- If anything, an obligee is treated as though he is part of the government, for purposes of the implied contract.

- The difference in wording probably describes a paradigm shift. Most do not SEE there is actually an obligee/obligor relationship.

- All these losing arguments people make are losing arguments BECAUSE they incorrectly perceive the relationship as "people/government". It is actually obligor/obligee relationship being at least presumed (Form #05.017).

- You can't fix the problem until you correctly see what the problem is

- The law does not make any of us slaves to Congress via income tax, though that is effectively the myth that legally ignorant people commonly believe.
Are You an “Obligor”/”Obligee”?

• How you become an “obligor”:
  – CIVIL STATUTES provide that anyone domiciled on federal territory can VOLUNTEER to make themself an OBLIGOR.
  – The organic law applicable to constitutional states, however DOES NOT allow you to become an obligor. This is because:
    » It would be an alienation of PRIVATE rights that are supposed to be UNALIENABLE. Form #12.038.
    » It creates a criminal conflict of interest in those administering the government whereby their duty to protect private property is abrogated and replaced with private commercial interest.

• Definition of “obligor”:
  ob•li•gor ŏb″lĭ-gôr′, -jôr′
  n. One who is under obligation to another by contract or legal agreement.
  n. In law, the person who binds himself or gives his bond to another.

• The CIVIL STATUTORY “taxpayer” (Form #05.013) is the “obligor” and the United States federal corporation (28 U.S.C. §3002(15)(A)) as PRIVATE business entity operating in commerce as a Merchant (U.C.C. §2-104(1)) and NOT a “government” is the “obligee”.

• Being “subject to” as “taxpayer” is defined in 26 U.S.C. §7701(a)(14) is legal evidence that YOU ARE an “obligor”.

22NOV2021 How American Nationals Volunteer to Pay Income Tax, Copyright Sovereignty Education and Defense Ministry (SEDM) http://sedm.org
Are You an “Obligor”/”Obligee”?  

• The CIVIL STATUTORY terms “citizen”, “resident”, and “person” are merely SUBSETS of those who are “taxpayer” obligors.
• Becoming a STATUTORY “taxpayer” is VOLUNTARY. See:
"The term office' has no legal or technical meaning attached to it, distinct from its ordinary acceptations. An office is a public charge or employment; but, as every employment is not an office, it is sometimes difficult to distinguish between employments which are and those which are not offices. A public officer is one who has some duty to perform concerning the public; and he is not the less a public officer when his duty is confined to narrow limits, because it is the duty, and the nature of that duty, which makes him a public officer, and not the extent of his authority.' 7 Bac. Abr. 280; Carth. 479. Where an employment or duty is a continuing [***65] one, which is defined by rules prescribed by law and not by contract, such a charge or employment is an office, and the person who performs it is an officer. The powers vested in the government of the state of Mississippi are either legislative, judicial, or executive; and these respective branches of power have been committed to separate bodies of magistracy. Whether an office has been created by the constitution itself, or by statute, the incumbent, as a component member of one of the bodies of the magistracy, is vested with a portion of the power of the government. The words civil office under the state'... import an office in which is reposed some portion of the sovereign power of the state, and of necessity having some connection with the legislative, judicial, or executive departments of the government. The local and limited power and duties of the levee commissioner can have no effect in determining the question whether his office is not an office under the state. A member of the board of county police, or a justice of the peace, is as much an officer under the state as the executive, the heads of department, or a member of the judiciary. The powers attached [***66] to the office of levee commissioner evidently pertain to the executive branch of the government. Clothed with a portion of the power vested in that department, the commissioner, in the discharge of his proper functions, exercises as clearly sovereign power as the governor or a sheriff." Shelby v. Alcorn, 36 Miss. 273, 288-290, 292. The constitution provided that "no senator [*233] or representative" should, during his term, "be appointed to any civil office of profit under this state," which had been created during his legislative term. The object of the clause was manifest, and the office of levee commissioner was held to be within the mischief which the prohibition was intended to prevent.

[Ricker's Petition, 66 N.H. 207 (1890)]
All Obligors are “public officers”

• Why are all “obligors” public officers? Because:
  – A “public officer” is legally defined as someone in charge of the PROPERTY of the public. By “property” we mean PUBLIC or GOVERNMENT property.
  – The PROPERTY you are in charge of is the CIVIL STATUS (Form #13.008), which is a “res” to which both civil statutory OBLIGATIONS and PRIVILEGES attach.
  – All obligations and their corresponding rights are property.
  – Legislatively created civil statutory obligations and privileges are a creation of Congress.
  – The CREATOR of a thing is always the OWNER. Therefore Congress literally OWNS not only the civil statuses (the “res”) they create, the rights and obligations attached to the res, and ALL who claim the “benefit” of these rights, obligations, and privileges.
  – Congress has a constitutional right to “make all needful rules and Regulations respecting the Territory and other property belonging to the of the United States” per Article 4, Section 3, Clause 2 of the Constitution.
  – The CIVIL franchise “codes” (Form #05.030) and the agreement they represent are the method of REGULATING and controlling the property and rights they legislatively create.
  – The legislatively created civil statuses and the property they represent are what the courts refer to as “publici juris”.
  – It is “repugnant to the Constitution” per the U.S. Supreme Court to regulate PRIVATE property and PRIVATE rights. These things, after all, are the MAIN thing PROTECTED by the Bill of Rights in the Constitution.

The “Language” of Volunteering/Consenting

The following language represent examples of an act of CONSENT to CONVERT PRIVATE to PUBLIC that is usually INVISIBLE to you. If you realized all these things represented an act of CONSENT, you would UNCONSENT:

1. STATUTORY “citizen”.
   - All those who call themselves STATUTORY “citizens” are VOLUNTEERS according to the U.S. Supreme Court:
     
     "The citizen cannot complain, because he has voluntarily submitted himself to such a form of government. He owes allegiance to the two departments, so to speak, and within their respective spheres must pay the penalties which each exacts for disobedience to its laws. In return, he can demand protection from each within its own jurisdiction."
     
     [United States v. Cruikshank, 92 U.S. 542 (1875) [emphasis added]]

   - If you don’t want to “volunteer”, call yourself a “national” who is not the citizen mentioned in 26 C.F.R. §1.1-1(c). All “citizens” are “nationals” but not all “nationals” are “citizens” according to the Department of State. See:
     
     8 FAM 301.1-1: Acquisition by Birth in the United States
     [https://fam.state.gov/FAM/08FAM/08FAM030101.html]

2. “Shall be treated as”. This appears 696 times in the Internal Revenue Code. There are "Shall be treated" provisions but no provisions that say “shall NOT be treated as”.

22NOV2021 How American Nationals Volunteer to Pay Income Tax, Copyright Sovereignty Education and Defense Ministry (SEDM) http://sedm.org
The “Language” of Volunteering/Consenting

3. “Effectively connected”. This means PROPERTY DONATED to a public use by connecting it with a “trade or business” (Form #05.001) to procure the BENEFITS of a FRANCHISE or a PRIVILEGE. PRIVILEGES represent PUBLIC property or rights granted to you for a price that have legal strings attached.

4. “Constructively received”. This is equivalent to “effectively connected”. Found in Utah Rules R865-9I-7(1)(b)(3).

5. “Election” or “election to be treated as”. They use the word “election” because you are “electing” or “choosing” to occupy the privileged statutory office of “person”, “citizen”, “resident alien”, “individual” etc. See: Divine election/choice, SEDM
   https://sedm.org/divine-election-choice/

6. “Agreement”. This is found in 26 U.S.C. §3402(p)(3). Under this agreement, you are agreeing to treat PRIVATE earnings as “federal payments” FROM THE GOVERNMENT as described in 26 U.S.C. §3402(p)(1)(A). You are also agreeing to be treated effectively as a government STATUTORY “Employee” as defined in 26 U.S.C. §3401(c).
7. “You have decided”. This is an act of CONSENT. It is found in IRS publications such as 1040NR instructions in reference to “effectively connected” to indicate you are exercising consent to DONATE private property to a PUBLIC “trade or business”. See Form #05.003. See:

- **1040-NR Instructions**, Internal Revenue Service

8. “is effectively connected for the taxable year with the conduct of a trade or business in the United States by that individual”. ONLY YOU as the absolute owner of the property (including labor) can connect your PRIVATE property to a public use, a public purpose, or a public office. Anyone else doing it is STEALING. See:

- 26 C.F.R. §1.872-2(f)

How the government HIDES the METHODS of consent documented herein

- In order to KEEP you volunteering, the government must make your consent INVISIBLE and unknown to you.
- The reason they want your consent to continue to be INVISIBLE is so that you continue to donate. If you knew how you volunteered, most people would instantly UNVOLUNTEER. Thus, how you consent is a Third Rail Issue, as described in:
  
  *Third Rail Government Issues*, Form #08.032
  
  https://sedm.org/Forms/08-PolicyDocs/ThirdRailIssues.pdf

- The techniques documented in this presentation describe the various methods you consent, but you will never find them discussed in any government publication or even court ruling. THIS IS THEREFORE DELIBERATE!
Below are the methods that they use to make your consent INVISIBLE:

– NEVER defining what “effectively connected” means in IRS publications or the fact that YOU and not THEM are the only one who can “effectively connect” your private property.

– Never defining what an “election” is in their publications. It means CONSENT.

– NEVER discussing the statutory definition of “trade or business” in 26 U.S.C. §7701(a)(26) within their publications and its use in converting PRIVATE property to PUBLIC property through a DONATION on your part.

– NEVER discussing that third party reports filed under 26 U.S.C. §6041(a) are the method of getting businesses to VOLUNTEER to donate their services in reporting. Private businesses are ordinarily NOT engaged in a “trade or business” (Form #05.001). These reports document the BUSINESS’S VOLUNTARY participation in the “trade or business” franchise, not those they do business with. See Form #04.001.

– DISCRIMINATING against NONTAXPAYERS or refusing to recognize them. Providing a “Taxpayer Advocate Service” but not a “Nontaxpayer Advocate Service”. Thus, everyone has to volunteer to become a statutory “taxpayer” to get any help at all.
How the government HIDES the METHODS of consent documented herein

- Providing no withholding form for State Nationals that accurately documents their EXCLUSION from withholding and reporting such as the following:

Summary of ways you volunteer

• This section summarizes all the various ways that you volunteer to pay income tax along with how to AVOID volunteering.

1. Filing a STATUTORY tax return AT ALL
   1. There is no statute EXPRESSLY creating a tax liability for anything OTHER than withholding agents on nonresident aliens in 26 U.S.C. §1461.
   2. The Secretary cannot CREATE a liability through regulation that does not appear in the statutes. If he does, he can only be obligating his own employees because 5 U.S.C. §301 limits his delegated authority to property to officers and property WITHIN the Treasury Department and NOT to people or property OUTSIDE his department.
   3. If you use the definitions and statuses they create in the I.R.C. such as “person”, “taxpayer”, “citizen”, “resident”, etc., you are availing yourself of a public privilege and thus incurring obligations attached to the status.
   4. To AVOID this election, use their 1040NR form but define the terms to be non-statutory and claim all unlawfully withheld earnings back using.

