Introduction to IRS Procedure

A. When it comes to procedure the IRS has had decades of proven results to use against you with an on going development process.

1. When we research procedures we trace back to when a specific procedure was first introduced, how the IRS developed it and the process and maneuvers they used to get it accepted as valid.

2. One of the places the IRS will try out new procedures to see how effective they are is in tax court, where they control the playing field, the rules of the game, the Referees, and ultimately the outcome – to their favor.
   a. They can also choose who they want to play against.

3. Then when they get some favorable rulings built up in Tax court they will move into selected Federal District Courts with cases before specific Magistrate Judges to get favorable rulings and results with this new procedure. Then they publish and promote it until it becomes accepted practice throughout the country.

4. They count on cases favorable to them being listed in the reported casebooks. Cases that they lose will be marked not fit for publication and are unreported.

B. The IRS will usually begin by sending you a letter or notice which will start their procedure against you. You are in an Administrative case.

1. They have had years to perfect their procedures with thousands of victims.

2. You do not need to be a victim. Some of us have gone through many restless hours of uncertainty, until we discovered how this system functions.

C. In starting the whole PROCEDURE process it is necessary to identify exactly what they sent to you and to answer it timely and on point.

D. We also want to give you some examples of what to look for in the way of IRS correspondence.

1. This section can be used as a handy reference guide to identify the exact correspondence they have sent you.

2. When you call us have the paperwork they have sent you ready so you can identify it and tell us precisely what you received.
E. Our goal is to help you become as knowledgeable as we can concerning the IRS. We send out these “VIP Dispatches” so that you can make informed and intelligent decisions when dealing with the IRS.

F. The issue of accuracy bears on a whole range of procedures that affect your ability to reach overall outcomes that are favorable to you.

1. We try to teach you how to take the IRS’s fictional, negative precedent that they sent to you and turn it into a positive response for you.

2. Our information is based upon the evaluation of their procedures and the problems we identify that they have created in the past.

G. There are different legal procedures that you can use to determine the ultimate effects of underlying substantive legal rules.

1. You can also use other procedural devices to limit the abuse of power by the IRS.

H. Legal procedures provide the means by which substantive rights are and rule are ultimately enforced.

1. You actually have available to you an elaborate system for adjudication where your substantive rights are concerned.

I. The procedures that are inherently instrumental in protecting your substantive rights are simply not taught in Law School or CPA school. Nor are they taught anywhere in the high schools or colleges in America today.

1. As many of you learn these important points it should be clear that independent notices of fairness regarding legal procedure can hardly be viewed in a vacuum when determining how the legal system should operate.

J. The IRS procedure is a parasite. Their procedure deviates from substantive legal rules under which the legal system is supposed to operate.

K. The procedures that the IRS uses are not grounded upon solid legal concepts therefore can not stand up to even the slightest scrutiny.

L. You can base your procedures upon solid legal concepts if you know what they are and how and when to apply them.
**Black's Law Dictionary on Procedure**

A. Procedural Due Process: Exhibit A, "parties whose rights are to be affected are entitled to be heard and, in order that may enjoy that right, they must be notified."

B. Procedural Law: "That which prescribes method of enforcing rights or obtaining redress for their invasion."

C. Procedure: "The mode of proceeding by which a legal right is enforced..."

D. If you wish to protect your substantive rights then you need to know procedure specially IRS procedure so you know how to counter it in order to protect yourself.
**Pro bono publico** /pròw bównow pɔblakow/. For the public good; for the welfare of the whole.

**Probus et legalis homo** /pròwbs es et lâjyèlas hòwrmow/. Lat. A good and lawful man. A phrase particularly applied to a juror or witness who was free from all exception, and competent in point of law to serve on juries. In the plural form: probi et legales homines.

**Procedendo** /pròwsdèndow/. Action wherein court of superior jurisdiction orders court of inferior jurisdiction to proceed to judgment but has no bearing on nature of judgment to be entered. State ex rel. Jacobs v. Municipal Court of Franklin County, 26 Ohio App.2d 113, 269 N.E.2d 629, 631, 55 O.O.2d 245. A writ by which a cause which has been removed from an inferior to a superior court by certiorari or otherwise is sent down again to the same court, to be proceeded in there, where it appears to the superior court that it was removed on insufficient grounds.

More commonly, a case returned to a lower court is said to be remanded to such court.

A writ (procedendo ad judicium) which issued out of the common-law jurisdiction of the court of chancery, when judges of any subordinate court delayed the parties for that they would not give judgment either on the one side or on the other, when they ought so to do. In such a case, a writ of procedendo ad judicium was awarded, commanding the inferior court in the sovereign’s name to proceed to give judgment, but without specifying any particular judgment. It was the earliest remedy for the refusal or neglect of justice on the part of the courts.

A writ by which the commission of a justice of the peace is revived, after having been suspended. 1 Bl.Comm. 353.

**Procedendo on aid prayer** /pròwssdèndow on ëydl prè(y)ar/. If one pray in aid of the crown in real action, and aid be granted, it shall be awarded that he sue to the sovereign in chancery, and the justices in the common pleas shall stay until this writ of procedendo de loquela come to them. So, also, on a personal action.

**Procedural due process.** Those safeguards to one’s liberty and property mandated by the 14th Amend., U.S.Const., such as the right to counsel appointed for one who is indigent, the right to a copy of a transcript, the right of confrontation; all of which are specifically provided for in the 6th Amendment and made applicable to the states’ procedure by the 14th Amendment.

Central meaning of procedural due process is that parties whose rights are to be affected are entitled to be heard and, in order that they may enjoy that right, they must be notified. Parham v. Cortese, 407 U.S. 67, 92 S.Ct. 1983, 1994, 32 L.Ed.2d 556. Reasonable notice and opportunity to be heard and present any claim or defense are embodied in the term “procedural due process.” In re Nelson, 78 N.M. 739, 437 P.2d 1008.

**Procedural law.** That which prescribes method of enforcing rights or obtaining redress for their invasion; machinery for carrying on procedural aspects of civil or criminal action; e.g. Rules of Civil, Criminal, and Appellate Procedure, as adopted by the Federal and most state courts. Barker v. St. Louis County, 340 Mo. 986, 104 S.W.2d 371, 377, 378, 379; Schultz v. Gosselin, 260 Iowa 115, 148 N.W.2d 434, 436. As a general rule, laws which establish rights and responsibilities among and for persons, natural or otherwise, are “substantive laws” in character, while those which merely prescribe the manner in which such rights and responsibilities may be exercised and enforced in a court are “procedural laws.” State ex rel. Blood v. Gibson Circuit Court, 239 Ind. 394, 157 N.E.2d 475, 478. See also **Procedure.**

**Procedure.** The mode of proceeding by which a legal right is enforced, as distinguished from the substantive law which gives or defines the right, and which, by means of the proceeding, the court is to administer; the machinery, as distinguished from its product. That which regulates the formal steps in an action or other judicial proceeding, a form, manner, and order of conducting suits or prosecutions. The judicial process for enforcing rights and duties recognized by substantive law and for justly administering redress for infraction of them. Sims v. United Pacific Ins. Co., D.C.Idaho, 51 F.Supp. 433, 435.

The law of procedure is what is commonly termed by jurists “adjective law” (q.v.).

See also **Procedural law.**

**Proceeding.** In a general sense, the form and manner of conducting judicial business before a court or judicial officer. Regular and orderly progress in form of law, including all possible steps in an action from its commencement to the execution of judgment. Term also refers to administrative proceedings before agencies, tribunals, bureaus, or the like.

An act which is done by the authority or direction of the court, agency, or tribunal, express or implied; an act necessary to be done in order to obtain a given end; a prescribed mode of action for carrying into effect a legal right. All the steps or measures adopted in the prosecution or defense of an action. Statter v. United States, C.C.A.Alaska, 66 F.2d 819, 822. The word may be used synonymously with “action” or “suit” to describe the entire course of an action at law or suit in equity from the issuance of the writ or filing of the complaint until the entry of a final judgment, or may be used to describe any act done by authority of a court of law and every step required to be taken in any case by either party. The proceedings of a suit embrace all matters that occur in its progress judicially.

Term “proceeding” may refer not only to a complete remedy but also to a mere procedural step that is part of a larger action or special proceeding. Rooney v. Vermont Investment Corp., 10 Cal.3d 351, 110 Cal.Rptr. 353, 365, 515 P.2d 297. A “proceeding” includes action and special proceedings before judicial tribunals as well as proceedings pending before quasi-judicial officers and boards. State ex rel. Johnson v. Independent School Dist. No. 810, Wabasha County, 260 Minn. 237, 109 N.W.2d 596, 602. In a more particular sense, any application to a court of
Procedural Due Process

A. We are going to discuss only IRS procedure in this “VIP Dispatch”.

B. When it comes to IRS procedure we want you to realize that the IRS has certain due process procedures that they are required to follow.

1. One major problem is that too few people know what those procedures are including many of those who work for the IRS.

2. This also applies to many of the people who we see running around the country espousing their Idiot Legal Arguments.

   a. We have people calling us everyday with their horror stories of what happened to them after trying to use one of those Idiot Legal Arguments.

C. What does the IRS and U.S. attorney have to do procedurally before they can take an average tax case to a Grand Jury.

1. What type of investigation must be conducted?

2. What forms must be filled out and distributed to all the proper parties?

3. All those links must then be put together in their proper place in the chain of events for them to get to the actual Grand Jury.

4. This chain of events is referred to as “Procedural Due Process”.

5. That chain they put together is only as strong as its weakest link.

6. That means that the IRS and U.S. Attorneys procedures are only good if all requirements have been properly met.

7. As you know we use FOIA request to find out if all the forms that they are required to fill out have indeed been complied and entered into your file with the proper computer codes.

8. The more breaks you find in their procedural chain of events the better for you.

D. In the next section we have included a number of Procedural Statements so that you will have a better idea of exactly what Procedure refers to.

1. We refer you to item ‘J’ in the next section.
a. We teach you how to look for those deviations from substantive legal rules.

2. Item 'K', helps you to realize that you want to scrutinize their procedure to find every mistake of procedure or law they make, itemizing each one so they can be used for your benefit.

E. Law schools have had “want to be attorneys” so busy chasing case law that they rarely ever look at the actual law itself. Why?

1. Because it cannot stand the slightest scrutiny.

2. When you bring up the actual law argument before a judge most of the ones we have seen will start screaming for case law on that issue.

a. Many times there is no case law on many of those issues because no one has ever presented such an argument based on the actual law and its legislative history.
**Procedural Statements**

A. "Substantive" law creates, defines, and regulates rights as opposed to "adjective" or "procedural" law which provides the method of enforcing and protecting such rights, duties, and obligations as are created by substantive laws.

B. The creation of a right of action is "substantive", while the means or method of enforcement of the right is "procedural".

C. The statute dealing with production of papers by subpoena duces tecum and statute providing a penalty for failure to obey subpoena duces tecum, are largely, if not wholly, "procedural", designed in a proper case to have the documents in court when the cause comes up for trial.

D. The requirement of rule requiring a statement of the errors relied upon as the concluding paragraph of a statement of the case in the briefs is not "jurisdictional" but is "procedural" and is designed for the convenience of the court and counsel as conducive to orderly presentation of cases, and administration of justice.

E. "Procedural due process" means in the due course of legal proceedings, according to those rule and forms, which have been established, for the protection of private rights.

F. As relates to crimes, "procedural law" is that which provides or regulates steps by which one who violates criminal statute is punished.

G. As relates to crimes, "substantive law" is that which declares what acts are crimes and prescribes the punishment. "Procedural law" is that which provides or regulates the step by which one who violates a criminal statute is punished.

H. The "adjective law" or "procedural law" is that which provides a method of enforcing and protecting such duties, rights and obligations as are created by "substantive laws," and as applied to criminal prosecutions, "procedural law" included whatever is embraced by the terms pleading, evidence, and practice, and the "procedural law" relates to the legal rules
which direct the course of proceedings to bring parties into court and the course of the court after they are brought in.