2. Filing the WRONG tax form, the 1040:
   1. This results in a “U.S. person” election under 26 U.S.C. §7701(a)(30).
   2. This constitutes an ELECTION to be treated AS IF you have a domicile within the exclusive jurisdiction of the national government and represent an office or position in the Department of the Treasury. You are EFFECTIVELY but not ACTUALLY domiciled in the statutory geographical “United States**” (federal zone).
   3. This causes you to VOLUNTEER for all the civil obligations associated with the civil statutory status of “U.S. person”. See:
      “U.S. Person” Position, Form #05.053
      https://sedm.org/Forms/05-MemLaw/USPersonPosition.pdf
   4. The MOST IMPORTANT obligations of “U.S. Person” include:
      1. Owing tax on your WORLDWIDE earnings.
      2. Being subject to FBAR reporting.
      3. Being subject to healthcare mandates.
   5. To AVOID this election and all “U.S. person” obligations, simply file the CORRECT tax return as an American National: the 1040NR using:

3. Filling the right form, the 1040NR, but entering any amount on the form that is “effectively connected”.
   
   1. This donates formerly PRIVATE property to a public use, public office, and public purpose.
   
   2. This conveys control over the property to the national government.
   
   3. This makes you a trustee and bailee over the property until the tax on the use of the PUBLIC property is “returned” to the national government.
   
   4. To avoid this election, don’t enter anything on the form and thus avoid CONVERTING it from PRIVATE to PUBLIC.

4. Filing the right form, the 1040NR, but mis-indentifying your earnings as originating from a DOMESTIC “U.S.” source, meaning a government source, on the Schedule NEC:

- U.S. Source means a PUBLIC/GOVERNMENT source from WITHIN the U.S. government corporation. It can’t be a private source because then:
  - The national government would be interfering with the right to contract of the parties exchanging the money and
  - Unlawfully converting private property to public property (theft).
- U.S. does not mean a GEOGRAPHICAL source because just about everything actually geographical is EXPRESSLY EXCLUDED by statutory regulation from the statutory geographical “United States”. See for yourself:
  
  Proof of Facts: What the geographical “United States” means in 26 U.S.C. 7701(a)(9) and (a)(10), SEDM

- The only thing LEFT that “United States” can mean is a corporation, which is then called DOMESTIC. Everything OUTSIDE that corporation is then FOREIGN per the above link.
Summary of ways you volunteer

Even in the case of payments from the United States corporation, there are still lots of things which, if included, constitute a DONATION. For instance:

» Anything that is not PROFIT as required by the Sixteenth Amendment. The income tax is ONLY on PROFIT.
» Earnings from your own labor. Note that LABOR is nowhere listed on Schedule NEC, nor are “wages”. See:
  
  *Proof that Involuntary Income taxes on Your Labor are Slavery*, Form #05.055

» Payments from PRIVATE parties not acting as agents of the national government. Only PUBLIC property belongs on the Schedule NEC.
» Earnings not expressly identified as “gross income” in I.R.C. Section 61.
» Earnings received from anyone in states of the Union or abroad acting in a private capacity.

Next, we will provide a diagram connecting the dots between foreign/private and domestic/public and relate it to the two types of property and how they relate to the PROCESS of volunteering to pay income taxes.

Every effort to volunteer involves one of three processes of consensually converting PROPERTY from PRIVATE to PUBLIC by YOU.

The next page shows the three processes and the affect on your property of exercising any one of them. These processes relate ONLY to “nonresident aliens”, which is the default status most Americans have until the UNLAWFULLY elect “U.S. person” or CIVIL/DOMICLED Citizen**+D status by filing a 1040 tax return.

The processes described are further explained in:

Property View of Income Taxation, Form #12.046

https://sedm.org/LibertyU/PropertyViewOfIncomeTax.pdf

In diagramming the relationships, it is important to realize that DOMESTIC and FOREIGN are NEVER connected to any specific geography. Thus, YOU get to choose which one you want to be no matter WHERE you physically live!
There are three election (consent) mechanisms shown:

1. **“U.S. person” election.** This converts the human who consents to the status into a public officer or agent who owes obligations to the national government. They then become “persons” targeted for enforcement within 26 U.S.C. §6671(b) and 7343. See:

   *U.S. Person Position, Form #05.053*
   
   [https://sedm.org/Forms/05-MemLaw/USPersonPosition.pdf](https://sedm.org/Forms/05-MemLaw/USPersonPosition.pdf)

2. **“Effectively connect” election.** This connects private property to a “trade or business” under 26 U.S.C. §7701(a)(26). See:

   *Sovereignty Forms and Instructions Online, Form #10.004, Cites by Topic: “Effectively Connected”*
   

3. **Connect SSN/TIN to OWNER.** Mandatory for U.S. persons, optional for Nonresident Aliens. The STATUS of the number as FOREIGN or DOMESTIC indicates the STATUS of the OWNER it connects to as either FOREIGN or DOMESTIC. See 26 C.F.R. §301.6109-1.

Evidence in Court Rulings

- The case below establishes that the income tax is upon the PRIVILEGE of domicile which is voluntary:

  Regarding Oklahoma's income tax, the Court of Appeals declared that the State may not tax the wages of members of the Chickasaw Nation who work for the Tribe, including members who reside in Oklahoma outside Indian country.

  The holding on tribal members who live in the State outside Indian country runs up against a well-established principle of interstate and international taxation—namely, that a jurisdiction, such as Oklahoma, may tax all the income 463*463 of its residents, even income earned outside the taxing jurisdiction:[11]

  "That the receipt of income by a resident of the territory of a taxing sovereignty is a taxable event is universally recognized. Domicil itself affords a basis for such taxation. Enjoyment of the privileges of residence in the state and the attendant right to invoke the protection of its laws are inseparable from responsibility for sharing the costs of government . . . . These are rights and privileges which attach to domicil within the state. . . . Neither the privilege nor the burden is affected by the character of the source from which the income is derived." New York ex rel. Cohn v. Graves, 300 U. S. 308, 312-313 (1937).

  This "general principl[e] . . . ha[s] international acceptance." American Law Institute, Federal Income Tax Project: International Aspects of United States Income Taxation 4, 6 (1987); see, e. g., C. Cretton, Expatriate Tax Manual 1 (2d ed. 1991) ("An individual who is resident in the UK is subject to income tax on all his sources of income, worldwide."). It has been applied both to the States, e. g., Shaffer v. Carter, 252 U. S. 37, 57 (1920); see 2 J. Hellerstein & W. Hellerstein, State Taxation § 20.04, p. 20-13 (1992), and to the Federal Government, e. g., Cook v. Tait, 265 U.S. 47, 56 (1924); see 1 J. Isenbergh, International Taxation 45-56 (1990).[12]

  – Domicile is a PUBLIC privilege and not PRIVATE right. See:  
    Why Domicile and Becoming a “Taxpayer” Require Your Consent, Form #05.002
    https://sedm.org/Forms/05-MemLaw/Domicile.pdf
  – Privileges must be voluntary and avoidable or we have unconstitutional involuntary servitude.
  – Accepting or claiming the civil status of “residence” and “resident” are evidence of CONSENT to a domicile. This “acceptance” of the PRIVILEGE of domicile is usually done on government forms. See:
    Your Exclusive Right to Declare or Establish Your Civil Status, Form #13.008
    https://sedm.org/Forms/13-SelfFamilyChurchGovnce/RightToDeclStatus.pdf
  – If you want to lawfully avoid the income tax, you must:
    » NOT choose a CIVIL domicile.
    » Never identify yourself as a “resident” or having a “residence” within the taxing jurisdiction you are within on any government form.
    » Never claim ANY civil status on a government form that has domicile as a prerequisite, including CIVIL STATUTORY “person”, “citizen”, “resident”, “taxpayer”, etc.
    » Make the commercial use of your identity or your name constitute ASSENT to the contract protecting your civil status:

• Notice the above case says [**DOMICILE (Form #05.002)**](http://sedm.org) is the basis for INTERNATIONAL taxation regardless of source and mentions [**Cook v. Tait, 265 U.S. 47, 56 (1924)**](http://sedm.org) as an authority.

• In [**Cook v. Tait, 265 U.S. 47, 56 (1924)**](http://sedm.org), the court held:

>The contention was rejected that a citizen's property without the limits of the United States derives no benefit from the United States. The contention, it was said, came from the confusion of thought in "mistaking the scope and extent of the sovereign power of the United States as a nation and its relations to its citizens and their relations to it." And that power in its scope and extent, it was decided, is based on the presumption that government by its very nature benefits the citizen and his property wherever found, and that opposition to it holds on to citizenship while it "belittles and destroys its advantages and blessings by denying the possession by government of an essential power required to make citizenship completely beneficial." In other words, the principle was declared that the government, by its very nature, benefits the citizen and his property wherever found and, therefore, has the power to make the benefit complete. Or to express it another way, the basis of the power to tax was not and cannot be made dependent upon the situs of the property in all cases, it being in or out of the United States, and was not and cannot be made dependent upon the domicile of the citizen, that being in or out of the United States, but upon his relation as citizen to the United States and the relation of the latter to him as citizen. The consequence of the relations is that the native citizen who is taxed may have domicile, and the property from which his income is derived may have situs, in a foreign country and the tax be legal — the government having power to impose the tax. [**Cook v. Tait, 265 U.S. 47, 56 (1924)**](http://sedm.org)
Evidence in Court Rulings

• Inferences in Cook v. Tait:
  – Notice they called the CIVIL STATUTORY status of citizen a “benefit” that was “beneficial”. CIVIL STATUTORY “protection” was ONE of those “benefits”, in fact. Thus, Cook was receiving “benefits” and public property that there was a quid pro quo obligation to PAY for with income tax.
  – Cook was domiciled in Mexico at the time, filed a 1040 rather than 1040NR return for the affected year, and checked “Yes” in the box that asked “Are you a citizen or resident of the United States?”. He lined out “resident”. Thus, the STATUS, also called “CIVIL LEGAL STATUS” of Cook, was CIVIL STATUTORY “U.S. Citizen”.
  – Cook therefore was not DOMICILED in the statutory geographical “United States” defined in 26 U.S.C. §7701(a)(9) and (a)(10) as ONLY the District of Columbia. Thus, they couldn’t tax that domicile.
  – The case related to NATIONAL government income taxation, not a state. State income taxation of the domicile FRANCHISE/PRIVILEGE stops at the borders of the Constitutional state.
  – Income taxation of Cook was based on the CIVIL STATUTORY STATUS Cook declared on his tax return. By filing the 1040 return for the affected year, he made a “status election” to be treated AS IF he were a CIVIL STATUTORY “U.S. citizen”, regardless of his actual CIVIL domicile or even his nationality!
  – And YET, in the previous Chicasaw case, they said income tax was based exclusively on domicile. This was also reaffirmed in the case of Lawrence v. State Tax Commission, 286 U.S. 276 (1932).