I. As relates to crimes, “substantive law” is that which declares what acts are crimes and prescribes the punishment for committing them, and “procedural law” is that which provides or regulates steps by which one who violates a criminal statute is punished, and “criminal procedure” refers to pleading, evidence, and practice.

J. Where overruled decision deals with “procedural” or “adjective law”, effect of overruling decision is prospective only, but where overruled decision deals with “substantive law”, effect of overruling decision is retroactive. “Adjective” or “procedural law” is a method provided by law for aiding and protecting defined legal rights, procedure. “Substantive law” creates, defines, and regulates rights, as opposed to “adjective”, or “procedural”, or “remedial law”, which prescribes method of enforcing rights or obtaining redress for their invasion. “Substantive law” relates to rights and duties giving rise to cause of action, while “procedural law” is machinery for carrying on the suit.

K. The method of trial of a defendant in a criminal case as in a civil case “procedural” and not “substantive”, and in absence of a specific constitutional provision affecting the matter, may be regulated by rules of court.

L. In false arrest cases, the presumption that an arrest without warrant is unlawful is a “procedural presumption” which disappears when the evidence discloses the facts.

M. Under statute giving judicial council power to prescribe by rules for practice and procedure on appeal, a rule which takes away a vested right or which creates a right, such as right to appeal, is “substantive” not “procedural”, but one which operates as a means of implementing an excise right is valid as a procedural rule.

N. “Practice” or “procedure” is the mode of proceeding by which a legal right is enforce; that which regulates the formal steps in an action or other judicial proceeding; a form, manner, and order of conducting suits or prosecutions.
O. "Procedure" is the judicial process for enforcing rights and duties recognized by substantive law and for justly administering remedy and redress for disregard or infraction of them.

P. "Procedure" is the mode of proceeding by which a legal right is enforced, as distinguished from the law, which gives or defines the right, and which, by means of a proceeding, the court is to administer; the machinery as distinguished from its product.

Q. Any amendment to a statute which either destroys a substantial right or creates a new right cannot be treated as a mere matter of "procedure", so as not to be within strict application of rule against construing legislation as retroactive.

R. "Procedure" is the machinery for carrying on the suit, including pleading, process, evidence, and practice, whether in the trial court or the appellate court, or in the processes by which causes are carried to appellate courts for review, or in laying the foundation for such review.

S. "Practice" and "procedure", within the meaning of rule that statutes affecting only the remedy or law of procedure ordinarily apply to actions thereafter regardless of when the right of accruing, include the mode of proceeding and the formal steps by which a legal right is enforced as distinguished from the law which creates, defines, and protects rights.

T. The term "procedure" includes in its meaning whatever is embraced by the three technical terms "pleading", "evidence", and "practice." The word "practice" means those legal rules which direct the course of proceedings to bring parties into the court and the course of the court after they are brought in, and "evidence" as a part of procedure signifies those rules of law whereby it is determined what testimony should be admitted and what should be rejected in each case, and what is the weight to be given to the testimony admitted.

U. Manifestly the process of determining on appeal whether error was committed by the trial court during the trial of the causes and if so whether such error is prejudicial and therefore constitutes ground for reversal, is a matter of practice and procedure. Referring to the judicial construction given those terms as they are used in the law, it has been said that together and in a larger sense they include the mode of
proceeding by which a legal right is enforced, as distinguished from the substantive law which gives or declares the right; whereas, singly, the word "procedure" has been defined as the machinery for carrying on the suit, including pleading, process, evidence and practice, whether in the trial court or the appellate court, or in the processes by which causes are carried to the appellate court for review, or laying the foundation for such review, and the word "practice" is said to be the form, manner, or order of instituting or conducting suit or other judicial proceeding through its successive stage to the end in accordance with the rules and principles laid down by law or by the regulations and precedents of the court.

V. The term "procedure" includes those rules and forms applicable in the administration in the remedies available in cases of invasions of primary rights of individuals in courts or other lawfully constituted tribunals and agencies. Those rules include both pleading and practice, including all rules and forms, which govern the parties, their counsel, and the court throughout the progress of the case from the time of its initiation until final judgment and its execution. It includes the subject of the burden of proof and its allocation, and in appropriate cases its shifting from party to party during the trial.
A. April 15th is the alleged deadline for some territorial, non-resident aliens, those with green cards and those who are involved in a government regulated activity to file some kind of individual income tax return and pay any so called tax allegedly owed.

B. During processing, the alleged return is checked for mathematical accuracy and the alleged tax due is compared against all amounts reported to that account.

C. If the IRS finds or thinks that there is any additional money owed they will send you a bill.

D. There are several important things you should know about collection notices and bills.

1. The IRS will charge you interest on any unpaid tax from the due date of the return until the date of payment.

2. The interest rate is determined every three months and is the Federal short-term rate plus 3 percent with it compounded daily.

3. If you self-assess yourself by filing some return but do not pay or pay, you will have to pay a late payment penalty of one-half of one percent of the tax owed for each month, or part of a month, that the tax remains unpaid from the due date, up to 25 percent.

   a. The one-half of one- percent rate increases to one percent if the tax remains unpaid 10 days after the IRS issues a Notice of Intent to Levy.

4. If you owe tax and don’t file on time, the total late-payment penalty is usually five percent of the tax owed for each month, or part of a month, that your return is late and the tax is unpaid up to five months.

   a. The late file penalty continues at a half percent a month up to 25 percent on unpaid amounts.

   b. If your return is over 60 days late, the minimum penalty for late filing is the smaller of 100 dollars or 100 percent of the tax owed.
E. All this penalty and interest mumbo jumbo comes from the IRS's procedure that they will use against you. Sounds like they are real bad dudes, at least on the surface.

1. If one did not know better one could be led to believe that the IRS can actually access all that mumbo-jumbo stuff against average hard working Americans.

   a. FICTION, FICTION, FICTION

F. In order to defeat all that IRS mumbo-jumbo FICTION you have a number of substantive procedures that you can use in your behalf to protect your substantive rights and reverse what they try to do to you.
**IRS Notice Procedures**

A. We are including several pages of different types of Notices that the IRS sends out.

1. These are for your ready reference.

2. When you receive a Notice from the IRS instead of going into a panic go to this ready reference guide and look and see if we have it listed. Or you can go to the ADP 6209 Manual number 6 or the ADP System Code, number 218 on our literature list.

3. These are just a few of the documents that the IRS can create to us if they follow all the correct procedures.

B. We suggest you read section 9, Notice and Notice Codes, item 1 from the ADP 6209 Manual included in this section covering seven pages concerning the CP Notices 2 digit for IMF and 3 digit for a BMF.

1. Knowing that and having a $1.25 will in some places will get you a cup of coffee. In other words, that argument is not going to get you very far. The actual letter and what process is used to create it and send it to you is what we you want to analyze.

   a. Did they, or did they not, follow proper procedure in sending out this letter to you and are you the one to whom they can send it?

   b. The IRS gets away with what they do, or fail to do because there are so few people who care about their substantive rights or who are clueless about what rights they have. After all as a prosecutor would say to the jury, Mr and Mrs. X new they had a duty to file and pay THEIR tax. OK IRS – which one? Because after all, “EVERYBODY KNOWS”.

   c. Another one is, “I don’t like paying taxes anymore then most of you but it is our duty as a U.S. citizen to support our country.” Now when you hear that kind of statement doesn’t it just choke you up and bring you to tears that anyone can actually be that damn stupid to make such an utterance?

   d. How about the one that goes like this, “taxes are what we pay to live in a free society.” In other words if you are not following the second plank of the Communist Manifesto then you just can’t be free.
e. Then there is one more where they say, “we must all pay our fair share.” Pay our fair share to whom? Do Corporations pay their fair Share? You can’t deduct your cost basis in your labor, can you?

f. The Grace Commission Report came to the startling conclusion that “Not one nickel of what is collected by the IRS concerning income taxes goes to pay for any actual service performed by the Federal Government but instead goes to service the DEBT.” Now doesn’t that just make you feel warm and fuzzy all over? Your labor pays interest on fiction debt?

C. We attended a meeting several years ago where a lady was to give a talk about doing way with the 1040 income tax.

1. Her big argument was that she was pushing for a flat tax. We might add that a number of our friends where there also.

2. We waited for the question period and asked the question, “How is the money collected under this flat tax going to be accounted for and where is it going to go?”

   a. Well, needless to say she said, “Well to the U.S. Government of course.”

   b. She got an education that night – from us.

3. Whether it is a flat tax or a value added tax there will still be no reliable accounting of the moneys received, as was revealed in the 1996 GAO report presented in the September “VIP Dispatch”. Nor will they be able to tell you where the moneys go.

   a. She like most other Americans ASSUME certain things to be true when, in actuality, the facts do not support their nice belief system.

D. After the seven-page section about CP notices we are going to go into some of the actual notice and letters that you may receive from the IRS for your education.

1. We want to help you expose the IRS’s incorrect procedures and help you follow proper procedures in protecting your substantive rights.

2. We want to assist you to follow the correct procedures based on the actual Statutes, Regulations, the Internal Revenue Manual, and Internal Revenue Handbook. The Internal Revenue Handbook has 37,000 pages. Of course “EVERBODY KNOWS” all of them – right?
Section 9. Notices and Notice Codes

1 General

Computer generated notices and letters of inquiry are mailed to taxpayers in connection with tax returns for BMF, IMF, and IRAF. Computer paragraph (CP) numbers (3-digit number for BMF AND IRAF, 2-digit number for IMF) are located in the upper right corner of the notices and letters.

The following pages which list CP numbers in ascending sequence should serve as a convenient source of reference to assist you in answering questions about ADP notices and letters. (Reference IRM 37.60-BMF; 37.163-IMF)

2 IMF Notices

A CAF indicator is printed on IMF taxpayer notices when this indicator is posted to a taxpayer's account. The Service Center has instructions for preparing photocopies of these notices for mailing to the taxpayer's agent.

The following computer notices are sent to taxpayers in connection with IMF returns, or are used internally.

CP No. Explanation

Guide to Understanding the Differences between Official IRS Documents

A. Official documents published by the Internal Revenue Service as revenue rulings, revenue procedures, notices, announcements, and news releases provide information and guidance for taxpayers, Service personnel, and others concerned. Their purpose is to help Service personnel apply the tax laws correctly and uniformly and to help taxpayers comply voluntarily with the tax laws. They are issued only by the National Office and published in the weekly Internal Revenue Bulletin (Bulletin, or IRB).

1. Publication in the Bulletin provides an orderly system for dissemination of information and promotes effective communication with the tax community. All published documents, except announcements and news releases, are reprinted in the Cumulative Bulletin.

B. "Revenue Ruling" Defined

1. A revenue ruling is an official interpretation by the Service of the Internal Revenue Code, related statutes, tax treaties, and regulations. It is the conclusion of the Service on how the law is applied to a specific set of facts. A revenue ruling states the Service position on an issue. Revenue rulings are issued only by the National Office and are published in the Internal Revenue Bulletin for the information and guidance of taxpayers, Service personnel, and others concerned.

2. Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. Revenue rulings and procedures reported in the Bulletin do not have the force and the effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases.

3. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

C. "Revenue Procedure" Defined

1. A revenue procedure is an official statement of a procedure that affects the rights or duties of taxpayers or other members of the public under the Internal Revenue Code, related statutes, tax treaties, and regulations that should be a matter of public knowledge. They are issued
only by the National Office and published in the Internal Revenue Bulletin for the information and guidance of taxpayers, Service personnel, and others concerned.

2. When revenue procedures reflect the contents of internal management documents, it is Service practice to publish as much of the internal management document as is necessary for an understanding of the procedure.

3. Rulings and procedures reported in the Bulletin do not have the force and the effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases.

4. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

D. Distinction Between Revenue Rulings and Revenue Procedures

1. Revenue rulings and revenue procedures are alike in that both are issued only by the National Office and both are for the information and guidance of taxpayers, Service personnel, and others concerned. One numerical series is used for revenue rulings and another is used for revenue procedures, and whether an item is published as a revenue ruling or revenue procedure depends on its content. Except in rare circumstances, an issuance in one series should not be used to modify, revoke, etc., an issuance in the other series. However, an issuance in one series may contain a reference to the other series for the purpose of relating an internal practice or procedure to a specific Service position. An announcement or notice should never be used to modify, revoke, etc., a revenue ruling or revenue procedure.

2. Generally, a revenue ruling states a Service position, whereas a revenue procedure provides return filing or other instructions concerning the Service position. For example, a revenue ruling holds that taxpayers may deduct certain automobile expenses, and a revenue procedure provides that taxpayers entitled to deduct these automobile expenses may compute them by applying certain mileage rates in lieu of determining actual operating expenses.

3. The revenue ruling series is used to set forth statements of Service position or to interpret the law with respect to a particular tax issue. The revenue procedure series is used to announce statements of procedure or general instructional information. A holding on a substantive tax issue to the effect that taxpayers must meet some procedural requirement is a statement of Service position and is not the proper subject for a revenue procedure.

4. A revenue ruling does not ordinarily include a statement of Service practice or procedure, and a revenue procedure does not ordinarily include a statement of Service position on a substantive tax issue. When a matter involves both a statement of Service position on a substantive tax issue and a statement of practice or procedure, it normally requires the
issuance of both a revenue ruling and a revenue procedure. They may be issued simultaneously and should be cross-referenced.

5. Rulings and procedures reported in the Bulletin do not have the force and the effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

E. "Notice" Defined

1. A notice is a public pronouncement that may contain guidance that involves substantive interpretations of the Code or other provisions of the law. Notices may also be used for materials that would be appropriate for an announcement but for the need to preserve the guidance in the Cumulative Bulletin. For example, notices can be used to relate what regulations will say in situations where the regulations may not be published in the immediate future. Notices are published in the Bulletin and are included in the Cumulative Bulletin.

2. Under Revenue Ruling 90-91, "for purposes of applying the substantial understatement portion of the accuracy-related penalty,"... "all "notices and announcements issued by the Service and published in the Internal Revenue Bulletin are considered authority and may be relied upon to the same extent as a revenue ruling or revenue procedure."

3. The following topics comprise most of the "Notices" issued by the IRS:

- Weighted average interest rate update
- Inflation adjustment factors
- "Differential Earnings Rates"
- Changes to IRS Regulations
- Presidentially Declared Disaster Areas
- Requesting public comments, or scheduling public hearings on proposed changes to Regulations, Rulings, Procedures, etc.

F. "Announcement" Defined

1. An announcement is a public pronouncement that has only immediate or short-term value. For example, announcements can be used to summarize the law or regulations without making any substantive interpretation; to state what regulations will say when the regulations are certain to be published in the immediate future; or to notify taxpayers of the existence of an election or an approaching deadline for making an election. Because they only have immediate or short-term value they are not included in the Cumulative Bulletin.
2. Under Revenue Ruling 90-91, "for purposes of applying the substantial understatement portion of the accuracy-related penalty,"... "all "notices and announcements issued by the Service and published in the Internal Revenue Bulletin are considered authority and may be relied upon to the same extent as a revenue ruling or revenue procedure."

3. The following two categories comprise most of the "Announcements" issued by the IRS:

- Lists of organizations now classified as private foundations
- Names of organizations that no longer qualify as organizations described in Code Section 170(c)(2), under which contributions are are deductible by contributors.

4. You will also find that "Announcements" are issued to provide information relating to:

- The availability of new, revised, or corrected forms, publications, instructions, or official IRS documents, such as Revenue Procedures, Regulations, and Treasury Decisions.
- Guidance for completing tax forms, worksheets, or complying with regulations or procedures.
- New or revised, or proposed administrative procedures; notices of proposed rule-making.
- Procedures dealing with electronic filing of tax forms, and information reporting forms on electronic media.
- Other items of general interest, such as: the standard mileage rates, seminar dates, settlement initiatives, etc.

G. "Regulations"

1. Regulations are the IRS Commissioner's rules, approved by the Secretary of the Treasury, or the Secretary's delegate, for the application and administration of the Internal Revenue laws. The purpose of regulations is to provide taxpayers, their representatives, and Service personnel with rules of general application so they may clearly understand the taxpayer's rights and duties under the law.

2. Regulations are promulgated by publishing in the Federal Register, and usually are published in the weekly Internal Revenue Bulletin. All persons concerned are, by reason of publication in the Federal Register, given notice of the official rules of the Department of the Treasury for the administration, application, and enforcement of the Internal Revenue laws.

3. In some cases the law requires that regulations be issued with respect to specific matters; in all other cases regulations are authorized by law to supply such detail concerning the administration of the provision of law and its interpretation as is appropriate to carry out the statutory enactment.

4. Regulations may be proposed, temporary, or final. Temporary or final regulations carry the approval of the Treasury Dept. and are issued as Treasury Decisions. Temporary regs may be combined with final regs in the same Treasury Decision, but they may not be combined in the same Regulations Section. Temporary regs are designated with a "T" as the final character in the section number, and the word "temporary" at the end of the section heading.
5. Final regulations carry the force and effect of law. Proposed regulations are the Service's position.

H. "Treasury Decisions"

1. Treasury Decisions are either temporary or final Regulations that have been approved by the Department of the Treasury after submission from the IRS. (Proposed regulations are not approved by the Treasury Dept.)

I. "News Releases"

1. Although the Bulletin is the authoritative instrument of the Commissioner for publishing revenue rulings, revenue procedures, notices, and announcements of the Service and for making announcements of general interest, under special circumstances, it is frequently necessary to release such information directly to the news media. A news release may be appropriate in those situations in which there is a significant need to alert the general news media (as distinguished from the commercial "tax services" and the financial, professional, and trade publications that normally disseminate information published in the Bulletin).

2. The issuance of a news release is, however, supplemental to, and not in lieu of, publication in the Bulletin. News releases are nontechnical documents targeted at the nonpractitioner taxpayer public. A news release is appropriate if the matter is likely to be covered in a major newspaper. Because news releases are, in effect, proposed articles for these newspapers to run, technical discussion is kept to a minimum.

3. News releases are disseminated by IRS's Public Affairs Division to the news media, but are not published in the Bulletin.
Notice of Penalty Charge

A. You have been charged a penalty under section 6702 of the IRC for filing a frivolous return. Exhibit A, 1 of 2.

1. WHAT CAN YOU DO PROCEDURALLY WHEN YOU GET ONE OF THESE NOTICES?

2. At item (1) top right hand corner it says form: CVL PEN.
   a. CVL PEN is not a "form"

3. At item (2) Notice of Penalty Charge, so this is a notice where is the actual bill?
   a. A notice has no force and effect of Law.

4. Item (3) 6702 of the IRC Exhibit B, 1 of 2 is the IRC section for Frivolous income tax return but when we go to the parallel table of authorities it takes us to 27 CFR part 70, not title 26 Exhibit B, 2 of 2.

5. Item (4) 666, Exhibit C, 1 of 2, comes from the ADP 6209, Section 8. Master file codes and Exhibit C, 2 of 2, at the top of the page is the TC 666.

6. Item (5) Penalty Assessment, $500.00.
   a. This is where the rubber meets the road
   b. Several years ago we were lucky enough to get our hands on a big thick IRS Penalty Manual which is Item # 8 on our literature list.
   c. Now if you have this manual, or if you order it, like most of the other IRS manuals, we encourage you to read it from the back -forward.
   d. We learned years ago to read these IRS Manuals by starting in the back because they are written in such a way that they will confuse you if you start at the front, just like the Internal Revenue Code and the CFR’s.
   e. The IRS Penalty Manual tells what the IRS has to do procedurally before they can assess and lawfully collect an actual penalty from you. They have a number of forms they are supposed to fill out and hoops to jump through.
   f. Could this be their reason for only sending you a Notice instead of an actual bill?
g. There are actually four forms that are supposed to be filled out and put into your file before they can require you to send them any $500.00 frivolous penalty.

h. Nor can they just go out and steal $500.00 from your bank account or levy your pay check at work without first creating four documents.

B. Those Four Documents are:

1. Non-Master file
2. Non-Master File Assessment Voucher
3. Form 3198
4. Form 8278

C. Where do you find out all this information we just gave you?

1. Why out of the IRS’s own Penalty Manual of course, which is # 8 on our literature list.

D. In this section we provide the FOIA requests for these four items with Exhibits.

1. A number of those who get induced into filing a ZERO return get hit with this $500.00 charge.

2. You would address these four FOIA requests to your local Disclosure Officer.

3. Also send a set to the IRS address that is on the civil penalty form.

4. We have not had anyone who has received any of these items on those four FOIA requests back from the Disclosure Office.

   a. They will respond to you that there are no documents responsive to your request.

   b. That admits that the IRS failed to follow Due Process.

5. Those who have sent in these forms in a very timely manner is that they have NOT had that $500.00 stolen from them.
NOTICE OF PENALTY CHARGE

YOU HAVE BEEN CHARGED A PENALTY UNDER SECTION 6702 OF THE INTERNAL REVENUE CODE FOR FILING A FRIVOLOUS RETURN.

Sec. 6702. - Frivolous income tax return

(a) Civil penalty

If -

(1)

any individual files what purports to be a return of the tax imposed by subtitle A but which -

(A)

does not contain information on which the substantial correctness of the self-assessment may be judged, or

(B)

contains information that on its face indicates that the self-assessment is substantially incorrect; and

(2)

the conduct referred to in paragraph (1) is due to

(A)

a position which is frivolous, or

(B)

a desire (which appears on the purported return) to delay or impede the administration of Federal income tax laws, then such individual shall pay a penalty of $500.

(b) Penalty in addition to other penalties

The penalty imposed by subsection (a) shall be in addition to any other penalty provided by law.

Section 8. Master File Codes

1 Transaction Codes

Reference IRM 3(27)(68)0

Transaction Codes (TC) consist of three digits. They are used to identify a transaction being processed and to maintain a history of actions posted to a taxpayer's account on the Master File. Every transaction processed by ADP must contain a Transaction Code to maintain Accounting Controls of debits and credits, to cause the computer at MCC to post the transaction on the Master File, to permit compilation of reports, and to identify the transaction when a transcript is extracted from the Master File. Transaction codes that are unique to IDRS are also included.

Many BMF and IMF Transaction Codes will not be used for IRAF. Also, the definitions of several transaction codes are necessarily changed since there will be no resequencing, offsetting, or computer generated interest. In addition, all refunds will be scheduled manually with the refunds posted to the IRAF using TC 840.

Refer to IRM 3(27)(68)0 for obsolete transaction codes.

Refer to Section 13.06 for pending transaction and merged related codes.

Reversal Codes

An "R" following the transaction code indicates the transaction has been reversed.

Payment or penalty transaction codes with reversal code "3" which are NOT LISTED in this section are actually reversal code "0" transactions. For programming purposes, the "0" has been converted to "3" to indicate the original payment or penalty transactions (or portion of it) which has been reversed. However, for account analysis purposes, the "3" reversal code should be considered as "0".

All transaction codes currently in use are listed on the following pages. Abbreviations used under the heading FILE are as follows: IMF "I", BMF "B", EPMF "E", IRAF "A", and PMF "P". EPMF may be shown twice for certain entity TC. For doc. code 63, they are applied to the entity module; for doc. code 64, applied to the plan data module.

FOIA request concerning the NMF

A. The FOIA request for a NMF can pertain to a IMF or BMF.

B. When you do a FOIA request in this section make sure it is customized for either an IMF or a BMF.

C. Triple check your FOIA request to make sure that it’s filled out correctly.

1. If it is for an IMF make sure all fill in items pertain to an IMF type of request. Check that your name and your SSN are in all the correct places. and that it is dated.

2. Treat the BMF request in the same manner but use the entity name with the EIN in all the correct places. Also, make sure you have the date on it.

D. If you, or the entity have not received a CP-504 or a CP-519 then you probably do not have a NMF (exhibit A from IRM 676).