Evidence in Court Rulings

**QUESTION:** So what SPECIFICALLY DID have a domicile (Form #05.002) in the statutory geographical “United States” in the case of Cook? Something in fact DID!

**ANSWER:** The VOLUNTARY CIVIL STATUTORY OFFICE OF “U.S. citizen” that he claimed on the 1040 return he filed that was the subject of the case!

- Obama declared in his Farewell Address that “U.S. citizen” is a public office! See: SEDM Exhibit #01.018; https://sedm.org/Exhibits/EX01.018-39-45-20170110-Obama%20Farewell%20Speech.mp4

- The CIVIL STATUTORY PUBLIC OFFICE of “U.S. citizen” that Cook claimed was LEGISLATIVELY granted and created by the national government and thus OWNED as public property by that government.

- Cook was in receipt of that PUBLIC property and the “benefits” (public RIGHTS) of invoking the CIVIL SERVICES of the court attached to that property.

- The OFFICE of CIVIL STATUTORY “U.S.[**] citizen[**+D]” has a CIVIL DOMICILE in the domicile of its CORPORATE CREATOR, which is the District of Columbia.

- The CIVIL domicile of the OFFICE and the OFFICER VOLUNTARILY FILLING said office DO NOT NEED to be the same and usually are NOT the same.

- Those VOLUNTEERING for the office on a government form become SURETY for the CIVIL OBLIGATIONS of the office they volunteer for.
Evidence in Court Rulings

- So what EXACTLY was the “benefit” Cook was claiming?
  - Standard deductions and exemptions, which are all privileges.
  - CIVIL statutory protection abroad. Cook was domiciled abroad and stateless, but he could invoke the court’s services by declaring a privileged civil status. Otherwise his case would have to be dismissed.

- Moral of the story:
  - Domicile is a prerequisite of all income tax liability, both state AND federal.
    » In the case of STATES, the domicile is that of the OFFICEHOLDER.
    » In the case of the NATIONAL government, the domicile is that of the OFFICE of “U.S. citizen”.
  - National government:
    » The presumption of domicile in the statutory geographical "United States" is established MERELY by:
      • Calling oneself a "U.S. citizen" on the 1040 return he filed the year that was the subject of that case and then
      • Taking deductions of any kind, which are identified as a privilege and therefore “benefit” in 26 U.S.C. §162 called a “trade or business” (Form #05.001)!
    » The status of statutory "U.S. citizen" (Form #05.006) as an office in the national government has a domicile INDEPENDENT of the person filling the office! This is ALSO why 26 C.F.R. §1.1-1(a) can impose the income tax upon WORLDWIDE income of those DOMICILED in the statutory geographical "United States".

  You should NEVER claim to be a "U.S. citizen" on a FEDERAL form such as the 1040, because it is an OFFICE in the national governments domiciled at the SEAT of that government and not at the place the OFFICER physically lives or has a domicile at.
Evidence in Court Rulings

- By invoking ANY CIVIL STATUTORY STATUS on a government form or court pleading and claiming a privilege in connection with it, you are, IN ESSENCE VOLUNTEERING for a public office and a PRIVILEGE and agreeing to PAY for the privilege by owing tax.

- To AVOID domicile or the markers of it, one must:
  
  » Not vote or serve on jury duty.
  
  » Claim “nonresident alien” status, and thus avoid the PRIVILEGED use of SSNs and TINs. See:  
    W-8SUB, Form #034.231
    https://sedm.org/Forms/04-Tax/2-Withholding/W-8SUB.pdf
  
  » Not apply for or use a driver license, which is a privilege that implies a presumption of domicile or “residence”.
  
  » Never file a RESIDENT tax form, such as a 1040 or state resident tax form.
  
  » Add the following to the end of the street address on all addresses they put on government forms:  
    (NO a domicile or residence. Transient foreigner EVERYWHERE)
  
  » NEVER invoke or ask for any “benefit” or “civil service” from any government. For a definition of “civil service” see:  
    SEDM Disclaimer, Section 4.6: Civil Service
    https://sedm.org/disclaimer.htm#4.6._Civil_Service
  
  » Define key terms on the form to make a “civil status election” literally IMPOSSIBLE. See, for instance:  
    Tax Form Attachment, Form #04.201
    https://sedm.org/Forms/04-Tax/2-Withholding/TaxFormAtt.pdf
Evidence in Court Rulings

- So, the presumption of domicile in the statutory geographical "United States" was established in the Cook v. Tait case MERELY by calling himself a "U.S. citizen" on the 1040 return he filed the year that was the subject of that case! There are two levels to what happened with Cook.
  - The first level is the story for public consumption: that Cook never relinquished his American nationality and therefore remained a "citizen of the United States" and that he could therefore be taxed on that basis on all of his income worldwide. Cook's argument against that failed, as it had been already decided in previous cases that WHERE CONGRESS has POWER TO TAX, it is not limited to the territory of the United States. Cook's case helped to foster the MYTH that merely being American somehow makes you subject to income taxation on your worldwide income. This created the MYTH is that CONGRESS had power to tax Cook just because he was an American Citizen.
  - The second level of the story NOT for public consumption is that Congress has to give you actual consideration or "benefit" in some quantifiable form before they can actually tax you. The REALITY is that Cook filed a 1040 return and ACCEPTED the consideration of a lower tax rate on the first $4,000 of the taxable income he reported on his return. That consideration was offered ONLY to those who accept the status of "citizen or resident of the United States". That is why they ASKED on the form whether the person is a "citizen or resident of the United States", because back then, a nonresident alien would also file a 1040 for their tax return. A few years later, realizing it was weird to keep asking Americans every year whether they were citizens, and wanting to obscure the knowledge that there was any choice, they decided to STOP asking the filer to state his status and instead they just used a DIFFERENT form for nonresident aliens, so that everyone who filed a 1040 from then on would be AUTOMATICALLY accepting the consideration offered to United States persons. That includes a trade or business graduated rate on income from sources in the United States, a standard deduction or being allowed to include certain personal expenses in itemized deductions.

- These demons KNEW that in order to lawfully tax, they had to provide some substantive consideration or "benefit", or else they would be depending solely on someone's declaration of a status in order to rip that person off. Such a rip off could be challenged as fraud, but with the SSN's acceptance of consideration, they knew that basing the tax entirely on use of the civil status of "U.S. citizen" and use of the SSN franchise mark ALONE would NEVER be able to avoid the resulting obligation no matter how unfair or unjust it might appear to him or to the public.
Cook's declaration of status was not the ENTIRE problem so much as the consideration or actual financial "benefit" he pursued and accepted. Since 1938 the choice of 1040 as the return one files is all it takes to expressly accept that consideration. That consideration includes:

- Graduated rate of tax with lower tax rate for low income people. Otherwise, the nonresident alien rate in 26 U.S.C. §871 is a flat 30%.
- Deductions under 26 U.S.C. §162
- Foreign earned income exclusions under 26 U.S.C. §911.
- Exemptions.

But it is the CONSIDERATION that is disclosed in IRC as being inherent in the “United States person” status (Form #05.053, not the nominal status itself) that causes the obligation to stick to the taxpayer like the tar baby stuck to Brier Rabbit.

HOWEVER, even THE ABOVE are not actual consideration if the party would otherwise be a nonresident alien with no "trade or business" earnings, all of whose earnings were EXCLUDED rather than EXEMPTED by statute or fundamental law. To claim consideration in that case is actually FRAUD. See:

Excluded Earnings and People, Form #14.019
https://sedm.org/Forms/14-PropProtection/ExcludedEarningsAndPeople.pdf

The following evidence proves that in the case of Cook, there was no REAL consideration:

Cook v. Tait, 265 U.S. 47 (1924), Citizenship of George W. Cook, Exhibit #01.025, Section 5
https://sedm.org/Exhibits/EX01.025-CookVTait-Citizenship.pdf
Since the SSN became ubiquitous after 1937, the United States status of the individual is presumed in 26 C.F.R. §301.6109-1(g)(1)(i), which creates the rebuttable PRESUMPTION that one is a PRIVILEGED statutory "U.S. citizen". The consideration associated with United States person status is tacitly accepted by even non-filers, once IRS does that SFR exam and the non-filer still does not file and therefore defaults to the IRS' determination. This is because the substitute for returns they do as part of the Notice of Deficiency process is the RESIDENT 1040 rather than the 1040NR, and they just ASSUME the standard deductions that constitute the consideration.

• There are no enforcement regulations published in the Federal Register authorizing enforcement of the internal revenue code. See:

• In the absence of such regulations:
  – The general public MAY NOT have their rights infringed by enforcement:

    TITLE 5 > PART I > CHAPTER 5 > SUBCHAPTER II > § 552
    § 552. Public information; agency rules, opinions, orders, records, and proceedings

    (a)(1) Except to the extent that a person has actual and timely notice of the terms thereof, a person may not in any manner be required to resort to, or be adversely affected by, a matter required to be published in the Federal Register and not so published. For the purpose of this paragraph, matter reasonably available to the class of persons affected thereby is deemed published in the Federal Register when incorporated by reference therein with the approval of the Director of the Federal Register.

    26 C.F.R. §601.702 Publication and public inspection
    (a)(2)(ii) Effect of failure to publish.

    Except to the extent that a person has actual and timely notice of the terms of any matter referred to in subparagraph (1) of this paragraph which is required to be published in the Federal Register, such person is not required in any manner to resort to, or be adversely affected by, such matter if it is not so published or is not incorporated by reference therein pursuant to subdivision (i) of this subparagraph. Thus, for example, any such matter which imposes an obligation and which is not so published or incorporated by reference will not adversely change or affect a person’s rights.
Evidence In the Statutes

The target of enforcement MUST fall within ONE or more of the following FOUR groups:

   1.1 Making or executing war. This is the Department of Defense (DOD), Title 50 of the U.S. Code, and the Uniform Code of Military Justice (U.C.M.J.), 10 U.S.C. Chapter 47.
   1.2 Regulating aliens within the country. The presence test at 26 U.S.C. §7701(b) implements the tax aspect of this.
   1.3 Protecting VOLUNTARY STATUTORY citizens (not constitutional citizens) abroad. This is done through passports, 26 U.S.C. §911 which pays for the protection, the Department of State (DOS), and the military.
   1.4 International commerce with foreign nations. This is done through the Foreign Sovereign Immunities Act (FSIA), 28 U.S.C. Chapter 97, U.S.C.I.S., Department of Homeland Security (DHS), and the foreign affairs supervision of the federal courts.
   1.5 Economic sanctions on foreign countries and political rulers imposed by the Department of the Treasury.