E. If the Disclosure Officer returns your FOIA request, he will send a form letter telling you why. Just correct your FOIA request and send it back in again. Do not let anything or anyone sidetrack you from doing your FOIA request.

F. This FOIA process is your key to unlocking the IRS’s “BIG DARK CHEST OF SECRETS,” they are hiding from you.

Frivolous Return Penalty

(20)(10)91 General

(1) IRC section 6702 provides for an immediate assessment of a $500 civil penalty against individuals who file frivolous income tax returns or frivolous amended income tax returns. The penalty is not based on tax liability. There does not need to be an underpayment of tax or understatement of liability in order for the penalty to be imposed in addition to any other penalty. The intent of the law is to stop the flow of returns, amended returns, or documents which purport to be returns, that contain altered line items or claim clearly unallowable deductions or credits based on a frivolous position.

(2) The penalty can be asserted on a frivolous Form 1040, Form 1040X Amended Return, Form 843, Claim and others which:

(a) Do not contain sufficient information to judge the correctness of the tax, or
(b) Contain information that on its face indicates the self-assessment is incorrect, and
(c) The conduct referred to in (a) or (b) is due to a position which is frivolous or a desire to delay or impede the administration of the tax laws.

(3) Some of the schemes which may cause the assertion of the penalty are:
   (a) Unallowable deductions such as the gold standard, discounted Federal Reserve Notes and War tax;
   (b) Wages are not income;
   (c) Constitutional claims (i.e., Fourth, Fifth and Sixteenth amendments);
   (d) Invalid returns; and
   (e) Nonprocessable returns.

(4) The frivolous return penalty is not applied against partnerships, corporations or estates.

(5) Statute of Limitations. A frivolous return:
   (a) Does not constitute a valid return when the Service is unable to process the return, therefore, the IRC section 6702 penalty may be assessed at any time.
   (b) Does constitute a valid return when the Service is able to process the return. Therefore, the IRC section 6702 penalty must be assessed within 3 years after the return was filed.

(6) See Exhibit (20)100-7, for the applicable penalty reference numbers.

(20)(10)92 Penalty Computation
(1) The civil penalty is $500 per frivolous document.

(2) A taxpayer can have multiple penalties. However, for a joint return, only one $500 penalty is assessed against the husband and wife, per frivolous document.

(3) See (20)(10)92:3 for LEM XX-(10)00.

(20)(10)93 Assertion

(1) Generally, the service center identifies frivolous returns and assesses the penalty.

(2) If the field receives a return that warrants a frivolous return penalty, the employee should indicate this on a Form 3198, Special Handling Notice, attached to the original return.

(3) A Form 8278, Computation and Assessment of Miscellaneous Penalties, will be completed and used for assessment unless the penalty is related to a joint return. The Non-Master File Assessment Voucher, Form 5734, will be used for the joint assessment of the penalty. See IRM Part IV for further information.

(20)(10)94 Penalty Relief

Taxpayers seeking judicial review of the imposition of the penalty must first pay the entire penalty. A Letter of Disallowance is sent to the taxpayer and the taxpayer can file suit contesting this penalty in the district court or U.S. Court of Federal Claims Court.

(20)(10)(10)0 IRC section 6705

Failure by Broker to

Provide Notice to Payors

(20)(10)(10)1 General

(1) IRC section 6705 provides a $500 penalty for Failure by Broker to Provide Notice to Payors that a payee is subject to backup withholding.

(2) Under IRC section 3406(d)(2)(B), a broker who acquires a readily tradable instrument for a payee (customer) must notify the payor of such instrument within 15 days of the acquisition that the payee is subject to backup withholding if either of the following conditions exist:

(a) The payee fails to furnish the TIN to the broker.

(b) The IRS notifies the broker that the TIN is incorrect.

(c) The payee has not provided the broker with a certification that the payee is not subject to backup withholding, or

(d) The IRS has notified the broker before the acquisition that the payee is subject to backup withholding.

Frivolous Return Penalty

(20)(10)91 General

(1) IRC section 6702 provides for an immediate assessment of a $500 civil penalty against individuals who file frivolous income tax returns or frivolous amended income tax returns. The penalty is not based on tax liability. There does not need to be an underpayment of tax or understatement of liability in order for the penalty to be imposed in addition to any other penalty. The intent of the law is to stop the flow of returns, amended returns, or documents which purport to be returns, that contain altered line items or claim clearly unallowable deductions or credits based on a frivolous position.

(2) The penalty can be asserted on a frivolous Form 1040, Form 1040X Amended Return, Form 843, Claim and others which:

(a) Do not contain sufficient information to judge the correctness of the tax, or
(b) Contain information that on its face indicates the self-assessment is incorrect, and
(c) The conduct referred to in (a) or (b) is due to a position which is frivolous or a desire to delay or impede the administration of the tax laws.

(3) Some of the schemes which may cause the assertion of the penalty are:

(a) Unallowable deductions such as the gold standard, discounted Federal Reserve Notes and War tax;
(b) Wages are not income;
(c) Constitutional claims (i.e., Fourth, Fifth and Sixteenth amendments);
(d) Invalid returns; and
(e) Nonprocessable returns.

(4) The frivolous return penalty is not applied against partnerships, corporations or estates.

(5) Statute of Limitations. A frivolous return:

(a) Does not constitute a valid return when the Service is unable to process the return, therefore, the IRC section 6702 penalty may be assessed at any time.

(b) Does constitute a valid return when the Service is able to process the return. Therefore, the IRC section 6702 penalty must be assessed within 3 years after the return was filed.

(6) See Exhibit (20)100-7, for the applicable penalty reference numbers.

(20)(10)92 Penalty Computation
1) The civil penalty is $500 per frivolous document.

2) A taxpayer can have multiple penalties. However, for a joint return, only one $500 penalty is assessed against the husband and wife, per frivolous document.

3) See (20)(10)92:3 for LEM XX-(10)00.

(20)(10)93 Assertion

1) Generally, the service center identifies frivolous returns and assesses the penalty.

2) If the field receives a return that warrants a frivolous return penalty, the employee should indicate this on a Form 3198, Special Handling Notice, attached to the original return.

3) A Form 8278, Computation and Assessment of Miscellaneous Penalties, will be completed and used for assessment unless the penalty is related to a joint return. The Non-Master File Assessment Voucher, Form 5734, will be used for the joint assessment of the penalty. See IRM Part IV for further information.

(20)(10)94 Penalty Relief

Taxpayers seeking judicial review of the imposition of the penalty must first pay the entire penalty. A Letter of Disallowance is sent to the taxpayer and the taxpayer can file suit contesting this penalty in the district court or U.S. Court of Federal Claims.

Failure by Broker to
Provide Notice to Payors

(20)(10)(10)1 General

1) IRC section 6705 provides a $500 penalty for Failure by Broker to Provide Notice to Payors that a payee is subject to backup withholding.

2) Under IRC section 3406(d)(2)(B), a broker who acquires a readily tradable instrument for a payee (customer) must notify the payor of such instrument within 15 days of the acquisition that the payee is subject to backup withholding if either of the following conditions exist:

(a) The payee fails to furnish the TIN to the broker.

(b) The IRS notifies the broker that the TIN is incorrect.

(c) The payee has not provided the broker with a certification that the payee is not subject to backup withholding, or

(d) The IRS has notified the broker before the acquisition that the payee is subject to backup withholding.

Exhibit H
Frivolous Return Penalty

(20)(10)91 General

(1)IRC section 6702 provides for an immediate assessment of a $500 civil penalty against individuals who file frivolous income tax returns or frivolous amended income tax returns. The penalty is not based on tax liability. There does not need to be an underpayment of tax or understatement of liability in order for the penalty to be imposed in addition to any other penalty. The intent of the law is to stop the flow of returns, amended returns, or documents which purport to be returns, that contain altered line items or claim clearly unallowable deductions or credits based on a frivolous position.

(2)The penalty can be asserted on a frivolous Form 1040, Form 1040X Amended Return, Form 843, Claim and others which:

(a) Do not contain sufficient information to judge the correctness of the tax, or
(b) Contain information that on its face indicates the self-assessment is incorrect, and
(c) The conduct referred to in (a) or (b) is due to a position which is frivolous or a desire to delay or impede the administration of the tax laws.

(3) Some of the schemes which may cause the assertion of the penalty are:

(a) Unallowable deductions such as the gold standard, discounted Federal Reserve Notes and War tax;
(b) Wages are not income;
(c) Constitutional claims (i.e., Fourth, Fifth and Sixteenth amendments);
(d) Invalid returns; and
(e) Nonprocessable returns.

(4) The frivolous return penalty is not applied against partnerships, corporations or estates.

(5) Statute of Limitations. A frivolous return:

(a) Does not constitute a valid return when the Service is unable to process the return, therefore, the IRC section 6702 penalty may be assessed at any time.

(b) Does constitute a valid return when the Service is able to process the return. Therefore, the IRC section 6702 penalty must be assessed within 3 years after the return was filed.

(6) See Exhibit (20)100-7, for the applicable penalty reference numbers.

(20)(10)92 Penalty Computation
(1) The civil penalty is $500 per frivolous document.

(2) A taxpayer can have multiple penalties. However, for a joint return, only one $500 penalty is assessed against the husband and wife, per frivolous document.

(3) See (20)(10)92:3 for LEM XX-(10)00.

(20)(10)93 Assertion

(1) Generally, the service center identifies frivolous returns and assesses the penalty.

(2) If the field receives a return that warrants a frivolous return penalty, the employee should indicate this on a Form 3198, Special Handling Notice, attached to the original return.

(3) A Form 8278, Computation and Assessment of Miscellaneous Penalties, will be completed and used for assessment unless the penalty is related to a joint return. The Non-Master File Assessment Voucher, Form 5734, will be used for the joint assessment of the penalty. See IRM Part IV for further information.

(20)(10)94 Penalty Relief

Taxpayers seeking judicial review of the imposition of the penalty must first pay the entire penalty. A Letter of Disallowance is sent to the taxpayer and the taxpayer can file suit contesting this penalty in the district court or U.S. Court of Federal Claims.

(20)(10)(10)0 IRC section 6705

Failure by Broker to Provide Notice to Payors

(20)(10)(10)1 General

(1) IRC section 6705 provides a $500 penalty for Failure by Broker to Provide Notice to Payors that a payee is subject to backup withholding.

(2) Under IRC section 3406(d)(2)(B), a broker who acquires a readily tradable instrument for a payee (customer) must notify the payor of such instrument within 15 days of the acquisition that the payee is subject to backup withholding if either of the following conditions exist:

(a) The payee fails to furnish the TIN to the broker.

(b) The IRS notifies the broker that the TIN is incorrect.

(c) The payee has not provided the broker with a certification that the payee is not subject to backup withholding, or

(d) The IRS has notified the broker before the acquisition that the payee is subject to backup withholding.

CP-2000

A. CP-2000 is an audit by an unresponsive, uncaring machine, a machine that is not only indifferent, but also startlingly inaccurate.

B. This year, some 3.5 million Americans will be caught in an IRS web of inept technology.

1. They will receive a CP-2000 notice and you may be one of them.
   a. We refer you back to the contents in the GAO report in the September “VIP Dispatch.”

C. Like robots, your employers, brokers and banks respond with divine devotion to the IRS call for information concerning you.

1. They absolutely cannot wait to report your wages, commissions, interest, dividends, stock, real estate sales, etc. They get to deduct these items.

2. All that information that is turned over from all those entities to the IRS is then entered in the IRS machine which uses all that information for a end of the year document match.

D. The purpose of that document match is for the IRS to discover any unreported income.

1. Any discrepancy between the income shown on a tax return and the amount reported on information returns results in a notice of additional tax due.

2. This IRS procedure is actually a massive secret audit of 40 plus percent of all taxpayers

E. How you respond to that CP-2000 in your mailbox.

1. The CP-2000 is merely a proposed increased in your tax.

2. DO NOT assume that the CP-2000 figures are anywhere near being correct.

3. These CP-2000 have error rates as high as 50 percent.

F. After the IRS sends you a CP-2000 it is then up to you correct any mistakes, according to the IRS to.
1. The IRS machine cannot reason it can only compare.