2. A matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts. 5 U.S.C. §553(a)(2). Note that:
   2.1 "Taxes" do NOT fall in the category of "public property, loans, grants, or benefits", but the U.S. supreme court identified them as a "quasi-contract" in Milwaukee v. White, 296 U.S. 268 (1935).
   2.2 In the case of "agency management or personnel", they are talking about public officers serving within the national government as EXPRESSLY GEOGRAPHICALLY authorized by 4 U.S.C. §72 and NOT elsewhere. We'll give you a HINT, there IS not "express legislative authorization" for "taxpayer" offices to be exercised outside the District of Columbia as required, so all those serving in such an office extraterritorially are DE FACTO officers (Form #05.043). The income tax is an excise tax upon the "trade or business" franchise, which is defined in in 26 U.S.C. §7701(a)(26) as "the functions of a public office", but those offices may not lawfully be exercised outside the District of Columbia. That is why the statutory geographical "United States" defined in 26 U.S.C. §7701(a)(9) and (a)(10) is defined as the District of Columbia and NOWHERE expressly extended outside the District of Columbia or the Federal statutory "State" defined in 4 U.S.C. §110(d).
   2.3 Civil statutory statuses such as "taxpayer", "citizen", "resident", and "person" AND the PUBLIC RIGHTS and privileges that attach to them are PROPERTY legislatively created and therefore owned by the national government. Those claiming these statuses are in receipt, custody, or "benefit" of federal privileges no matter where they physically are, and thus are subject to Congress power to "make all needful rules respecting the Territory and other property" granted by Article 4, Section 3, Clause 2 of the Constitution.
Evidence In the Statutes

3. Federal agencies or persons in their capacity as officers, agents, or employees thereof. **44 U.S.C. §1505(a)(1).**

4. **EXPRESS and INFORMED consent** or comity in some form. Note that NO ONE can consent FOR YOU. YOU have to consent YOURSELF. Presently, "comity" is legally defined as "willingness to grant a privilege". It USED to be defined as MUTUAL consent or agreement of both parties. This has the INSIDIOUS effect that it is OK for a judge to consent FOR YOU, or you to consent sub silentio or by acquiescence. The RESULT is that you are treated AS IF you are a privileged agent or officer of the state, which we call a "straw man", often without compensation. This is **CRIMINAL HUMAN TRAFFICKING** and **CRIMINAL IDENTITY THEFT (Form #05.046)** if you didn’t KNOWINGLY consent. The purpose of this **SOPHISTRY** is to procure your consent INVISIBLY, so they don’t have to recognize or respect your sovereignty or autonomy. After all, they think they know better than you about what is good for you. See:

Evidence In the Statutes

• If you are not in one of the FOUR groups exempted from the requirement for enforcement regulations earlier, then:
  – IRS may not lawfully make you a target of enforcement AND . . .
  – If you ACT like someone who can be enforced against, then you are a volunteer (if it ACTS like a duck, and QUACKS like a duck, then it’s a DUCK!/Taxpayer/customer) AND . . .
  – If you know these limitations and challenge enforcement jurisdiction USING these limitations, then the IRS as the moving party has the burden or proving (Form #05.025) that you fall within one of the FOUR exempted groups. AND . . .
  – If the IRS can’t satisfy their burden of PROVING enforcement authority, they must immediately stop the enforcement action or be liable for a constitutional tort.

The Secretary of the Treasury is only empowered to make “needful rules or regulations” under Article 4, Section 3, Clause 2 of the constitution and 26 U.S.C. §7805(a) for people WITHIN his own department, not for private people (Form #12.025) and not for people in OTHER departments because of the separation of powers (Form #05.023):

5 U.S. Code § 301 - Departmental regulations

The head of an Executive department or military department may prescribe regulations for the government of his department, the conduct of its employees, the distribution and performance of its business, and the custody, use, and preservation of its records, papers, and property. This section does not authorize withholding information from the public or limiting the availability of records to the public.

- **26 C.F.R. §1.1-1** creating the alleged liability is a regulation that is limited to officers IN THE TREASURY DEPARTMENT!

- The U.S. Supreme Court has held that the regulations may NOT expand the scope of the statute. See the next page. If the STATUTE does NOT impose an EXPRESS liability, then the REGULATION cannot add one!
Finally, the Government points to the fact that the Treasury Regulations relating to the statute purport to include the pick-up man among those subject to the § 3290 tax,[11] and argues (a) that this constitutes an administrative interpretation to which we should give weight in construing the statute, particularly because (b) section 3290 was carried over in haec verba into § 4411 of the Internal Revenue Code of 1954. We find neither argument persuasive. In light of the above discussion, 359*359 we cannot but regard this Treasury Regulation as no more than an attempted addition to the statute of something which is not there.[12] As such the regulation can furnish no sustenance to the statute. Koshland v. Helvering, 298 U.S. 441, 446-447. Nor is the Government helped by its argument as to the 1954 Code. The regulation had been in effect for only three years,[13] and there is nothing to indicate that it was ever called to the attention of Congress. The re-enactment of § 3290 in the 1954 Code was not accompanied by any congressional discussion which throws light on its intended scope. In such circumstances we consider the 1954 re-enactment to be without significance. Commissioner v. Glenshaw Glass Co., 348 U.S. 426,431.

APPLICATION: If the statute in 26 U.S.C. §1 contains no EXPRESS liability, then the implementing regulations in 26 C.F.R. §1.1-1 may not either. If the regulation DOES impose an express liability that the statute DOES NOT, then the only people the liability can refer to are people within the Treasury Department in the case of regulations written by the Secretary of the Treasury per 5 U.S.C. §301. Do you work for the Treasury Department or the Secretary of the Treasury or are you handling Treasury property? NO? Then why did you consent to be treated AS IF you are a Treasury officer called a “citizen”, “resident”, or “nonresident alien” engaged in the “trade or business” excise taxable/public office franchise?
“A regulation, however, may not serve to amend a statute, Koshland v. Helvering, 298 U.S. 441, 447, 56 S.Ct. 767, 770, 80 L.Ed. 1268 (1936), or to add to the statute "something which is not there." United States v. Calamaro, 354 U.S. 351, 359, 77 S.Ct. 1138, 1143, 1 L.Ed.2d 1394 (1957). As stated in Manhattan General Equipment Co. v. Commissioner, 297 U.S. 129, 134, 56 S.Ct. 397, 399, 80 L.Ed. 528 (1936):

The power of an administrative officer or board to administer a federal statute and to prescribe rules and regulations to that end is not the power to make law — for no such power can be delegated by Congress — but the power to adopt regulations to carry into effect the will of Congress as expressed by the statute. A regulation which does not do this, but operates to create a rule out of harmony with the statute, is a mere nullity. ”

[Iglesias v. U.S., 848 F.2d 362, 366-67 (2d Cir. 1988)]
Don’t believe us that STATUTORY and “citizens”, “residents” mentioned in 26 C.F.R. §1.1-1 made “liable to” rather than “liable for” income tax are officers in the Department of the Treasury working full time for the Treasury Secretary without direct compensation and not real “benefit”?

Look first in the annotated versions of 5 U.S.C. §301 at:
- 5 U.S.C.A. §301 in the case of Westlaw
- 5 U.S.C.S. §301 in the case of Lexis

Search for ANY instance in the two above annotated statutes in which:
- A regulation written by any head of department regulated or imposed duties upon anyone OUTSIDE the department that wrote it. OR
- Departmental property or personnel was NOT involved or was managed by private people or another department.

We’ll give you a hint about what to expect when you look as we have:
- Courts have NEVER held that the head of a department can regulate property or offices outside his department against another branch or agency of the government.
- The head of a department can CREATE new property by regulation by instituting a Treasury office called “citizen” or “resident” within the department not specified by statute at 26 U.S.C. §1 that 26 C.F.R. §1.1-1 implements.
- The Secretary cannot delegate powers or privileges to people outside his department who are not accountable to him directly.
• Courts HAVE, however, held that:
  – Although regulations duly promulgated by Department have force of law, rights of public in dealing with official agencies as well as obligations arising out of execution of agency of officer’s bonds, and rights of government thereunder, cannot be changed or enlarged by mere Department regulation. *Meads v. United States*, 81 F. 684, 1897 U.S. App. LEXIS 1889 (6th Cir. 1897).

• If PRIVATE rights “cannot be changed” by a department through regulation, then the Department cannot create offices such as “citizen” and “resident” that can cause a loss of constitutional rights to those who accept said office.

• CONSEQUENTLY, everyone who is a “taxpayer” must ALREADY BE an elected or appointed officer of the government and can’t volunteer to BECOME ONE using any tax form to CREATE a new office.
Evidence in Regulations

- In the case of “nonresident aliens” (Form #05.020) under 26 U.S.C. §7701(b)(1)(B):
  - 26 C.F.R. §1.1-1(a) imposes the income tax upon “trade or business” income ONLY under 26 U.S.C. §871(b), meaning “trade or business”/GOVERNMENT payments. See: The “Trade or Business” Scam, Form #05.001 https://sedm.org/Forms/05-MemLaw/TradeOrBusScam.pdf.
  - 26 C.F.R. §1.1-1(a) does NOT impose the income tax upon payments NOT connected with a “trade or business” or the government in 26 U.S.C. §871(a).
  - 26 U.S.C. §864(c)(3) makes even earnings ALLEGEDLY NOT connected with the “trade or business” franchise CONNECTED ANYWAY!
  - Possessions such as Puerto Rico are treated as “foreign countries” under 26 U.S.C. §872(b)(8) and their inhabitants are treated as “nonresident aliens”, even though they are STATUTORY “citizens” under OTHER acts of Congress but not under the Internal Revenue Code per 26 U.S.C. §2209.

- The result of the above is that:
  - The income tax is a tax on GOVERNMENT and government PAYMENTS (U.S. Source), not private activity or PRIVATE payments of people not in the government.
  - Federal payments are PROPERTY and a portion is reserved for “return” to the government when paid. Under Constitution Article 4, Section 3, Clause 2, they have a right to make rules for their property. The I.R.C. are “the rules” for how THEIR PROPERTY which remained theirs AFTER you received it must be “returned”.
  - The income tax therefore functions as what we call a “public officer kickback”. It is a “rental fee” for the use of government property, like ALL excise taxable privileges are.

- For details on the above, see:

  **Income Effectively Connected With U.S. Trade or Business**

  The instructions for this section assume you have decided that the income involved is effectively connected with a U.S. trade or business in which you were engaged. The tax status of income also depends on its source. Under some circumstances, items of income from foreign sources are treated as effectively connected with a U.S. trade or business. Other items are reportable as effectively connected or not effectively connected with a U.S. trade or business, depending on how you elect to treat them.