2. Banks, stock brokerages, firms and anyone else who sends in a 1099 pertaining to you are often incorrect.

3. Your W-2 statements can also be incorrect.

4. Some of the more common problems, for instance, are when a bank credits the wrong amount or someone else’s amount to your account, rolls your child’s trust account over on you, or transposes a digit of a SSN.

5. IRS data-entry often triggers a CP-2000 Notice when they punch in incorrect amounts, or incorrect SSN’s.

6. But it is your duty to correct any of these wrongs.

7. GOOD LUCK. As some of you have already found out – it’s not easy.

G. You do not have to pay any additional tax if the CP-2000 is wrong.

1. But you do need to send them a letter telling them why their figures are wrong.

H. If you cannot solve the problem by corresponding you can request a meeting with an auditor or an appeals officer.

1. If they grant you this conference it will be held in your local district office.
WE ARE PROPOSING CHANGES TO YOUR 1996 TAX RETURN

We are proposing changes to your 1996 income tax return because information you reported does not match what was reported to us by your employers, banks, and/or other payers. We have no record of receiving your reply to our previous notice. Therefore, we propose to increase your tax. As a result of this change, you will owe us $_______. See our proposed changes on Page 2 and the detailed information beginning on page 3.

Please compare your records with the payer information. It shows the information that we used for our proposed changes. To assist you in reviewing your return, the payer information may show both reported and unreported amounts. However, the proposed changes shown on page 2 are based on the unreported amounts only.

If you AGREE with our Proposed Changes:

- Check Box A on the response page at the end of this notice.
- Sign and date the total agreement statement, and
- Send us the response page in the enclosed envelope.
- If possible, enclose your payment in full. If you cannot pay the entire amount, you can request an installment agreement by completing the last page of this notice.

If you DISAGREE with our Proposed Changes:

- Check Box B on the response page at the end of this notice.
- Enclose a signed statement explaining each change you disagree with and why you disagree.
- Include any supporting documents you wish us to consider, and
- Send us the response page with your statement and supporting documents in the enclosed envelope.

It is important that we receive your response by _____/19xx. If we do not receive your response, we will conclude that our proposed changes are correct. Then we will send you a Notice of Deficiency followed by a bill for the proposed amount you owe including tax and any penalties plus additional interest.
**IDRS Notice and TDI's**

A. Exhibit A, Normal Cycling of IDRS Notices and TDI’s, the top section shows IMF and BMF first notice, CP 575 MF Status 02.

1. What they show here is that after the CP-515 Notice 8 weeks later you are supposed to receive the fourth Notice CP-518.

   a. However don’t hold your breath in great expectations of receiving a CP-516 or a CP-517, as it seems they have forgotten that they are supposed to send those notices out.
   
   b. If you receive a CP-515 Notice do not be surprised if you receive a CP-518 in the following two or three weeks.

2. The next section shows the BMF and then the EPMF procedures, which you can study for yourself.

B. Exhibit B, timing of Balance Due Notices and TDA cycles.

1. First section IMF, Master File CP, Status 21.

   a. ISRS 501, Status 20, again do not hold your breath waiting to get a CP-501 notice.
   
   b. Then it shows IDRS 503, Status 56, then IRRS 504 Status 56, then a IDRS 504 Status 58 then 6 weeks they put into a TDA status 22, 24, or 26.
   
   c. At the end of the line it shows a TDA status 26 code which will be posted to your IMF or BMF.
   
   d. If you find a 26-status code on the last page of your IMF it means that the IRS is getting ready to try and to real mean nasty things to you so keep your eyes open.

2. The next section is for a BMF, the following section is the IRAF, and then the next section is the NMF.

   a. The Non-Master File is a strange creature that the IRS has created and can be very exclusive document to get your mitts on. But every once in awhile someone will receive one.
   
   b. They are supposed to create a NMF in a number of procedures they use but they just don’t seem to be able to follow their one procedures.

IMPORTANT!

Immediate Action is required

A. If you have received this notice, it means you have ignored the initial tax bill (CP-14) or your case is back in collection after being declared "currently not collectible" for a while. If you owe for more than one tax period, you will receive one of these notices for each year. This is one of the statutory notices. You will receive this notice even if you have made arrangements to make installment payments or you have been placed in a "hardship" status. It will say on the face of it to ignore it if you have entered into an installment agreement or paid the balance. But you still need to send them a letter telling them that.

B. The top right of the notice will indicate the date of the notice, the primary social security number or employer ID and, in most cases, a Caller ID number. The middle of the notice will describe the type tax and tax period involved. It will also show any interest and penalties accrued since your last notice.

C. If you agree with the amount but are unable to pay it all right now there are several options. If you owe no other tax, the amount due is less than $25,000, and you can pay the balance off in 60 months or less - call the number listed at the top right of the notice and make arrangements with them. You can specify the day of the month you want to make payments. You will be advised to pay it off as soon as possible, however, you may ask them what the minimum payment is to pay off the balance in 60 months. If the amount is more than you can handle or the technician refuses to give you that option - select one of the options below.

D. One caution -- if the taxes are 941 (payroll) taxes from your employee's withholding, you have a very different problem and might want to seek professional help as soon as possible, unless you are in a position to pay the liability within 30 days.

E. If you ignore this notice, you will receive a CP-504 via certified mail in the next two to four weeks.

F. Top right hand corner of Exhibit A, item 1, it says Notice Number CP-503.

1. What do you, or should you, know about this CP-503?
a. Section 9, page 1 of the IRM 6209, ADP tells us very clearly that a CP two digit number is for an IMF and a CP three digit number is for a BMF.

2. Refer to the IMF Operations Manual # 9 and the BMF Operations Manual #10 on our literature list.

a. They show CP 2-digit for an IMF and CP 3-digit for an BMF.

G. Exhibit A, item 2, it will list a SSN. If you have received your IMF and we have decoded it for that year and your IMF shows a VAL-1, then the SSN is not valid for the taxpayer using it, Exhibit C and Exhibit D. This is their wording from their Internal Revenue Manual 6209 ADP Manual.

2. Exhibit D comes out of the ADP System Manual. (Automated Data Processing)

3. So, is this really your SSN or is some entity using your SSN to input fictions items into your file thus tricking or triggering the IRS Machine to send you notices like the CP-503?

H. Item 3, have you responded in the past to any other correspondence they sent to you? If so, you may have another Exhibit depending upon how you responded.

I. Penalties and Interest, item 4, this is the point at which you want to start sending in all those requests for all those IRS forms that they were supposed to create before tacking on any penalties or interest.
IMPORTANT
Immediate action is required.

We previously wrote to you about your unpaid account, but you haven't contacted us about it. Penalties and interest on the unpaid balance are continuing to increase. Please pay the amount you owe within ten days from the date of this notice. If you can't pay now, call us at the number shown below. You may be qualified for an installment agreement or payroll deduction agreement. We want to help you resolve this bill. However, if we don't hear from you, we will have no choice but to proceed with steps required to collect the amount you owe. If you already paid your balance in full or arranged for an installment agreement, please disregard this notice.

Internal Revenue Service
PHILADELPHIA, PA 19255-0030
**CP-504 Urgent Notice-Balance Due**

A. ATTENTION: This Notice is not what a number of others out in hitherland will tell you it is.

1. If you read it closely, what this notice really says is that the IRS intends to issue a levy against your state tax refund because you still have a balance due on one of your tax accounts.

2. In Order to Levy or Lien anything else the IRS is first supposed to send you several other notices.

3. What they will do is to start searching for other assets that they can attack.

4. If you sit on this notice and do nothing they will levy your state tax refund and usually start the process to file a Notice of a Federal Tax Lien.

B. If you ignore this notice, your case will be transferred from Taxpayer Service to Automated Collections (ACS).

1. If you ignore this notice, the next notice you will receive will usually be a letter 2050.

2. The 2050 letter will not come certified and you will receive it about five to six weeks after you receive the CP-504.

C. We now refer you back to the CP-503 and item 1 on Exhibit A, the CP-504 Notice.

1. The Computer Paragraph three-digit set of numbers are for a BMF and not an IMF.

2. If you spend the time to study the CP-504 Notice using IRM-3 you will find it is actually to be used for an entity with an excise tax liability.

   a. Do you have an excise tax liability?

3. Exhibit A, item 2, SSN/EIN refer back to the CP-503 Notice.

4. Item 3, the CP-504 Notice refers to IRC 6331(d) Exhibit B, 1 of 3, at the bottom of the page, requirement of notice before levy.

   a. Section 6331(d) goes over to Exhibit B, 3 of 3 which includes large (E) and large (F), all of which you can gleefully read for yourself.
D. If we go to Exhibit C, Parallel authorities for 26 USC 6331 from the CFR, amazingly you will find it takes us to 27 CFR part 70 not 26 CFR anywhere.

E. Hop over to Exhibit D, which comes out of the IRS 7130 Manual. Under FORMS we find 4840(c).

1. Final Notice- TDA (CP-504). This is a Non-Master File final notice before seizure (CP-504) and is used to notify taxpayer of an unpaid delinquent account.

2. If you receive a CP-504 notice you will want to refer back to the March "VIP Dispatch" concerning NMF and send in those FOIA request to your local Disclosure Officer.

3. How could they send you a CP-504 without first creating all the necessary forms that allowed the CP-504 to issue in the first place.

VIOLATION OF PROCEDURE

WHERE ARE THOSE MISSING DOCUMENTS?
Urgent!!

We intend to levy on certain assets. Please respond NOW.
(To avoid additional penalty and interest, pay the amount you owe within ten days from the date of this notice.)

Our records indicate that you haven't paid the amount you owe. The law requires that you pay your tax at the time you file your return. This is your notice, as required by Internal Revenue Code Section 6331(d), of our intent to levy (take) any state tax refunds that you may be entitled to if we don't receive your payment in full. In addition, we will begin to search for other assets we may levy. We can also file a Notice of Federal Tax Lien, if we haven't already done so. To prevent collection action, please pay the current balance now. If you've already paid, can't pay, or have arranged for an installment agreement, it is important that you call us immediately at the telephone number shown below.

Sec. 6331. - Levy and distraint

(a) Authority of Secretary

If any person liable to pay any tax neglects or refuses to pay the same within 10 days after notice and demand, it shall be lawful for the Secretary to collect such tax (and such further sum as shall be sufficient to cover the expenses of the levy) by levy upon all property and rights to property (except such property as is exempt under section 6334) belonging to such person or on which there is a lien provided in this chapter for the payment of such tax. Levy may be made upon the accrued salary or wages of any officer, employee, or elected official, of the United States, the District of Columbia, or any agency or instrumentality of the United States or the District of Columbia, by serving a notice of levy on the employer (as defined in section 3401(d)) of such officer, employee, or elected official. If the Secretary makes a finding that the collection of such tax is in jeopardy, notice and demand for immediate payment of such tax may be made by the Secretary and, upon failure or refusal to pay such tax, collection thereof by levy shall be lawful without regard to the 10-day period provided in this section.

(b) Seizure and sale of property

The term "levy" as used in this title includes the power of distraint and seizure by any means. Except as otherwise provided in subsection (e), a levy shall extend only to property possessed and obligations existing at the time thereof. In any case in which the Secretary may levy upon property or rights to property, he may seize and sell such property or rights to property (whether real or personal, tangible or intangible).

(c) Successive seizures

Whenever any property or right to property upon which levy has been made by virtue of subsection (a) is not sufficient to satisfy the claim of the United States for which levy is made, the Secretary may, thereafter, and as often as may be necessary, proceed to levy in like manner upon any other property liable to levy of the person against whom such claim exists, until the amount due from him, together with all expenses, is fully paid.

(d) Requirement of notice before levy
(1) In general
Levy may be made under subsection (a) upon the salary or wages or other property of any person with respect to any unpaid tax only after the Secretary has notified such person in writing of his intention to make such levy.

(2) 30-day requirement
The notice required under paragraph (1) shall be -

(A) given in person,

(B) left at the dwelling or usual place of business of such person, or

(C) sent by certified or registered mail to such persons's last known address,
no less than 30 days before the day of the levy.

(3) Jeopardy
Paragraph (1) shall not apply to a levy if the Secretary has made a finding under the last sentence of subsection (a) that the collection of tax is in jeopardy.

(4) Information included with notice
The notice required under paragraph (1) shall include a brief statement which sets forth in simple and nontechnical terms -

(A) the provisions of this title relating to levy and sale of property,

(B) the procedures applicable to the levy and sale of property under this title,

(C) the administrative appeals available to the taxpayer with respect to such levy and sale and the procedures relating to such appeals,

(D) the alternatives available to taxpayers which could prevent
(E) levy on the property (including installment agreements under section 6159),

and

(F) the procedures applicable to the redemption of property and the release of a lien on property under this title.

(e) Continuing levy on salary and wages

The effect of a levy on salary or wages payable to or received by a taxpayer shall be continuous from the date such levy is first made until such levy is released under section 6343.

(f) Uneconomical levy

No levy may be made on any property if the amount of the expenses which the Secretary estimates (at the time of levy) would be incurred by the Secretary with respect to the levy and sale of such property exceeds the fair market value of such property at the time of levy.

(g) Levy on appearance date of summons

(1) In general

No levy may be made on the property of any person on any day on which such person (or officer or employee of such person) is required to appear in response to a summons issued by the Secretary for the purpose of collecting any underpayment of tax.

(2) No application in case of jeopardy

This subsection shall not apply if the Secretary finds that the collection of tax is in jeopardy.

(h) Continuing levy on certain payments

(1) In general

If the Secretary approves a levy under this subsection, the effect of such levy on specified payments to or received by a taxpayer shall be continuous from the date such levy is first made until such levy is released. Notwithstanding section 6334, such continuous levy shall attach to up to 15 percent of any specified payment due to the taxpayer.

(2) Specified payment

For the purposes of paragraph (1), the term "specified payment"

Exhibit D
What are the Definitions of the words or terms used on the CP-504 Notices?

A. **Account Summary**: What account is this a summary of? Who opened the account? When was the account opened? Answers to these questions will assist in a proper response to any future communication regarding this matter. This an account for a debt.

B. **Certain assets**: Are these the assets that may be taken? How can assets be identified for taking without a clear determination of liability? Under what authority can these assets be taken?

C. **Current Balance**: How is a balance calculated without the determination of a liability? Who determined the balance? Will this amount be found in the Individual Master File?

D. **Form 1040**: It is our understanding that the purpose of a 1040 is to obtain a refund, claim a filing status, a credit, an exemption or a deduction of some kind. Doesn’t the use of form 1040 establish a federal income tax by expressing taxable income in terms of gross income minus the deductions in Chapter One of the IRC, in accordance with 26 USC Section 63? Did you “knowingly” declare that?

E. **Intend**: The dictionary definition is “to have in mind as a purpose or goal.” Use of this word does not indicate a definiteness of purpose. The absence of a liability indicates an attempt to trick or coerce the acceptance of a non-existent claim.

F. **Interest**: What provision of law permits interest to be charged on this specific liability?

G. **Last Payment**: How are payments made on a liability that is not determined?

H. **Penalty**: What authority exists to charge a penalty? Please cite the authority that will be used to claim that a penalty should be imposed.

I. **Tax Period**: What tax is identified by a single date? What occurred on that date?
J. To Levy: Random House Dictionary states: levy means to seize or attach property by judicial order; 7701 (21) IRC states the term “levy” includes the power of distraint and seizure by any means. Distraint and seizure are used to take distillation equipment in federal excise collection cases. What authority do IRS agents have to take any property in an income tax collection? Internal revenue Service personnel appear to have no power to collect federal income taxes because the individual members of the co-equal branches of the federal government are submitting voluntarily to income taxation. Congress, the President and the federal judiciary have consented to subject their compensation to income taxation. The Constitution was amended in 1913 to permit Congress to tax the incomes of the individual member of the branches of the national government power.

K. We: I and the rest of a group that includes me. Who is the I? What is the group? Is it Internal Revenue Service? And if it is, to which government does it pertain? What is the group? Is it the Department of Treasury? If it does, to which government does it pertain?

L. To avoid additional late payment penalty and interest, pay your overdue liability now: This phrase is taken to mean that if a liability exists a prompt payment would stop additional late payments. The use of “your overdue liability” makes it clear.

M. We intend to levy on certain assets. Please respond NOW. (To avoid additional late payment penalty and interest, pay your overdue liability now). Your claimed intention to levy indicates that you believe I have in my possession assets belonging to clients upon whom you also believe you have power to seize or, as you state “take.” This asserted authority confirms that you believe these clients to be “individuals” referred to in 26 USC 6331 (a). Your assertions are incorrect for the following reasons:

1. Our records indicate that you haven’t paid the amount you owe. “Our records” do not clearly describe the documents your claim show....

2. The law requires that you pay your tax at the time you file your return. What law requires what payment? Imprecise allusions to the “law” does not create....
3. This is your notice, as required by Internal Revenue Code Section 6331 (d), or our intent to levy (take) any state tax refunds that you may be entitled to if we don’t receive your payment in full. Your vague reference to your notice” again establishes that no bona fide and legal Notice exists. The lack of reference to a definite government or country on the IRS letter indicates....

4. In addition, we will begin to search for other assets we may levy. The Internal Revenue Service may only levy on property in its possession, if the IRS had a certified assessed tax, the IRS could proceed to collect the tax in the same way....

5. We can also file a notice of Federal Tax Lien, if we haven’t already done so. A genuine notice of a federal tax lien could and would only follow the creation and existence of a certified assessed tax (not possible without a collector)....

6. To prevent collection action, please pay the current balance now. This appears to be an attempt to collect a sum of money as a debt that has not been assessed or certified to be a tax...

N. The code is written in a form that appears to command obedience but it is merely directing how a tax is to be paid by a “person liable” or a “person made liable” or if a person who volunteers to pay one.
**Letter 2050**

A. If you have received this notice, it means you owe tax and have ignored previous notices CP-504 or CP-523 or you have delinquent tax returns. You may receive this notice even if you have made arrangements to make installment payments or you have been placed in a "hardship" status. If this is the case, call the number on the notice immediately and advise them. Be sure to write down the name and badge number of the person you speak to as well as the date and time of the call.

B. The top right of the notice will indicate the date of the notice, the primary social security number, or employer ID, and the number to call. The notice will indicate that you have ten days to respond. The second page of the notice will describe the type of tax and tax period(s) involved. If you have filed but not paid taxes, it will also show any interest and penalties accrued since your last notice.

C. If you agree with the amount but are unable to pay it all right now there are several options. If you owe no other tax, the amount due is less than $25,000, and you can pay the balance off in 60 months or less -- call the number listed on the notice and make arrangements with them. You can specify the day of the month you want to make payments. You are advised to pay it off as soon as possible, however, you may ask them what the minimum payment is to pay off the balance in 60 months. If the amount is more than you can handle or the technician refuses to give you that option - select one of the options below.

D. One caution -- if the taxes are 941 (payroll) taxes from your employee's withholding, you have a very different problem and you may want to seek professional help as soon as possible, unless you are in a position to pay the liability within 30 days.

E. If you ignore this notice, the IRS could file returns for you or summons you to appear before them with all your books and records.
Please Call Us About Your Overdue Taxes or Tax Returns

We have no record that you responded to our previous notices. As a result, your account has been assigned to this office for enforcement action, which could include seizing your wages or property. It’s important that we hear from you within 10 days from the date of this letter.

IF YOU AREN’T ABLE TO PAY YOUR OVERDUE AMOUNT IN FULL, please call at one of the telephone numbers listed above. Be ready to tell us what your monthly income and expenses are so we can help you arrange a payment plan.

IF YOU CAN FILE YOUR RETURN WITH FULL PAYMENT, mail it to reach us within 10 days from the date of this letter. IF YOU CAN’T FILE YOUR RETURN WITHIN 10 DAYS, please call one of the telephone numbers listed above. To help us determine if you need to file, be ready to provide us with your filing information. For an individual return, this should include your income, filing status, and total federal taxes withheld. For a business return, this should include wages paid, number of employees, and FTDs made for payroll.

IF YOU WOULD LIKE SOMEONE ELSE to call us for you, we must have a signed statement from you allowing us to disclose your tax information to this person. You should make your statement on Form 2848, Power of Attorney and Declaration of Representative, which you can get from any IRS office. You must send us a copy of the completed form before your representative calls.

*Request for your Tax Return*

A. If you have received this notice, it means you have failed to file a tax return. The type return and tax period will be shown in the upper right corner as well as in the body of the notice. You received this notice because the IRS has reason to think you have a filing requirement and they have received no return.

B. Attached to the notice will be Form 9358. On it, you indicate reasons you think no return was required. If any of these reason seem to apply to you, check one of them, add any appropriate notations and mail it back in the return envelope. If you did file a return, it will be necessary to send a signed copy to them. The burden of proof is on you to establish that you had no filing requirement or that you filed a return.

C. CAUTION: Some people and so called tax protest groups have begun to use this notice and the attached Form 9358 as a means to indicate that they are not required to file a return because of a number of frivolous reasons. If you use this form in this manner -- expect heavy sanctions and misery ahead. There are valid reasons for not having to file a return but most of the arguments put forth by the various so called protest groups even passes the laugh test.

D. After receiving the CP-515, you are supposed to receive a CP-516 then a CP-517, but the IRS will skip those two notices and send you a CP-518, which we will go into in the next section.

E. When you receive a CP-515 letter, how you respond to that notice goes a long way in determining what will happen in the process that follows.
REQUEST FOR YOUR TAX RETURN

We have no record of receiving the following tax return:

Form Number: 1040          Tax Period: ENDING:  12-31-2000
Title:  US INDIVIDUAL INCOME TAX RETURN

The information below has been reported to us by some of your payers and may not be all-inclusive. Please be sure to report all of your income when filing your tax return.

**Special Letter**

A. When you rebut any of the IRS Fictional Prima Facie, Presumptions, you can expect them sometimes to send you a "Special Letter".

B. In the upper left will be the address of what IRS office is sending this to you.
   1. On the right side you will find the mail stop and the IRS person to contact.
   2. Your SSN or EIN will also be on the right side used to identify you.

C. First paragraph is a standard reply.
   1. Second paragraph it says that the Supreme Court has ruled that the Income Tax is constitutional.
      a. We have do not suggest that the Income Tax Laws are not constitutional.
      b. The constitution has nothing to do with the written income tax laws.
      c. We get people all the time that call us and tell us that the Income Tax Laws are unconstitutional.
      d. Where do they get that from anyway?
   2. The income tax laws are constitutional for those to whom they pertain!

D. Look at the next sentence "the Internal Revenue Service is charged with the responsibility for seeing that taxpayers comply with the Internal Revenue Laws."
   1. The last sentence referred to Income Tax Laws and in this next sentence it refers to Internal Revenue Laws so what is the difference?
   2. Income Tax Laws "Vs" Internal Revenue Laws.
   3. The Supreme Court has upheld the Constitutionally of the Income Tax Laws but the Internal Revenue Service Forces taxpayers to comply with the Internal Revenue Laws - not Income Tax laws.
      a. So who actually enforces the Income Tax Laws?
4. This paragraph goes on to refer to civil and criminal penalties.

   a. So who does these penalties actually refer?

   b. Order the IRS Penalty Manual # 8 on our literature list and start reading from the back-forward.

   c. You just might be surprised to discover to whom or what these penalties actually pertain.

5. How about a “who are you FOIA” pertaining to Ms. Kent.
Dear Mr. Britt:

We considered your letter dated May 28, 2002, concerning your income tax liability for the year shown above and found that it does not justify changing our previous determination.

The United States Supreme Court consistently has ruled that the income tax laws are constitutional. The Internal Revenue Service is charged with the responsibility for seeing that taxpayers comply with the internal revenue laws. Persons not filing timely and correct tax returns subject themselves to civil and criminal penalties in addition to their tax liability.