What we are NOT saying

- Things we are NOT saying:
  - We are NOT saying you should use any of the government or private party flawed/frivolous arguments found in: Flawed Tax Arguments to Avoid, Form #08.004
    [https://sedm.org/Forms/FormIndex.htm](https://sedm.org/Forms/FormIndex.htm)
  - We are NOT saying that income taxation is limited to those physically present on federal territory or domiciled there. “Nonresident aliens” (Form #05.020) engaged in the “trade or business” franchise (Form #05.001) or CIVIL/DOMICILED “citizens**+D” or “resident” (aliens) have an obligation to pay on their U.S. sourced payments under 26 U.S.C. §871 REGARDLESS of where they physically live or are domiciled. The office the obligation attaches to, however, MUST be domiciled in the District of Columbia, lawfully elected or appointed, not created by your unilateral consent, and must be “executed” ONLY in the District of Columbia as required by 4 U.S.C. §72 unless expressly authorized to be executed elsewhere by law.
  - We are NOT saying that geographical boundaries are even RELEVANT when consent (Form #05.003) is given. Consent and contract, according to maxims of law, are not location dependent:
    Debtum et contractus non sunt nullius loci. Debt and contract are of no particular place.
We are NOT saying that the income tax is voluntary for STATUTORY “taxpayers” as defined in 26 U.S.C. §7701(a)(14). A statutory “taxpayer” is legally defined as someone SUBJECT to any internal revenue tax. HOWEVER:

» The decision to BECOME a civil STATUTORY “taxpayer” is VOLUNTARY.
» You cannot be coerced to volunteer.
» You BECOME “subject” to tax and a civil statutory “taxpayer” by:
  • VOLUNTEERING for a civil STATUTORY status such as “citizen”, “resident”, or “U.S. person” to which legal obligations (“liable TO” rather than “liable FOR”) attach in 26 C.F.R. §1.1.
  • Selecting a VOLUNTARY CIVIL DOMICILE within the statutory geographical “United States**” (federal zone) as a “national”. See Form #05.002, Section 8.
  • Satisfying the “presence test” as an “alien individual” ONLY by visiting the COUNTRY “United States**” in 26 U.S.C. §7701(b). You “volunteer” by “setting your feet on the ground” anywhere within the country as an “alien individual”. This test does NOT apply to “nationals”.

» NO ONE can FORCE you to adopt a CIVIL STATUTORY STATUS (Form #13.008) against your will, and if they do, they are instituting INVOLUNTARY SERVITUDE in violation of the Thirteenth Amendment and interfering with your First Amendment right to NOT LEGALLY or POLITICALLY associate.
What we are NOT saying

IN SUMMARY:
1. Income taxes under I.R.C. Subtitle A are not voluntary for CIVIL STATUTORY “taxpayers”.
2. Income taxes under I.R.C. Subtitle A are not voluntary for everyone, because some subset of everyone are “taxpayers”.
3. Income taxes under I.R.C. Subtitle A are voluntary for those who are “nontaxpayers”, who we define here as those persons who are NOT the “taxpayer” defined in 26 U.S.C. §§ 7701(a)(14) and 1313.

“Revenue Laws relate to taxpayers [officers, employees, instrumentalities, and elected officials of the Federal Government] and not to non-taxpayers [American Citizens/American Nationals not subject to the exclusive jurisdiction of the Federal Government]. The latter are without their scope. No procedures are prescribed for non-taxpayers and no attempt is made to annul any of their Rights or Remedies in due course of law.” [Economy Plumbing & Heating v. U.S., 470 F.2d. 585 (1972); SOURCE: https://famguardian.org/TaxFreedom/Authorities/Circuit/EconomyPlumbHtg VUnitedStates-470F2d585(1972).pdf]

4. If you volunteer, you WAIVE your PRIVATE unalienable rights (Form #12.038) to PROCURE PUBLIC privileges:
   A. Government is the “Merchant” under U.C.C. §2-104(1).
   B. You are the “Buyer” under U.C.C. §2-103(1)(a).
   C. Beyond the point of PURCHASE, you gave consent. Anything done with your consent CANNOT form the basis for an injury in a court of law. WATCH OUT!
   D. More on this at: How You Lose Constitutional or Natural Rights, Form #10.015 https://sedm.org/Forms/10-Emancipation/HowLoseConstOrNatRights.pdf
What we are NOT saying

• You can AVOID “volunteering” to BE a statutory “taxpayer” when filling out IRS Forms by simply defining “taxpayer” on said form as someone who:
  – Is NOT anything else defined in any civil statute.
  – Is protected only by the constitution, the common law, and criminal law, and the bill of rights and NO other civil statute, and who is therefore FOREIGN and PRIVATE.

• REMEMBER:
  – YOU are the ONLY ONE who can DEFINE terms on a government form that affect your PRIVATE property and PRIVATE rights.
  – DEFINING terms is how you PROTECT those rights, in fact.
  – OWNERSHIP is the ORIGIN of the right to define and YOU OWN YOURSELF!
  – Anyone who wants to DEFINE terms that affect or impair your PRIVATE property, rights, CONTROL, or ownership is STEALING if they didn’t get your consent.
  – No JUDGE or Executive Branch Employee is a “legislator” in the LEGISLATIVE BRANCH and therefore CANNOT
    » REPLACE your definitions.
    » ADD to statutory definitions, or
    » CHANGE the choice of law without violating the separation of powers.
  – You CANNOT prove a “negative” and should never therefore CLAIM A NEGATIVE, such as:
    “I am NOT a “taxpayer” and therefore am not subject to tax. “
Instead claim, what you ARE, meaning a “nonresident alien” (Form #12.045) and a CONSTITUTIONAL but not CIVIL STATUTORY “person”. By doing this, you are exercising your FIRST AMENDMENT right to LEGALLY and POLITICALLY disassociate and thereby RETAIN your PRIVATE and legislatively FOREIGN civil status (Form #13.008). This is clarified in Form #08.008.
What we are NOT saying

• The U.S. Supreme Court AGREES with these conclusions on the next page. Note the phrases:
  – “without limitation as to place” . . . AND
  – “extended to all places over which the government extends”

  It’s a tax on THE GOVERNMENT, not private people. The government is called “trade or business” in the Internal Revenue Code. See:

  Read for yourself on the next page!
“Loughborough v. Blake, 5 Wheat. 317, 5 L.Ed. 98, was an action of trespass or, as appears by the original record, replevin, brought in the circuit court for the District of Columbia to try the right of Congress to impose a direct tax for general purposes on that District. 3 Stat. at L. 216, chap. 60. It was insisted that Congress could act in a double capacity: in one as legislating [182 U.S. 244, 260] for the states; in the other as a local legislature for the District of Columbia. In the latter character, it was admitted that the power of levying direct taxes might be exercised, but for District purposes only, as a state legislature might tax for state purposes; but that it could not legislate for the District under art. 1, 8, giving to Congress the power 'to lay and collect taxes, imposts, and excises,' which 'shall be uniform throughout the United States,' inasmuch as the District was no part of the United States [described in the Constitution]. It was held that the grant of this power was a general one without limitation as to place, and consequently extended to all places over which the government extends; and that it extended to the District of Columbia as a constituent part of the United States. The fact that art. 1, 2, declares that 'representatives and direct taxes shall be apportioned among the several states . . . according to their respective numbers' furnished a standard by which taxes were apportioned, but not to exempt any part of the country from their operation. 'The words used do not mean that direct taxes shall be imposed on states only which are represented, or shall be apportioned to representatives; but that direct taxation, in its application to states, shall be apportioned to numbers.' That art. 1, 9, 4, declaring that direct taxes shall be laid in proportion to the census, was applicable to the District of Columbia, 'and will enable Congress to apportion on it its just and equal share of the burden, with the same accuracy as on the respective states. If the tax be laid in this proportion, it is within the very words of the restriction. It is a tax in proportion to the census or enumeration referred to.' It was further held that the words of the 9th section did not 'in terms require that the system of direct taxation, when resorted to, shall be extended to the territories, as the words of the 2d section require that it shall be extended to all the states. They therefore may, without violence, be understood to give a rule when the territories shall be taxed, without imposing the necessity of taxing them.'”

QUESTIONS based on the previous two slides:

- Isn’t even what the Internal Revenue Code calls “not effectively connected with the conduct of a trade or business within the United States” in 26 U.S.C. §871(a) and 26 U.S.C. §872(a) ACTUALLY ALSO “trade or business” earnings under 26 U.S.C. §864(c)(3)?

  26 U.S. Code § 864 - Definitions and special rules

(c) EFFECTIVELY CONNECTED INCOME, ETC.

(3) OTHER INCOME FROM SOURCES WITHIN UNITED STATES
All income, gain, or loss from sources within the United States (other than income, gain, or loss to which paragraph (2) applies) shall be treated as effectively connected with the conduct of a trade or business within the United States.

- If this is true, then ALMOST ALL INCOME is only taxable because it originates WITHIN the government and they are essentially LYING in 26 U.S.C. §871(a) to admit that there is such a thing as taxable income NOT connected to the “trade or business” franchise (Form #05.001) and not connected to the government?

- This same “shall be treated” language of “election” (choice) is found in 26 U.S.C. §861:

  26 U.S. Code § 861 - Income from sources within the United States

(a) Gross income from sources within United States
The following items of gross income shall be treated as income from sources within the United States:

(3) Personal services
Compensation for labor or personal services performed in the United States;
**Income Tax is Non-Geographical!**

- **QUESTIONS** about CONTEXT of the term **“United States”**:  
  - Why are the two terms “trade or business” and “within the United States” almost always connected within the code if it ISN’T a government source?  
  - Why do they need to keep using the phrase “shall be treated” if “United States” is always used in its GEOGRAPHICAL context?  
  - What could be better than a tax ONLY on the government or those contracting with or working WITHIN the government?  

- **Inferences and conclusions from the above questions:**  
  “United States” means the DAMN GOVERNMENT! If it was the geographical context ONLY defined in **26 U.S.C. 7701**(a)(9) and (a)(10) these kind of WORD GAMES wouldn’t be needed. They are fooling you into volunteering!  

- **QUESTIONS** for Christians:  
  - If the income tax is only on those in the government . .AND  
  - The Bible says in the first four commandments (Exodus 20:3-8) not to serve or “worship” (meaning OBEY the dictates of) other gods . .AND  
  - Anyone with superior powers, INCLUDING governments to you IS a pagan god from a biblical perspective (definition of religious idolatry) . .AND  
  - They can boss you around and make rules for YOU but you can’t boss them, and thus they BEHAVE as a god . .AND  
  - Serving a government in legal terminology is called representing a “public office” or “engaged in a trade or business” (Form #05.001)  

  . . .THEN INDIRECTLY, isn’t God telling you that if you follow His holy law (Form #13.001) faithfully, it is IMPOSSIBLE to BE a “taxpayer” or owe an income tax?  

- **More SOPHISTRY** with words like the “shall be treated” SCAM above is described in:  
  *Legal Deception, Propaganda, and Fraud*, Form #05.014  
  [https://sedm.org/Forms/05-MemLaw/LegalDecPropFraud.pdf](https://sedm.org/Forms/05-MemLaw/LegalDecPropFraud.pdf)
Income Tax is Non-Geographical!