You will receive a notice of deficiency in the near future. This notice allows you 90 days in which to agree with the tax proposed, to provide additional information for consideration, or to file a petition with the United States Tax Court for reconsideration of your tax liability.

Sincerely,

Ms. Kent

Letter 1058
Final Notice
Notice of Intent to Levy and
Notice of your Rights to a Hearing
Please Respond immediately

A. If you have received this notice, it means you owe tax and have ignored the Letter 2050. This is the most serious notice the IRS sends to a taxpayer owing tax. It must be responded to. Otherwise, you will lose appeal rights and they will levy all available sources including, your bank account, wages, customers, etc. You could be left without the ability to pay your rent or buy food and you could have checks you have written bouncing. This type of collection action can be devastating to you and your family.

B. The top right of the notice will indicate the date of the notice, the primary social security number or employer ID, the number to call and possibly a contact name. These notices can be issued automatically by the Automated Collections System (ACS) or by a Revenue Officer. In the body of the notice it will show the type tax, tax periods involved and the amount owed for each period.

C. If you agree with the amount but are unable to pay it all right now there are several options. If you owe no other tax, the amount due is less than $25,000, and you can pay the balance off in 60 months or less -- call the number listed on the notice and make arrangements with them. You can specify the day of the month you want to make payments. You are advised to pay it off as soon as possible, however, you may ask them what the minimum payment is to pay off the balance in 60 months. If the amount is more than you can handle or the technician refuses to give you that option - select one of the options below.

D. One caution -- if the taxes are 941 (payroll) taxes from your employee's withholding, you have a very different problem and may want to seek professional help as soon as possible, unless you are in a position to pay the liability within 30 days.

E. If you contact them and are unable to work out an agreeable arrangement to pay the tax or if it appears it will take more than 30 days to reach an agreement -- you are advised to file Form 12153, which will be included in the 1058 packet, to request a collection due process hearing. It must be sent by the 30th
calendar day following the date of the Letter 1058. If it is not, you forever lose the right to contest the collection action in court. The Form 12153 must be filed with the office that sent the notice to you. When you mail it in you may want to send it return receipt requested.

F. Letter 1058 (DO) is mailed to taxpayer by certified mail to notify you of your unpaid taxes and that the Service intends to levy to collect the amount owed, if it is not paid within 30 days. This letter is required by IRC 6331 before they levy, unless collection is in jeopardy. This 1058 notice will be generated as part of the ICS system.

G. If you get one of these 1058 Notices we suggest you contact us ASAP and request a CDP hearing which is supposed to stop them in their tracks from issuing a lien or levy.

1. They will usually set the hearing within 90 days after receiving the completed 12153 form from you.

2. You then need to be tutored as to the procedures of the hearing.
   a. What you can and cannot do.
   b. What is evidence and what is not evidence?
Final Notice - Notice of Intent to Levy and Notice of Your Right to a Hearing
Please Respond Immediately

You have not paid your federal tax. We previously asked you to pay but we still haven't received full payment. This letter is your notice of our intent to levy under Internal Revenue Code Section (IRC) 6331 and your notice of a right to receive Appeals consideration under IRC 6330. PLEASE CALL US IMMEDIATELY at one of the telephone numbers shown above if you recently made a payment or can't pay the amount you owe.

We may file a Notice of Federal Tax Lien at any time to protect the government's interest. A lien is public notice to your creditors that the government has a right to your interests in your current assets and assets you acquire after we file a lien.

If you don't pay this amount, make alternative arrangements to pay, or request Appeals consideration within 30 days from the date of this letter, we may take your property or rights to property such as real estate, automobiles, business assets, bank accounts, wages, commissions, and other income to collect the amount you owe. See the enclosed Publication 594, Understanding the Collection Process, for additional information about this and see Publication 1660 which explains your right to a hearing. The enclosed Form 12153 is used to request a hearing.

To prevent enforced collection actions, please send us full payment today for the amount you owe shown on the back of this letter. Make your check or money order payable to the United States Treasury. Write your social security number or employer identification number and the tax year on your payment. Send your payment in the enclosed envelope with a copy of this letter.

Time to Start Turning the Tables

A. With all the various procedures we have taught you in this “VIP Dispatch” and the previous issues we want you to get comfortable with being more assertive to protect yourself.

1. Building up your confidence so that you can be successful against whatever the IRS tries to do.

B. Our approach is very different from many others. We want to get you grounded in solid workable procedures that are your basic building blocks so that you can lay a rock solid foundation.

1. By using the FOIA process which is very non-aggressive approach in which there is no risk to you for doing a simple FOIA request however it does build your confidence by providing you with information necessary to protect yourself.

2. When you study the FOIA responses that you receive from the IRS using what you have learned in these “VIP Dispatches” and our Level I, II, and III you should become very adept at spotting where they have falsified your documents.

a. They may create the documents and put them in your file. Those are actually your documents.

b. They may input incorrect entries on those documents or put documents into your file that do not pertain to you.

c. Many times it becomes more important what documents are not in your file or what codes are not posted to your IMF or BMF file.

d. In order for the IRS to perform their dirty deeds against someone they have to doctor up your files in great expectation that you will never realize their great deception.

e. We have a number of people who used to live in fear of getting letters from the IRS and with our assistance they now do not fear those letters and they have retaken control of their lives.

C. We have seen so many others who do seminars or talk on the radio or advertise their services. It’s not that those people do not know what they are doing because many of them do. But they teach very aggressive procedures that few people are prepared to handle such as filing a 1040x to get money back for the last three years.
1. When that 1040x backfires you are left hanging without a clue as to what to do next.
   a. In other words you receive no background and no training as to IRS procedures or what is going to happen when the 1040x fails.
   b. Most of those groups that charge 3, 5, 10, 15, or 20 thousand to join their organization are usually very shallow in teaching any real procedure and rely on others with unproved programs to prop them up.
   c. Most of those promoting those high dollar programs are more concerned with developing methods to sell their high dollar programs rather than concentrating on helping those who need help.

D. The IRS has very predictable procedures and you learn what they are going to do. Our training will help you realize that there are many substantive procedures available to you to counter anything they try to do to you.

E. We are going to put another rabbit in your hat to pull out when you need that little extra.

   1. What we are about to discuss will not work if you do not have any substantive documents that prove that the IRS has falsified those documents.
      a. YOU CANNOT HANG YOUR HAT JUST ON ONE ARGUMENT.
      b. Many of you have either seen or been involved in a one-track argument out there.
      c. The main problem we have with all those arguments is that none of those promoters teach you the basics and we have found many of those promoters do not want you to learn the basics.

F. Go to Exhibit A, Title 31- Money and Finance: Treasury Sec. 0.205 care of documents and data.

   1. Many of you have worked with us have seen these Exhibits before.
a. Employees shall not conceal, remove, destroy, mutilate, or access documents or data in the custody of the Federal Government without proper authority.

b. This includes the documents in YOUR FILE

c. Now how could you find this out if you did not know how to use the FOIA process?

d. How would you know they altered your file if you had not studied with us. How would you know if they have abused YOUR FILE.

e. Do they conceal documents?

f. Do they remove documents?

g. Do they alter documents?

h. Do they destroy documents?

i. Do they mutilate document?

j. Do they access documents without proper authority?

k. How do you prove e through j?

l. How do you document e through j?

m. After you document those violations how do you then prove e through j?

n. How do you put together your complaint?

O. Who do you lodge your complaint with?

3. (b) Employees are required to care for documents according Federal Law and regulation and Department procedure (18 USC 2071, 5 USC 552, 552a).

a. If they tamper with, destroy or fail to turn over your records they have committed are real Federal crimes.

4. (c) The term documents includes, but is not limited to, any writing, recording, computer tape or disk, blueprint, photograph, or other physical object on which information is recorded.

a. Notice it says computer records, which is extremely important. As the IRS FOIA department will sometimes tell you, that they cannot send what you are
asking for because those records are retained in the computer and therefore we cannot provide those records to you.

b. Under Title 5 section 555, they are supposed to give you those records even if they are in the computer.

5. Now the following is a very serious procedure not to be taken lightly or used lightly.

6. We hope you notice that this section is not coming out of title 26 but title 31, which is POSITIVE LAW.

G. Exhibit A, Title 31 –Money and Finance: Treasury, Sec. 0.213 General Conduct prejudicial to the Government.

1. Employees shall not engage in criminal, infamous, dishonest, or notoriously disgraceful conduct, or any other conduct prejudicial to the Government.

2. Now do you think that this just might fit in somewhere?

3. What are they doing when they put false codes in your files or use your file against you knowing that there are false entries in your file?

H. We trust that before you make any allegation or complaint that you first have as many exhibits specific to you as possible documented by specific facts that cannot be rebutted or contradicted.

1. Remember our number one goal is for you to stay out of the courtroom.

2. Under the Administrative-Equity System it is a paperwork battle, not a courtroom battle.

3. There is no reason to do anything stupid that will get you into any trouble.

a. When you whack them over the head with your facts they will be trying to induce you to do something stupid so they can somehow get their mitts on you.

b. And if you are contemplating making a “deal” with them, you should “know” the facts and be able to negotiate from a position of strength. The effective use of knowledge is power.

Subpart D—Advisers to the Department

0.401 Advisers to the Department.

AUTHORITY: 5 U.S.C. 301.

SOURCE: 60 FR 26535, June 1, 1995, unless otherwise noted.

Subpart A—General Provisions

§ 0.101 Purpose.

(a) The Department of the Treasury Employee Rules of Conduct (Rules) are separate from and additional to the Standards of Ethical Conduct for Employees of the Executive Branch (Executive Branch-wide Standards) (5 CFR part 2635) and the Supplemental Standards of Ethical Conduct for Employees of the Department of the Treasury (Treasury Supplemental Standards) (to be codified at 5 CFR part 3101). The Rules prescribe employee rules of conduct and procedure and provide for disciplinary action for the violation of the Rules, the Treasury Supplemental Standards, the Executive Branch-wide Standards, and any other rule, regulation or law governing Department employees.

(b) The Rules are not all-inclusive and may be modified by interpretive guidelines and procedures issued by the Department's bureaus. The absence of a specific published rule of conduct covering an action does not constitute a condonation of that action or indicate that the action would not result in corrective or disciplinary action.

§ 0.102 Policy.

(a) All employees and officials of the Department are required to follow the rules of conduct and procedure contained in the Rules, the Treasury Supplemental Standards, the Executive Branch-wide Standards of Ethical Conduct, the Employee Responsibilities and Conduct (5 CFR part 735), and any bureau issued rules.

(b) Employees found in violation of the Rules, the Treasury Supplemental Standards, the Executive Branch-wide Standards or any applicable bureau rule may be instructed to take remedial or corrective action to eliminate the conflict. Remedial action may include, but is not limited to:

(1) Reassignment of work duties;
(2) Disqualification from a particular assignment;
(3) Divestment of a conflicting interest; or
(4) Other appropriate action.

(c) Employees found in violation of the Rules, the Treasury Supplemental Standards, the Executive Branch-wide Standards or any applicable bureau rule may be disciplined in proportion to the gravity of the offense committed, including removal. Disciplinary action will be taken in accordance with applicable laws and regulations.
and after consideration of the employee's explanation and any mitigating factors. Further, disciplinary action may include any additional penalty prescribed by law.

§0.103 Definitions.
The following definitions are used throughout this part:
(a) Adviser means a person who provides advice to the Department as a representative of an outside group and is not an employee or special Government employee as those terms are defined in §0.103.
(b) Bureau means:
1. Bureau of Alcohol, Tobacco and Firearms;
2. Bureau of Engraving and Printing;
3. Bureau of the Public Debt;
4. Departmental Offices;
5. Federal Law Enforcement Training Center;
6. Financial Management Service;
7. Internal Revenue Service;
8. Legal Division;
11. Office of Thrift Supervision;
12. United States Customs Service;
13. United States Mint;
14. United States Secret Service; and
15. Any organization designated as a bureau by the Secretary pursuant to appropriate authority.
(c) Person means an individual, corporation and subsidiaries it controls, company, association, firm, partnership, society, joint stock company, or any other organization or institution as specified in 5 CFR 2635.102(k).
(d) Regular employee or employee means an officer or employee of the Department of the Treasury but does not include a special Government employee.
(e) Special Government employee means an officer or employee who is retained, designated, appointed, or employed to perform temporary duties either on a full-time or intermittent basis, with or without compensation, for a period not to exceed 130 days during any consecutive 365-day period. See 18 U.S.C. 202(a).
Supplemental Standards and Rules; obtain any necessary legal advice or interpretation from the Designated Agency Ethics Official or a Deputy Ethics Official; and inform employees as to how and from whom they may obtain additional clarification or interpretation of the Executive Branch-wide Standards, Treasury Supplemental Standards, Rules, and any other relevant law, rule or regulation.