- You can see a proof that the tax is non-geographical in the following article:
  
  *Proof of Facts: What the geographical “United States” means in 26 U.S.C. §7701(a)(9) and (a)(10), SEDM*
  

- The above article proves that even the definition of the “geographical United States***” in the Internal Revenue Code is a SCAM because:
  
  - The income tax is really just a rental fee imposed upon government/public property. The subset of land that is government property is the MAIN thing included in the geographical “United States***” in 26 U.S.C. §7701(a)(9) and (a)(10).
  
  - The terms “foreign” and “domestic” are never defined geographically.
  
  - The states of the Union are never expressly included in the statutory geographical “United States***” and therefore purposefully excluded per the rules of statutory construction.
  
  - Definitions of the geographical “United States” in the regulations REMOVE the territories and possession from the geographical United States. See 26 C.F.R. §301.7701-7 and 26 C.F.R. §301.7701(b)-2(b).
  
  - You can STILL file as “foreign” even though you are in the COUNTRY “United States***” or within the exclusive jurisdiction of a constitutional state.
Income Tax is Non-Geographical!

3. Pursing “trade or business” (Form #05.001) deductions under 26 U.S.C. §162 by making ANY of your earnings “effectively connected”. This constitutes the pursuit of a commercial privilege and a waiver of immunity.

**WARNING!**: You DO NOT NEED deductions for earnings that are EXCLUDED as a nonresident alien. Most of the earnings of state nationals fit in this category, by the way! See: *Excluded Earnings and People*, Form #14.019; [https://sedm.org/Forms/14-PropProtection/ExcludedEarningsAndPeople.pdf](https://sedm.org/Forms/14-PropProtection/ExcludedEarningsAndPeople.pdf)

4. Using a STATUTORY “Social Security Number (SSN)” or “Taxpayer Identification Number (TIN)” in connection with any transaction or on any form as a “nonresident alien”. 26 C.F.R. § 301.6109-1(b) indicates that such numbers are usually only required if you are either engaged in the “trade or business” (Form #05.001) excise taxable franchise or you are making an “election”. See: *About SSNs and TINs on Government Forms and Correspondence*, Form #05.012 [https://sedm.org/Forms/05-MemLaw/AboutSSNsAndTINs.pdf](https://sedm.org/Forms/05-MemLaw/AboutSSNsAndTINs.pdf)

• NOTE:
  – This ministry recognizes TWO TYPES of “Social Security Numbers” and “Taxpayer Identification Numbers”:
    » STATUTORY NUMBERS described in 26 U.S.C. §6109 that are CREATED and therefore OWNED by the national government.
    » PRIVATE NUMBERS you create in your OWN definition having the same numeric VALUE as statutory numbers but a DIFFERENT CREATOR and connected to a DIFFERENT franchise contract.
  – PRIVATE numbers have a DIFFERENT DEFINITION and CONTEXT but the SAME NAME as STATUTORY numbers.
  – If you define the label on the government form for the number as PRIVATE, then YOU now control what the number can be used for.
  – You can do this, because:
    » A “nonresident alien” is NOT required to supply a STATUTORY Social Security Number if they are NOT engaged in a privilege such as a “trade or business” and therefore PRIVATE. See 26 C.F.R. §301.6109-1(b).
    » Because you don’t HAVE to provide it, then whatever you DO provide can be disclosed under terms and within a context that only YOU can define as the absolute owner of yourself and all your PRIVATE property and as the ONLY witness signing the government form under penalty of perjury.

Specifying Ways You Volunteer

- **CLASS 1040**: You file a 1040 Return and thus volunteer for a civil status (Form #13.008) you DO NOT have as a “state national” (Form #05.006). This causes ALL of your earnings to be taxable instead of just those from federal territory or a U.S.* source. Incorrectly filing the 1040 return connects you to one of the following two statuses:
  - CIVIL/DOMICILED Citizen**+D domiciled within the exclusive jurisdiction of the national government in the federal zone per 26 C.F.R. §1.1-1(a). This “citizen” is ALSO a TERRITORIAL/POLITICAL Citizen* under 8 U.S.C. §1401. Example: You were born in a constitutional state and live there and you file a 1040 rather than the correct 1040NR and thereby falsely declare yourself a CIVIL STATUTORY “citizen**+D” under 26 C.F.R. §1.1-1(a).
  - STATUTORY Resident (alien) under 26 U.S.C. §7701(b)(1)(A). Example: You are an alien or even “resident alien” present in the exclusive jurisdiction of a constitutional state and you file a 1040 rather than the correct 1040NR. You cannot be a “resident alien” under 26 U.S.C. §7701(b)(A) unless you satisfy the physical presence test within the STATUTORY “United States**” (federal zone) per 26 U.S.C. §7701(a)(9) and (a)(10).
Specific Ways You Volunteer

• **CLASS 1040NR.1**: You correctly file a 1040NR return and you have taxable earnings connected to a “trade or business” (Form #05.001) from the U.S. Government (whether reported or not) but you declare PRIVATE earnings from a state on the 1040NR return under **26 U.S.C. §871**. This can happen because of:
  – Legal ignorance
  – You know the law but don’t want to dispute false information returns filed incorrectly by ignorant business associates.

• **CLASS 1040NR.2**: You correctly file a 1040NR and have no earnings from the U.S. government or federal territory under **26 U.S.C. §871** but have FALSE information returns filed against any of these earnings that you don’t either EXCLUDE from the filing or correct with an 8275 explanatory attachment. Thus, you are **PRESUMED (Form #05.017)**, usually falsely, to have “income”. All information return reports presume “trade or business” activity from the United States government per **26 U.S.C. §6041(a)** and/or **26 U.S.C. §864(c)(3)**
  – Legal ignorance
  – You know the law but don’t want to dispute false information returns filed incorrectly by ignorant business associates.
Specific Ways You Volunteer

• **DUMB CLASS:** You refuse to study the law and thus force yourself to take the least risky approach by doing what everyone else STUPIDLY does: File a 1040 form and misrepresent your civil status and owe tax on EVERYTHING you make EVERYWHERE.

You CAN Unvolunteer AFTER you filed the WRONG Form, the 1040

Those state nationals who have been DUPED by their own legal ignorance or fear into filing the wrong form, the 1040, CAN UNDO their mistake. Here is how:

1. You can only go back 3 years.
2. File an Amended 1040-X form for each affected year.
3. Follow the 1040-X instructions.
4. Complete all of the relevant parts of the form, including the reason for the amendment.
5. Attach the replacement Form 1040NR and write “Amended” at the top.
6. Attach any supporting documents.
7. Attach a cover sheet emphasizing this is a REPLACEMENT for the original filing, not a NEW return.
8. Include the following information on the form:
   1. Your name, address, and Social Security number.
   2. The year of the return you are amending.
   3. The amount of tax you owe or the amount of refund you are claiming.
   4. Any other information that is relevant to the amendment.
9. Sign and date the form.

Instructions for doing the above appear in:

Notes on amending a 1040 RESIDENT tax return to a 1040NR

- There is no point in amending unless it will reduce the amount of tax. This is where a lot of people get off track and think that their tax is $0 just because they are a “nonresident alien”. Even “nonresident aliens” owe tax on earnings from federal territory or payments from the government.

- More likely if you amend and try to significantly decrease your tax or make it $0, IRS may threaten or impose a frivolous return penalty. The threat of that penalty is, in fact CRIMINAL witness tampering, because the return is signed under penalty of perjury. There is always a risk with an amended return of any kind where you attempt to decrease tax to $0, because the IRS tries to penalize “Zero return” filers, usually ILLEGALLY. So the tax amount due should be nonzero but as close to zero as possible.

- WHEN you amend, it is IMPORTANT to have a cover sheet emphasizing that this is a REPLACEMENT for the original filing, not a NEW return subject to FURTHER frivolous return penalties.
The choice in a nutshell

1. According to the Constitution, the tax can ONLY be a DIRECT or INDIRECT tax. It cannot be both.

"It is, however, equally clear that a general income tax is an excise tax laid upon persons or corporations with respect to their income: that is, a person or a corporation is selected out from the mass of the community by reason of the income possessed by him or it...

"This is brought out clearly by this court in Brushaber v. Union Pacific Railroad Co., 240 U.S. 1, and Stanton v. Baltic Mining Co., 240 U.S. 103. In the former case it was pointed out that the all-embracing power of taxation conferred upon Congress by the Constitution included two great classes, one indirect taxes or excises, and the other direct taxes, and that of apportionment with regard to direct taxes. It was held that the income tax in its nature is an excise; that is, it is a tax upon a person measured by his income...It was further held that the effect of the Sixteenth Amendment was not to change the nature of this tax or to take it out of the class of excises to which it belonged, but merely to make it impossible by any sort of reasoning thereafter to treat it as a direct tax because of the sources from which the income was derived."

2. The Sixteenth Amendment did not abolish or change these two characterizations. In fact, according to the U.S. Supreme Court, the Sixteenth Amendment conferred “NO NEW TAXING POWERS”!

“But aside from the obvious error of the proposition intrinsically considered, it manifestly disregards the fact that by the previous ruling it was settled that the provisions of the Sixteenth Amendment conferred no new power of taxation but simply prohibited the previous complete and plenary power of income taxation possessed by Congress from the beginning from being taken out of the category of indirect taxation to which it inherently belonged and being placed [*113] in the [****17] category of direct taxation subject to apportionment by a consideration of the sources from which the income was derived, that is by testing the tax not by what it was -- a tax on income, but by a mistaken theory deduced from the origin or source of the income taxed. Mark, of course, in saying this we are not here considering a tax not within the provisions of the Sixteenth Amendment, that is, one in which the regulation of apportionment or the rule of uniformity is wholly negligible because the tax is one entirely beyond the scope of the taxing power of Congress and where consequently no authority to impose a burden either direct or indirect exists. In other words, we are here dealing solely with the restriction imposed by the Sixteenth Amendment on the right to resort to the source whence an income is derived in a case where there is power to tax for the purpose of taking the income tax out of the class of indirect to which it generically belongs and putting it in the class of direct to which it would not otherwise belong in order to subject it to the regulation of apportionment.”

[Stanton v. Baltic Mining Co., 240 U.S. 103 (1916)]
The choice in a nutshell

3. Either the tax must be an avoidable excise or an unavoidable direct tax subject to apportionment.

4. If it is not avoidable by excluding income as a state national per 26 U.S.C. §872, then it BEHAVES as a direct tax.

5. A refusal by the IRS to either:
   5.1. Process a correctly filed 1040NR that excludes (Form #14.019) all income lawfully of a state national OR
   5.2. Acknowledge and rebut the correctly filed 1040NR in a subsequently mailed NOTICE OF DEFICIENCY
   Deprives the state national of the ability to avoid the tax and makes it FUNCTION as a direct, unapportioned tax in violation of the Constitution that implements SLAVERY!

6. The U.S. Supreme Court is thereby put in the very uncomfortable position of admitting that either its an avoidable excise tax or a unavoidable direct tax. There is no other classification. And if its not avoidable, its slavery in violation of the Thirteenth Amendment, which applies EVERYWHERE in the country, not just in a constitutional state. See:

3. This approach gets to the heart of the VOLUNTARY nature of the income tax as an excise tax and puts them in a very uncomfortable position of ADMITTING and recognizing EXACTLY how one volunteers. It is also a litmus test for the accuracy of the following document on our site:

*How American Nationals Volunteer to Pay Income Tax, Form #08.024*

4. The U.S. Supreme Court may try to respond by saying that the Sixteenth Amendment eliminated the apportionment requirement. But in fact it did not. So they are in a corner.

5. The founders understood all these things, when they said on this subject:

> "History, Mr. Williams said, informed them of the annihilation of nations by means of direct taxation. He referred gentlemen to the situation of the Roman Empire in its innocence, and asked them whether they had any direct taxes? No. Indirect taxes and taxes upon luxuries and spices from the Indies were their sources of revenue; but, as soon as they changed their system to direct taxation, it operated to their ruin; their children were sold as slaves, and the Empire fell from its splendor. Shall we then follow this system? He trusted not."

[Annuals of Congress, 4th Congress, 2nd Session, pg. 1898 (Jan.1797)]

6. Why is the above true? Because once any government implements direct taxation without consent in some form, they COMPLETELY destroy and undermine the very purpose of establishing government to begin with, which is the protection of PRIVATE property and PRIVATE rights according to the Declaration of Independence! When that happens, the government becomes DE FACTO rather than DE JURE. See:

  – Omit to hear complaints or legal actions against or refuse to prosecute efforts by any government actor to INTERFERE with your right to unvolunteer, and thereby exercise your constitutional rights.

  https://sedm.org/Forms/05-MemLaw/Franchises.pdf
Why Income Tax is STILL a “franchise” for state nationals

• Some people might erroneously say that the income tax does not behave as a “franchise” because it is imposed upon POLITICAL “citizens”, and thus is excluded from the definition of “franchise”.

• A “franchise” is legally defined as a “A special privilege conferred by government on individual or corporation, and which does not belong to citizens of country generally of common right”:

FRANCHISE. A special privilege conferred by government on individual or corporation, and which does not belong to citizens of country generally of common right. Elliott v. City of Eugene, 135 Or. 108, 294 P. 358, 360. In England it is defined to be a royal privilege in the hands of a subject.

A "franchise," as used by Blackstone in defining quo warranto, (3 Com. 262 [4th Am. Ed.] 322), had reference to a royal privilege or branch of the king's prerogative subsisting in the hands of the subject, and must arise from the king's grant, or be held by prescription, but today we understand a franchise to be some special privilege conferred by government on an individual, natural or artificial, which is not enjoyed by its citizens in general. State v. Fernandez, 106 Fla. 779, 143 So. 638, 639, 86 A.L.R. 240.

In this country a franchise is a privilege or immunity of a public nature, which cannot be legally exercised without legislative grant. To be a corporation is a franchise. The various powers conferred on corporations are franchises. The execution of a policy of insurance by an insurance company [e.g. Social Insurance/Socialist Security], and the issuing a bank note by an incorporated bank [such as a Federal Reserve NOTE], are franchises. People v. Utica Ins. Co.. 15 Johns., N.Y., 387, 8 Am.Dec. 243. But it does not embrace the property acquired by the exercise of the franchise. Bridgeport v. New York & N. H. R. Co., 36 Conn. 255, 4 Am.Rep. 63. Nor involve interest in land acquired by grantee. Whitbeck v. Funk, 140 Or. 70, 12 P.2d 1019, 1020. In a popular sense, the political rights of subjects and citizens are franchises, such as the right of suffrage, etc. Pierce v. Emery, 32 N.H. 484 ; State v. Black Diamond Co., 97 Ohio St. 24, 119 N.E. 195, 199, L.R.A.1918E, 352.

Why Income Tax is STILL a “franchise” for state nationals

• Note the language in the preceding definition of “franchise”:
  “which does not belong to citizens of country generally of common right. Elliott v. City of Eugene, 135 Or. 108, 294 P. 358, 360.”

• The “citizen” they are talking about are POLITICAL citizens, which encompass BOTH:
  1. POLITICAL/CONSTITUTIONAL Fourteenth Amendment “citizens of the United States***”.
  2. POLITICAL/TERRITORIAL 8 U.S.C. §1401 “nationals and citizens of the United States** at birth” born within the exclusive jurisdiction of Congress and NOT within the exclusive jurisdiction of a constitutional state.

• The income tax, however, is IMPOSED ONLY on CIVIL/DOMICILED Territorial Citizens**+D but not nonresident POLITICAL/CONSTITUTIONAL “citizens**” described in 26 C.F.R. §1.1-1.
  – Even THAT civil status is voluntary, or else unconstitutional slavery in violation of the Thirteenth Amendment would be the result.
  – In fact, the ONLY group of POLITICAL/TERRITORIAL citizens expressly mentioned in the Internal Revenue Code, being people born in Puerto Rico are identified in 26 U.S.C. §2209 as “nonresidents not a citizen[**+D] of the United States***” in its geographical sense. They call them this to AVOID calling them what they really are, which is “nonresident aliens”! But even 26 C.F.R. §301.7701(b)-1(b) identifies Puerto Rico as a “foreign country” for the purposes of the entire Internal Revenue Code!
Why Income Tax is STILL a “franchise” for state nationals

- So obviously, the Treasury is NOT taxing the POLITICAL status of REAL POLITICAL/TERRITORIAL citizens* under 8 U.S.C. §1401 born in Puerto Rico or ANYWHERE. 26 U.S.C. §873(b)(3), for instance, even identifies “nationals of the United States*” (the COUNTRY) which includes EITHER of the two types of POLITICAL citizens above as being “nonresident aliens”, so the tax isn’t on “nationality” or “national” status AT ALL.

- This leads to the inevitable question you might ask: “WHAT EXACTLY does the Internal Revenue Code Subtitle A tax if it doesn’t tax one’s NATIONALITY in the case of citizens?”

- The answer is it taxes ONLY “volunteers” seeking PRIVILEGES connected with the CIVIL/DOMICILED status of “citizen**+D of the United States**” domiciled within the exclusive jurisdiction of Congress! You’re VOLUNTEERING for a CIVIL POSITION OR OFFICE in the Department of the Treasury working for the Secretary of the Treasury. Your “pay” for that position is the “benefits” attached to the STATUS!
Why Income Tax is STILL a “franchise” for state nationals

As usual, there is therefore a DECEPTION involved here because of a deliberate confusion of context: STATUTORY v. CONSTITUTIONAL.

Equivocation is the name for when multiple contexts are confused to appear equivalent. It is a logical fallacy.

The CIVIL STATUTORY “citizens**+D” the income tax is imposed upon above:

– Are not “citizens of the COUNTRY”. “United States” in 26 U.S.C. §7701(a)(9) and (a)(10) is never geographically defined as “the country” but ONLY the District of Columbia. The Rules of Statutory Construction do not permit adding to this definition, but COMITY and CONSENT of people who VOLUNTEER to be STATUTORY “taxpayers” ONLY can.

– Are not merely “nationals” under 8 U.S.C. §1101(a)(21) as state nationals are in relation to the national government. You can be a POLITICAL/CONSTITUTIONAL “national” WITHOUT being a CIVIL/DOMICILED “citizen++D”. 8 U.S.C. §1401, in fact, does not encompass POLITICAL/CONSTITUTIONAL our FOURTEENTH Amendment citizens*.

– INSTEAD are public officers in the Treasury Department only, because the statute the regulation implements does not EXPRESSLY impose such a liability. Therefore, it violates the scope of the statute. Thus, by default, they MUST be officers working for the Secretary of the Treasury as dictated by 5 U.S.C. §301 as we pointed out earlier.
**Why Income Tax is STILL a “franchise” for state nationals**

- Thus, “**state nationals**”:
  - Are POLITICAL “citizens of the country”
  - Are NOT the target of the income tax because they are not CIVIL/DOMICILED Citizens**+D domiciled within the exclusive jurisdiction of Congress.
  - The “citizen” the income tax IS imposed upon is a fiction and a public office ONLY in the Treasury Department and the Executive Branch. It is NOT a human being.
  - The regulation is a RUSE to deceive you into thinking that you are the subject of it as a **state national** using “Barnum Statements”.

- So, the income tax STILL IS a **franchise** as legally defined in relation to **state nationals**, who are “citizens of the country” in a CONSTITUTIONAL/POLITICAL but not CIVIL STATUTORY sense.

- If you as a state national VOLUNTEER for the CIVIL STATUTORY “citizen” and “taxpayer” or “person” office within ONLY the Department of the Treasury, then by **COMITY** and **CONSENT**, you become a privileged franchisee whether you KNOW it or not.
Why Income Tax is STILL a “franchise” for state nationals

• In this scenario, the term “IRS” therefore stands for:

• People who DON’T volunteer continue to be:
  – Protected by the Constitution.
  – “private” as defined in our Disclaimer, Section 4.3
  – “non-resident non-persons” as described in Form #05.020.
  – “nontaxpayers”. See:

    [https://sedm.org/LibertyU/NontaxpayerBOR.pdf](https://sedm.org/LibertyU/NontaxpayerBOR.pdf)
  – Not THE CIVIL/DOMICILED “citizen**+D” or “resident” (alien) mentioned in *26 C.F.R. §1.1-1*(a) upon whom the income tax is imposed and who are “LIABLE TO” but not “LIABLE FOR” the income tax.
  – May NOT lawfully be the target of what is called the “Constitutional Avoidance Doctrine” by the U.S. Supreme Court. See:

Why Income Tax is STILL a “franchise” for state nationals

• Once you volunteer:
  – You “will be treated as” a public officer working for the Secretary of the Treasury who is LIABLE FOR because you donated your earnings to a public use, a public purpose, and a public office called a “trade or business”.
  – You are now a custodian over PUBLIC property who is LIABLE to Uncle to “return” the portion that belongs to them. One author calls this a “kickback”. See the following book on that subject:
    IRS Humbug: Weapons of Enslavement, Frank Kowalik
    https://www.google.com/books/edition/IRS_Humbug/lvUJAQAAAMAAJ?hl=en
  – You have “alienated” your PRIVATE property and the protections of the constitution of it in the process.
  – You are obligated to make an “accounting” as a VOLUNTARY public officer of all government property in your custody on a “return”, even WITHOUT a LIABILITY statute EXPRESSLY imposing the liability:

    “I: DUTY TO ACCOUNT FOR PUBLIC FUNDS

    § 909. In general.-It is the duty of the public officer, like any other agent or trustee, although not declared by express statute, to faithfully account for and pay over to the proper authorities all moneys which may come into his hands upon the public account, and the performance of this duty may be enforced by proper actions against the officer himself, or against those who have become sureties for the faithful discharge of his duties.”