(c) Take appropriate corrective or disciplinary action against an employee who violates the Executive Branch-wide Standards, Treasury Supplemental Standards or Rules, or any other applicable law, rule or regulation, and against a supervisor who fails to carry out his responsibilities in taking or recommending corrective or disciplinary action when appropriate against an employee who has committed an offense.

§ 0.107 Employees.

(a) Employees are required to:
(1) Read and follow the rules and procedures contained in the Executive Branch-wide Standards, Treasury Supplemental Standards, and Rules;
(2) Request clarification or interpretation from a supervisor or ethics official if the application of a rule contained in the Executive Branch-wide Standards, Treasury Supplemental Standards, or Rules is not clear;
(3) Report to the Inspector General or to the appropriate internal affairs office of the Bureau of Alcohol, Tobacco and Firearms, Customs Service, Internal Revenue Service, or Secret Service, any information indicating that an employee, former employee, contractor, subcontractor, or potential contractor engaged in criminal conduct or that an employee or former employee violated the Executive Branch-wide Standards or the Treasury Supplemental Standards or Rules. Legal Division attorneys acquiring this type of information during the representation of a bureau shall report it to the appropriate Chief or Legal Counsel or the Deputy General Counsel, who shall report such information to the Inspector General.

(b) The confidentiality of the source of the information reported to the Inspector General or the internal affairs office under this section will be maintained to the extent appropriate under the circumstances.

Subpart B—Rules of Conduct

§ 0.201 Political activity.

(a) Employees may:
(1) Take an active part in political management or in political campaigns to the extent permitted by law (5 U.S.C. 7321-7326); and
(2) Vote as they choose and express their opinions on political subjects and candidates.

(b) Employees may not use their official authority or influence to interfere with or affect election results.

(c) Employees may be disqualified from employment for knowingly supporting or advocating the violent overthrow of our constitutional form of government.

NOTE: The Hatch Act Reform Amendments of 1993 significantly reduced the statutory restrictions on the political activity of most Department employees. However, career members of the Senior Executive Service and employees of the Secret Service, the Internal Revenue Service, Office of Criminal Investigation, the Customs Service, Office of Investigative Programs, and the Bureau of Alcohol, Tobacco and Firearms, Office of Law Enforcement, remain subject to significant restrictions on their political activities.

§ 0.202 Strikes.

Employees shall not strike against the Government.

§ 0.203 Gifts or gratuities from foreign governments.

(a) The United States Constitution prohibits employees from accepting gifts, emoluments, offices, or titles from a foreign government without the consent of the Congress. Congress has consented to an employee accepting intelligence or national security, as covered in Executive Order 12356. Legal Division attorneys acquiring this type of information during the representation of a bureau shall report it to the Deputy General Counsel, who shall report such information to the Inspector General.

(b) The confidentiality of the source of the information reported to the Inspector General or the internal affairs office under this section will be maintained to the extent appropriate under the circumstances.
and retaining a gift from a foreign government that is of minimal value and offered as a souvenir or mark of courtesy, unless otherwise prohibited by bureau regulation (5 U.S.C. 7342). Minimal value is prescribed in 41 CFR part 101-49 and was set at $225.00 on the date that the Rules became effective.

(b) All gifts exceeding minimal value, the refusal of which would likely cause offense or embarrassment or otherwise adversely affect the foreign relations of the United States, shall be accepted and deposited with the Department within sixty days of acceptance. If the gift is travel or expenses for travel taking place entirely outside the United States, it shall be reported within thirty days (see 5 U.S.C. 7342(c)(1)(B)(ii)).

(c) As used in paragraph (b) of this section, Deposit with the Department means delivery to the Department Gift Unit or other depository as authorized by the Treasury Directive on Foreign Gifts (Treasury Directive 61-04).

(3) All foreign gifts must be reported as prescribed in the Treasury Directive on Foreign Gifts (Treasury Directive 61-04).

§0.204 Use of controlled substances and intoxicants.

Employees shall not sell, use or possess controlled substances or intoxicants in violation of the law while on Department property or official duty, or use a controlled substance or intoxicant in a manner that adversely affects their work performance.

§0.205 Care of documents and data.

(a) Employees shall not conceal, remove, alter, destroy, mutilate or access documents or data in the custody of the Federal Government without proper authority.

(b) Employees are required to care for documents according to Federal law and regulation, and Department procedure (18 U.S.C. 2071, 5 U.S.C. 552, 552a).

(c) The term documents includes, but is not limited to, any writing, recording, computer tape or disk, blueprint, photograph, or other physical object on which information is recorded.

§0.206 Disclosure of information.

Employees shall not disclose official information without proper authority, pursuant to Department or bureau regulation. Employees authorized to make disclosures should respond promptly and courteously to requests from the public for information when permitted to do so by law (31 CFR 1.9, 1.10, and 1.28(b)).

§0.207 Cooperation with official inquiries.

Employees shall respond to questions truthfully and under oath when required, whether orally or in writing, and must provide documents and other materials concerning matters of official interest when directed to do so by competent Treasury authority.

§0.208 Falsification of official records.

Employees shall not intentionally make false, misleading or ambiguous statements, orally or in writing, in connection with any matter of official interest. Matters of official interest include among other things: Transactions with the public, government agencies or fellow employees; application forms and other forms that serve as a basis for appointment, reassignment, promotion or other personnel action; vouchers; leave records and time and attendance records; work reports of any nature or accounts of any kind; affidavits; entry or record of any matter relating to or connected with an employee's duties; and reports of any moneys or securities received, held or paid to, for or on behalf of the United States.

§0.209 Use of Government vehicles.

Employees shall not use Government vehicles for unofficial purposes, including to transport unauthorized passengers. The use of Government vehicles for transporting employees between their domiciles and places of employment must be authorized by statute (See, e.g., 31 U.S.C. 1344).

§0.210 Conduct while on official duty or on Government property.

Employees must adhere to the regulations controlling conduct when they are on official duty or in or on Government property, including the Treasury Building, Treasury Annex Building and grounds; the Bureau of Engraving and Printing buildings and grounds; the
United States Mint buildings and grounds; the grounds of the Federal Law Enforcement Training Center; and Treasury-occupied General Services Administration buildings and grounds (see 31 CFR parts 91, 407, 605, 700).

§ 0.211 Soliciting, selling and canvassing.
Employees shall not solicit, make collections, canvass for the sale of any article, or distribute literature or advertising in any space occupied by the Department without appropriate authority.

§ 0.212 Influencing legislation or petitioning Congress.
(a) Employees shall not use Government time, money, or property to petition a Member of Congress to favor or oppose any legislation. This prohibition does not apply to the official handling, through the proper channels, of matters relating to legislation in which the Department of the Treasury has an interest.
(b) Employees, individually or collectively, may petition Congress or Members of Congress or furnish information to either House of Congress when not using Government time, money or property (5 U.S.C. 7211).

§ 0.213 General conduct prejudicial to the Government.
Employees shall not engage in criminal, infamous, dishonest, or notoriously disgraceful conduct, or any other conduct prejudicial to the Government.

§ 0.214 Nondiscrimination.
(a) Employees shall not discriminate against or harass any other employee, applicant for employment or person dealing with the Department on official business on the basis of race, color, religion, national origin, sex, sexual orientation, age, or disability. Sexual harassment is a form of sex discrimination and is prohibited by this section.
(b) An employee who engages in discriminatory conduct may be disciplined under these rules. However, this section does not create any enforceable legal rights in any person.

§ 0.215 Possession of weapons and explosives.
(a) Employees shall not possess firearms, explosives, or other dangerous or deadly weapons, either openly or concealed, while on Government property or official duty.
(b) The prohibition in paragraph (a) of this section does not apply to employees who are required to possess weapons or explosives in the performance of their official duties.

§ 0.216 Privacy Act.
Employees involved in the design, development, operation, or maintenance of any system of records or in maintaining records subject to the Privacy Act of 1974, as amended (5 U.S.C. 552a), shall comply with the conduct regulations delineated in 31 CFR 1.28(b).

§ 0.217 Personal financial interests.
(a) Employees may hold the following financial interests without violating 18 U.S.C. 208(a):
(1) The stocks or bonds of a publicly traded corporation with a value of $1000 or less; and
(2) The stocks or bonds in the investment portfolio of a diversified mutual fund in which an employee has invested.
(b) The Department has found that the financial interests listed in paragraph (a) of this section are too remote and inconsequential to affect the integrity of an employee’s service.

Subpart C—Special Government Employees

§ 0.301 Applicability of subpart B.
The rules of conduct contained in subpart B of this part apply to special Government employees employed with the Treasury Department. The regulations contained in § 0.201 of subpart B, concerning political activity, apply to special Government employees only on the days that they serve the Department. Treasury bureaus are responsible for informing special Government employees employed with them of the applicability of bureau specific statutes or regulations.
Many of you know about our extensive literature list at www.irsdecoder.com but many of you may not be aware of some of the other services we offer.

1. Decoding of your IMF or BMF.

In this area we have developed a computer program that encompasses the Internal Revenue Manual 6209, the Law Enforcement Manual III, and information from a number of other manuals. We input information from your file and let the computer go to work. Everything the computer generates is directly out of their manuals. We are not aware of any IMF's or BMF's that we have decoded that have been rebutted by the IRS. Also a FOIA request for each of the DLN's contained in that file is generated. What we strive to do is to decode your file and take you to the next level of understanding your records. We have decoded hundreds of years of IMF / BMF files, so you also have our wealth of experience in this area.

2. Rebuttal Letters back to the IRS

These letters are designed to address the issues that personally pertain to you. We have been dealing with the administrative process for over 20 years. We have taken courses on how to construct these rebuttal letters so they will be as effective as possible. The topics of these rebuttal letters include:

- CP-515 to CP-518
- CP-501 to CP-504
- Letter 1862
- Notice of Deficiency
- 1058-Intent to Levy
- Notice of Levy
- Notice of Determination

These are some of the main issues in this area with which we can help you. Using this rebuttal information we help you assemble the evidence so you can mail it to all the proper parties, thus building your administrative file inside the IRS. Please remember, if you do not rebut timely, the IRS will have the upper hand.

3. 2039 or 7210 Summons

We can help you in this area too.
4. Typing service

We also provide a typing service that helps you construct Motions, Notices, and other types of paperwork that can help you if you go to court.

5. “Collection Due Process Hearing”

We have helped hundreds of people with Collection Due Process Hearings. We suggest that you always attend any meeting the IRS wants to have with you. We can help you to be as prepared as possible for those hearings.

6. Summons Hearings For Books and Records

There are several ways the IRS will try to induce you in turning over your books and records and if you are not aware of their traps you could be in danger. We can educate you about those traps and never have to turn any books and records if they refuse to follow their proper procedures.

7. Is the IRS after your trust or corporation

Contact us to learn affirmative steps you can use.

We have put together an overall program that is designed to help eliminate the possibility of an indictment. Because of our experience in dealing with the IRS many of the procedures that we help you with are designed for the long run not just short term. We do not want anyone going to jail or getting their property stolen by the IRS.

We don’t like the administrative equity system as it is now being administered, but we have helped people win a number of cases by knowing how to use it and how to apply it. Don’t get side tracked on minor issues. Learn to approach the major issues with on point paperwork.

Sincerely yours,

Pastor Richard Standring