  – You become subject to statutes regulating public property so donated under Title 26, which was enacted pursuant to Article 4, Section 3, Clause 2 of the Constitution and implements Congress’ rights to “make needful rules” respecting THEIR property. See:

  and make it honorable. But this is a people robbed and plundered! [by tyrants in government] All of
  them are snared in [legal] holes [by the sophistry of greedy lawyers], and they are hidden in prison
  houses; they are for prey, and no one delivers; for plunder, and no one says, “Restore!”.

  Who among you will give ear to this? Who will listen and hear for the time to come? Who gave
  Jacob for plunder, and Israel to the robbers? [IRS] Was it not the Lord, He against whom we have
  sinned? For they would not walk in His ways, nor were they obedient to His law, therefore He has
  poured on him the fury of His anger and the strength of battle; it has set him on fire all around, yet
  he did not know; and it burned him, yet he did not take it to heart.”
  [Isaiah 42:21-25, Bible, NKJV]

• Your own legal ignorance PERMITTED and even PROTECTED the process of deceiving you!

  “My people are destroyed for lack of [legal] knowledge. Because you have rejected [legal] knowledge, I also will
  reject you from being priest for Me; Because you have forgotten the law of your God, I also will forget your
  children.”
  [Hosea 4:6, Bible, NKJV]
Conclusions

- If you want to be truly free you MUST study the law! See: *Why We MustPersonally Learn, Follow, and Enforce the Law*, SEDM

- The BEST place to study both God’s law and man’s law is the Sovereignty Education and Defense Ministry (SEDM) Website.

- Here is our prayer for you:
  “Keep back Your servant [YOU!] also from presumptuous sins [Form #05.017];
  Let them not have dominion over me.
  Then I shall be blameless,
  And I shall be innocent of great transgression.”
  [Psalm 19:13, Bible, NKJV]

- Now get cracking learning the law! And here is the proper biblical attitude to have about that study:
  “Have I not commanded you? Be strong and of good courage; do not be afraid, nor be dismayed, for
  the LORD your God is with you wherever you go.”
  [Joshua 1:9, Bible, NKJV]

- May God richly bless, encourage, and empower you with the TRUTH.
What is a “state national”?  

4.24 State National

The term "state national" means those who are:

1. Born in a Constitutional but not Statutory "State" as described in the Fourteenth Amendment or the original constitution.

2. Standing on land protected by the Constitution and/or the organic law and therefore possessing natural and Constitutional and PRIVATE rights as documented in: *Enumeration of Inalienable Rights*, Form #10.002
   https://sedm.org/Forms/10-Emancipation/EnumRights.pdf

3. Not claiming any government statutory privilege, immunity, exemption, "benefit", domicile, or civil statutory protection in the context of a specific interaction and reserving all rights per U.C.C. §1.308.

4. Invoking ONLY the common law, the criminal law, God’s laws, and the national and state Bill of Rights or constitutional rights for their protection in a court of law. They are therefore NOT “anarchists” who reject ALL law. Instead, they only reject that subset of law (the CIVIL STATUTORY law) that acquires the “force of law” from their consent in some form, whether express or implied.

5. Reject the statutory terms “citizen”, "resident", or "person" and the use of the word “citizenship” in ANY context in describing themselves. Instead, they insist on the consistent use of “nationality” and “domicile” to describe their degree of POLITICAL and CIVIL/LEGAL membership in the communities they live in respectively. Domicile, in turn, is VOLUNTARY and cannot be compelled, except possibly in a probate proceeding involving a DEAD person with no rights. POLITICAL membership conveys NO civil enforcement authority. Only CIVIL/LEGAL membership can, and it must be voluntary.

6. Owing allegiance to THE PEOPLE as individuals and sovereigns occupying the land within the state, and not to the government that serves them under the constitution as the delegation of authority order. "State" in a political sense always refers to PEOPLE occupying land and never to GOVERNMENTS or government corporations. In biblical terms, that allegiance is called "love" and it is commanded by God in Matt. 22:34-40. God NEVER commands Christians to love governments or civil rulers and often tells people to DISOBEY them when they violate the Bible as their delegation of authority order (Form #13.007).

Equivalent to a "non-citizen national of the United States OF AMERICA" or a "free inhabitant" under the Articles of Confederation. EXCLUDES any of the following:

What is a “state national”?

1. STATUTORY "person" under 26 U.S.C. §6671(b) and §7343.
2. Statutory "national and citizen of the United States** at birth" as defined in 8 U.S.C. §1401. This is a territorial citizen rather than a state citizen.
4. "National but not citizen of the United States** at birth" under 8 U.S.C. §1408. This is a person born in a federal possession RATHER than a state of the Union.
5. "U.S.[**] non-citizen national" under 8 U.S.C. §1452. This is a person born in a federal possession RATHER than a state of the Union.
6. STATUTORY "U.S. person" as defined in 26 U.S.C. §7701(a)(30), which is a human being born and domiciled on federal territory not within the exclusive jurisdiction of any Constitutional state.

The term is a SUBSET of the term "American National" as used by the Department of State in 8 U.S.C. §1502 because it:

1. Excludes citizens or nationals within territories or possessions or those born abroad.
2. Includes ONLY those born or naturalized within a constitutional state of the Union.

We make this distinction because we don't want to be in a position of "purposefully availing ourself" of commerce within the exclusive jurisdiction of the national government and thereby make ourselves a target of "selective or UNJUST enforcement". This is also consistent with the SEDM opening page, which says:

"Our goal is to inspire, empower, motivate, and educate mainly those born or naturalized in the USA (and NOT “U.S.”) and who are Members in how to love, honor, obey, glorify, and lift up our Sovereign Lord above every man, king, ruler, government, and Earthly law at a personal and very practical level and in every area of our lives. This is the essence of our religious worship and the essence, according to the Bible, of how we love our God."

What is a “state national”?

"state" for a foreign national = the country of which that person is a national. "state" for an American national is the United States of America, or just America. "state" is not defined in 8 U.S.C. although "State" is defined in 8 U.S.C. §1101(a)(36) and they are NOT equivalent. See 8 U.S.C. §1101(a)(21) for another reference to a "state national". Remember the context of 8 U.S.C. §1101 is immigration and nationality. So when we speak of a state in this context, we are talking about international states. In that context, American nationality (or U.S. nationality) is what we are---nationality of California is meaningless in this context. So to say you are a national of California is to say you are a national of the United States[***] OF AMERICA or an American National.

For the purposes of "State", the following definition applies:

State
As a noun, a people permanently occupying a fixed territory bound together by common habits and custom into one body politic exercising, through the medium of an organized government, independent sovereignty and control over all persons and things within its boundaries, capable of making war and peace and of entering into international relations with other states. The section of territory occupied by one of the United States. The people of a state, in their collective capacity, considered as the party wronged by a criminal deed; the public; as in the title of a case, "The State v. A. B." The circumstances or condition of a being or thing at a given time.

"State national" is NOT a statutory term and is not commonly used by courts of law. Therefore, if you invoke it in government correspondence or in litigation, you should take great care to define it BEFORE invoking it so that you do not invite charges of being "frivolous".

What is a “state national”??
What is a “state national”?  

• Warning about the term “state national” and every other NON-STATUTORY term:  
  – “State national” is a term we invented.  
  – “State national” is not found in any statute we have ever found.  
  – We are NOT the ONLY ones who use this term. It is common throughout the freedom community, perhaps because it is so useful in emphasizing the SEPARATION OF POWERS (Form #05.023) at the heart of the Constitution and the natural/common law rights (Form #10.002) of those with that civil status (Form #13.008).  
  – Using “American national” to describe yourself merely invites unconstitutional presumptions about you because:  
    • Statutory or territorial “nationals and citizens of the United States** at birth” (federal zone) under 8 U.S.C. §1401 are “American Nationals”. This includes Puerto Ricans.  
    • Statutory “nationals but not citizens of the United States** at birth” (federal zone) in 8 U.S.C. §1408 are “American Nationals”. These people are born in possessions such as American Samoa and Swain’s Island.  
    • Even those born within constitutional states who are physically abroad but who ignorantly declare themselves to be STATUTORY “citizens” under the Internal Revenue Code (26 C.F.R. §1.1-1(c)) are “American Nationals” but they too have NO CONSTITUTIONAL or NATURAL rights. WHY? Because the constitution identifies itself as the “law of the land” and attaches to you ONLY while standing on land within the exclusive jurisdiction of a constitutional state. People abroad are NOT standing on that land while abroad.  
    • Statutory “citizens” and statutory “nationals” (Form #05.006) have NO natural or constitutional rights (Form #10.002) while present within the exclusive jurisdiction of the national government, but only legislatively granted privileges. They are government SLAVES and PEONS because of this and they are beyond our help.
What is a “state national”?

− These facts are not always obvious to legal neophytes and even to government attorneys, so we have to make them very explicit as an educational tool to protect your natural rights (Form #10.002).

− The reason we invented it was to avoid being victimized by the frequent abuse of “equivocation” by the government and legal profession to deceive and exploit your legal ignorance to ENSLAVE and STEAL from you. The ONLY SAFE and UNAMBIGUOUS WAY to interact with those in the corrupted government who abuse equivocation to deceive and enslave you is therefore to DEFINE BOTH:
  » What a term means. . .AND
  » What it DOES NOT mean.

− It is generally NOT a good idea to invoke UNDEFINED terms in litigation or in IRS correspondence that are NOT found in any statute or regulation or government publication, because it invites being penalized or sanctioned by the court as “frivolous” (Form #05.027).

− Sanctioning people for using words that are not found in the legal profession usually only happens when the word is NOT defined in your legal pleadings and therefore invites presumption (Form #05.017), which is a violation of due process.

− To avoid sanctions, simply DEFINE the term in your pleadings or correspondence as we just did:
  » Using ONLY terms found in statutes or regulations.
  » NOT using court rulings, and the legal profession generally.
**What is a “state national”?**

- Why the last item above? Keep in mind, however that:
  - Courts DO NOT have legislative power and DEFINING terms is an act of legislation. Invoking a JUDICIAL definition therefore only encourages them to UNCONSTITUTIONALLY exercise LEGISLATIVE power that they DO NOT HAVE! See: *How Judges UNCONSTITUTIONALLY “Make Law”,* Litigation Tool #01.009, [https://sedm.org/Litigation/01-General/HowJudgesMakeLaw.pdf](https://sedm.org/Litigation/01-General/HowJudgesMakeLaw.pdf)
  - Legal profession testimony, legal advice, or professional legal publications are not always admissible as evidence in litigation.
- Always base what you believe on COURT ADMISSIBLE evidence from authoritative sources admissible as evidence under the [Federal Rules of Evidence (FRE)](https://www.law.cornell.edu/rules/fre)
- There is nothing inherently wrong with inventing your own terms, but ONLY if you DEFINE them BEFORE you use them in EVERY litigation. That is what the government does in its statutes, in fact, and we are all equal.
- The fact that we EMULATED the government by DEFINING our own new term doesn’t make us somehow a “guru” or a source of misinformation, because the government does it all the time. If we are a “guru”, then SO ARE THEY!
